**Bowker's Complete Video Directory**, 2000      *Hallucinating the End of History* Eric Cunningham, 2007 This monograph explores and describes the historical continuities and relationships between 20th c Zen Buddhism the postwar psychedelic movement and postmodern eschatology In general terms and this is a rich complex study the work is a critique of modernization theory as a way of viewing history and suggests the modern epoch like the Greco Roman world before it will only end when the modern world ends Accordingly many postmodern movements seek to end modernity through violent action Germany and Japan in WW11 etc while others seek to bring to an end modern consciousness e g the psychedelic movement which posed a major historical challenge to bourgeois morality values and modes of experiencing space and time The core of the study is a critique of the historical philosophy of Japan s greatest modern philosopher Nishida Kitaro and in particular his historical eschatology Cunningham examines the Zen based metaphysics of Nishida s thought and links this to historical resonances between the philosopher 20th c Zen Buddhism The West s leading theorist DT Suzuki was a friend of Nishida and the psychedelic New Age movement which as sought to achieve authentic experience outside of history History and Ideas Series No 2 This work is a valuable addition to research library collections that focus on Japan 20th alternative movements Zen and or the philosophy of history Dr Elizabeth Koda      Spirit Matters Philip Gabriel, 2006-02-28 Spirit Matters is a ground breaking work the first to explore a broad range of writings on spirituality in contemporary Japanese literature It draws on a variety of literary works from enormously popular fiction Miura Ayako s Hy ten and Shiokari Pass and the novels of Murakami Haruki to more problematic serious fiction e Kenzabur s Somersault to nonfiction meditations on martyrdom and miracles Sono Ayako s Kiseki and the dynamics of religious cults Murakami s interviews with members of Aum Shinriky in Underground The first half of the volume focuses on the work of two women Christian writers Miura Ayako and Sono Ayako Combining a decidedly evangelistic bent with the formulas of the popular novel Miura s 1964 novel Hy ten Freezing Point and its sequel are entertaining perennial bestsellers but also treat spiritual issues like original sin that are largely unexplored in modern Japanese literature Sono s Kiseki Miracles and Miura s Shiokari Pass focus on the meaning of self sacrifice and the miraculous and survey both the paths by which people come to faith and the spiritual doubts that assail them Perhaps most striking for Western readers Gabriel reveals how Miura s novel shows the lingering resistance to Christianity and its oppositional nature in Japan and how in Kiseki Sono considers the kind of spiritual struggles many Japanese Christians experience as they try to reconcile their belief in a minority faith      **Oliver Stone's America** Susan Mackey-kallis, Susan Mackey Kallis, 2019-05-28 This book represents an illustrated critical analysis of filmmaker Oliver Stone and his works placing him in the tradition of American political artists Oliver Stone polemicist leftist artist and surprisingly for politically conservative America mainstream director is one of the most controversial American filmmakers in Hollywood His films i      Insights to Finding Spiritual Peace Lex Adams, 2022-02-17 Are you hungry for more of God Do you seek a

mile to the west of the Sphinx are in fact a precise map of the three stars of Orion's belt formed in fifteen million tons of solid stone. Are these monuments trying to tell us something? And if so, what? In *The Message of the Sphinx*, Robert Bauval and Graham Hancock present a tour de force of historical and scientific detective work that unravels the millennial code embodied in these structures. Using sophisticated computer simulations of ancient skies, they unravel the riddle of the Sphinx, and they present a startling new theory concerning the enigmatic Pyramid Texts and other archaic Egyptian scriptures. Their discoveries lead the authors to this question: Does mankind have a rendezvous with destiny, a rendezvous not in the future but in the distant past at a precise place and time? The secrets can be kept no longer. *The Message of the Sphinx* brings them to light. *The New Church Messenger*, 1853. *The Answer: Mystery Of The Truth*, Craig Cox, **Mental Healing Made Easy**. Villette H. White, 1998-09. P. P. Quimby was one of the first to use mental healing, and then followed Mary Baker Eddy, Christian Science. Since then, hundreds of different teachers have taught and practiced mental healing with unusual results. Contents: The Aim, The Larger Hope, Nervous Control of the Body, Training of the Will, Place of the Will in Mental Healing, Education of the Lower Brain, Physiological Basis of Will, Cure, Rise Ground of Our Hope, Spiritual Aspect, Health Through Self Control, Modus Operandi, Practical Suggestions, Scope of the Work and Its Limitations, Conclusions. **Mirrors in the Earth**. Asia Suler, 2022-06-28. An award-winning nature therapy session for the soul encounters the benevolence of the living world through 12 essays on the Earth healing powers of self-compassion and empathy. When healing is needed at the deepest level, nature will always call us back home, not only to the oak woods or water-filled coves but to the homes within ourselves. In a series of 12 lyrical nature essays, herbalist writer and Earth intuitive Asia Suler illuminates the healing power of the living Earth and gives us permission to nurture self-compassion and empathy as forces for personal and ecological healing. In a time of unprecedented ecological devastation, it's easy to feel hopeless and disconnected. It's easier still to mask our inherent goodness, to imagine that our unique and precious gifts are simply not enough, or to forget the power of our inborn empathy. For those of us who are highly sensitive, innately attuned to the workings and whispers of the natural world, it can be hard to embody the belief that we are enough as we are, and that we can heal the Earth. Here, Suler reveals the opposite: our goodness, our empathy, our intuitive connections, and our capacity for self-compassion are more than personal traits or antidotes to despair; they are in fact our most potent vehicles for planetary transformation. And as we learn to more deeply nurture and accept ourselves, we unlock living healing connections to Earth. Combining poetic nature writing with exercises and reflection prompts at the end of each essay, *Mirrors in the Earth* coaxes us to come as we are to discover and tend the inherent brilliance and medicine that lives in each of us. From the manatee calm springs of wild Florida to the flower-dotted coves of the world's most biodiverse mountains, *Mirrors in the Earth* is an invitation and encounter with the benevolence of the living world and a nature therapy session for the soul. *Wisdom for the Soul*, Larry Chang, 2006.
