Davis**, 1965 *Select Early English Poems*, 1921 *Selected Early Poems* Arthur Symons, 2017-04-11 Arthur Symons 1865 1945 was a central figure in the decadent phase of English poetry of the 1890s His early verse notably in the major collections *Silhouettes* 1892 revd 1896 and *London Nights* 1895 revd 1897 created a sophisticated new kind of urban poetry out of the gas lit world of London theatre and night life Under the French influences of Baudelaire and Verlaine Symons developed a wistful poetic eroticism new to English readers leading the way to the modernism of T S Eliot and others in the next generation This selection from Symons s most fertile period as a poet reproduces the fuller revised editions of *Silhouettes* and *London Nights* in their entirety together with related poems from his other early volumes *Days and Nights* 1889 *Amoris Victima* 1897 *Images of Good and Evil* 1900 and with early poems collected in *Knave of Hearts* 1913 p p1 margin 3 0px 0 0px 3 0px 0 0px text align justify font 14 0px Adobe Garamond Pro Fully annotated and supplemented by related critical writings by Symons Walter Pater and others this text offers students of late Victorian literature a rich resource for the understanding of decadence in the London literary scene of the 1890s p p1 margin 0 0px 0 0px 0 0px 0 0px font 7 9px Calibri **Selected Early Poems and Letters. Edited by Charles T. Ransom Donald Davidson and Laura Riding But beyond rich biographical detail they offer a veritable self portrait of the fledgling artist When a person writes a letter it is nearly as much one to himself as to the person who takes it from the postbox The self conscious precocious yet sensitive young Warren modulates to the sardonic irreverent aesthete wit Red and finally acquires a voice distinctively Warrenesque confident and sophisticated Thus the imaginative as well as literal aspects of these years in Warren s life are conveyed his writing persona and historical person always an intriguing comparison Highly accessible unfailingly interesting and scrupulously annotated The Apprentice Years will satisfy scholar and lay reader alike providing a unique window on what it means to profess the writer s calling in an era of rapid change When complete the selected letters of Robert Penn Warren will prove an indispensable addition to the author s literary oeuvre *Selected Letters of William Empson* John Haffenden,2006-03-09 This edited collection of letters by William Empson 1906 1984 one of the foremost writers and literary critics of the twentieth century ranges across the entirety of his career Parts of the correspondence record the development of ideas that were to come to fruition in seminal texts including *Seven Types of Ambiguity* *The Structure of Complex Words* and *Milton s God* The topics of other letters range from Shakespeare s *Dark Lady* to Marvell s marriage and Byron s bisexuality Empson relished correspondence that was combative if not downright aggressive As a result parts of this edition take the form of a serial disputation with other critics of the period including Frank Kermode Helen Gardner Philip Hobsbaum and I A Richards Other notable correspondents include A Alvarez Bonamy Dobr e Leslie Fiedler Graham Hough C K Ogden George Orwell Kathleen Raine John Crowe Ransom Christopher Ricks Laura Riding A L Rowse Stephen Spender E M W Tillyard Rosemond Tuve John Wain and G Wilson Knight All readers of literary history and criticism will stand to benefit from this edition Empson is universally credited as the man who invented modern literary criticism so that all of his writings make a signal addition to the canon of his works This selection provides a context for the evaluation of Empson s total literary output and in many letters Empson seeks to defend his ideas against both published and personal attacks This volume not only fills in all the missing links it adds up to a completely new volume of critical writings by Empson **E. A. Robinson's Narrative Poetry** Faisal Al-Doori,2023-07-10 Edwin Arlington Robinson was a prolific American poet during the 1920s This book approaches one of the critical features of Robinson s poetry often overlooked by critics which is his method of narration Narration is one of the crucial points in Robinson s poetry that puzzles his critics Robinson s poems are portraits that include characters setting a method of narration and all other points that fit any narrative piece This book takes as its point of departure the idea that unless Robinson s narrative approach is discussed no proper understanding of his poems will be achieved The book deals with the influence of New England and Puritanism on the poet s life and works The book studies the poet s shorter and longer poems It also includes the study of his masterpiece *The Man Against the Sky* **Johann Gottfried Herder: Selected Early Works, 1764-1767** Ernest A. Menze,Karl Menges,2010-11-01 *Felicia Hemans: Selected Poems, Prose and Letters* Felicia Hemans,2002-01-22 Felicia Hemans was

the most widely read woman poet in the nineteenth century English speaking world Broadview's edition shows why she was one of the few standard poets to be found in middle class homes on both sides of the Atlantic despite being routinely disparaged as a merely feminine poet Included here is poetry representative of her entire career from often anthologized works such as *The Homes of England* and *Casabianca* to several long poems in their entirety such as *The Forest Sanctuary* Also included are selections of her prose and letters a comprehensive introduction and selections of views and reviews showing her changing and controversial place in culture into the twentieth century All selections are edited annotated and introduced
