## Sefer Bet Midot:

**Meditation and Kabbalah** Aryeh Kaplan, 1995-01-01 The Kabbalah is divided into three branches the theoretical the meditative and the practical While many books both in Hebrew and English have explored the theoretical Kabbalah virtually nothing has been published regarding the meditative methods of these schools This is the first book published in any language that reveals the methodology of the Kabbalists and stresses the meditative techniques that were essential to their discipline Kaplan offers a lucid presentation of the mantras mandalas and other devices used by these schools as well as a penetrating interpretation of their significance in light of contemporary meditative research In addition Meditation and Kabbalah presents relevant portions of such meditative texts as the Greater Hekhalot textbook of the Merkava School the writings of Abraham Abulafia Joseph Gikatilia s Gates of Holiness Gate of the Holy Spirit textbook of the Lurianic School and the important meditative hasidic classics Also investigated is the intriguing possibility suggested by the Zohar that the meditative methods of the East might have been derived from the mystical techniques of the prophets *National Union Catalog* ,1983 Includes entries for maps and atlases Collected Essays Haym Soloveitchik, 2020-11-04 Continuing his major contribution to medieval Jewish intellectual history Haym Soloveitchik focuses here on the radical German Pietists and their main literary work Sefer asidim and on the writings and personality of the Proven al commentator Ravad of Posqui res In both areas he challenges reigning views and sets a new agenda for research **Jewish Virtue Ethics** Geoffrey D. Claussen, Alexander Green, Alan L. Mittleman, 2023-08-01 What is good character What are the traits of a good person How should virtues be cultivated How should vices be avoided The history of Jewish literature is filled with reflection on questions of character and virtue such as these reflecting a wide range of contexts and influences Beginning with the Bible and culminating with twenty first century feminism and environmentalism Jewish Virtue Ethics explores thirty five influential Jewish approaches to character and virtue Virtue ethics has been a burgeoning field of moral inquiry among academic philosophers in the postwar period Although Jewish ethics has also flourished as an academic and practical field attention to the role of virtue in Jewish thought has been underdeveloped This volume seeks to illuminate its centrality not only for readers primarily interested in Jewish ethics but also for readers who take other approaches to virtue ethics including within the Western virtue ethics tradition The original essays written for this volume provide valuable sources for philosophical reflection **Producing Redemption in Amsterdam** Shlomo Berger, 2013-01-23 Producing Redemption in Amsterdam offers an analysis of Yiddish early modern paratexts and subseugently a history of Yiddish printed books **The National union catalog, 1968-1972** ,1973 **Hebrew Books from the Harvard College Library** Harvard College Library. Judaica Collection, Charles Berlin, 1996 Index to microfiche collection of 4 934 titles filmed on 11 453 microfiche It is divided into three sections Author Title Subject and Imprint **Library of Congress Catalog** Library of Congress, 1972 Beginning with 1953 entries for Motion pictures and filmstrips Music and phonorecords form separate parts of the Library of Congress

catalogue Entries for Maps and atlases were issued separately 1953 1955      The Jewish Enlightenment Shmuel Feiner, 2011-08-17 At the beginning of the eighteenth century most European Jews lived in restricted settlements and urban ghettos isolated from the surrounding dominant Christian cultures not only by law but also by language custom and dress By the end of the century urban upwardly mobile Jews had shaved their beards and abandoned Yiddish in favor of the languages of the countries in which they lived They began to participate in secular culture and they embraced rationalism and non Jewish education as supplements to traditional Talmudic studies The full participation of Jews in modern Europe and America would be unthinkable without the intellectual and social revolution that was the Haskalah or Jewish Enlightenment Unparalleled in scale and comprehensiveness The Jewish Enlightenment reconstructs the intellectual and social revolution of the Haskalah as it gradually gathered momentum throughout the eighteenth century Relying on a huge range of previously unexplored sources Shmuel Feiner fully views the Haskalah as the Jewish version of the European Enlightenment and as such a movement that cannot be isolated from broader eighteenth century European traditions Critically he views the Haskalah as a truly European phenomenon and not one simply centered in Germany He also shows how the republic of letters in European Jewry provided an avenue of secularization for Jewish society and culture sowing the seeds of Jewish liberalism and modern ideology and sparking the Orthodox counterreaction that culminated in a clash of cultures within the Jewish community The Haskalah's confrontations with its opponents within Jewry constitute one of the most fascinating chapters in the history of the dramatic and traumatic encounter between the Jews and modernity The Haskalah is one of the central topics in modern Jewish historiography With its scope erudition and new analysis The Jewish Enlightenment now provides the most comprehensive treatment of this major cultural movement      **A History of Jewish Literature: From 1935 to 1960** Meyer Waxman, 1960      *A History of Jewish Literature: Yiddish poetry, essays, and criticism* Meyer Waxman, 1960

**Russia's First Modern Jews** David E. Fishman, Yoichi Funabashi, 1996-10 Long before there were Jewish communities in the land of the tsars Jews inhabited a region which they called *medinat rusiya* the land of Russia Prior to its annexation by Russia the land of Russia was not a center of rabbinic culture But in 1772 with its annexation by Tsarist Russia this remote region was severed from the Polish Lithuanian Commonwealth its 65 000 Jews were thus cut off from the heartland of Jewish life in Eastern Europe Forced into independence these Jews set about forging a community with its own religious leadership and institutions The three great intellectual currents in East European Jewry Hasidism Rabbinic Mitnagdisim and Haskalah all converged on Eastern Belorussia where they clashed and competed In the course of a generation the community of Shklov the most prominent of the towns in the area witnessed an explosion of intellectual and cultural activity Focusing on the social and intellectual odysseys of merchants maskilim and rabbis and their varied attempts to combine Judaism and European culture David Fishman here chronicles the remarkable story of these first modern Jews of Russia      **Chassidismus** Susanne Talabardon, 2016-10-10 J disches Denken Susanne Talabardon zeichnet die Entstehung Entwicklung und Wirkung einer der

gegenwärtig bedeutendsten jüdischen Strömungen nach die vor allem in den USA und Israel das Profil des sehr traditionell verfassten Judentums prägt Sie präsentiert den derzeitigen Forschungsstand zur Genese einer von der Kabbala inspirierten Bewegung

**Joseph Perl's Revealer Of Secrets** Dov Taylor, 2019-03-13 The dawning of the nineteenth century found the Jews of Eastern Europe torn between the forces of progress and reaction as they took their first tentative steps toward the modern world In a war of words and of books Haskala the Jewish Enlightenment did battle with the religious revival movement known as Hasidism Perl an ardent advocate of Enlightenment unleashed the opening salvo with the publication in 1819 of *Revealer of Secrets* The novel tried to pass itself off as a hasidic holy book when it was in fact a broadside against Hasidism a parody of its teachings and of the language of its holy books The outraged hasidim responded by buying up and burning as many copies as they could Dov Taylor's careful translation and commentary make this classic of Hebrew literature available and accessible to the contemporary English speaking reader while preserving the integrity and bite of Perl's original With Hasidism presently enjoying a remarkable rebirth the issues in *Revealer of Secrets* are all the more relevant to those seeking to balance reason and faith As the first Hebrew novel the work will also be of great interest to students of modern Hebrew literature and modern Jewish history
