Selected Essays Virginia Woolf, 2009-10-15 A good essay must draw its curtain round us but it must be a curtain that shuts us in not out According to Virginia Woolf the goal of the essay is simply that it should give pleasure It should lay us under a spell with its first word and we should only wake refreshed with its last One of the best practitioners of the art she analysed so rewardingly Woolf displayed her essay writing skills across a wide range of subjects with all the craftsmanship substance and rich allure of her novels This selection brings together thirty of her best essays including the famous Mr Bennett and Mrs Brown a clarion call for modern fiction She discusses the arts of writing and of reading and the particular role and reputation of women writers She writes movingly about her father and the art of biography and of the London scene in the early decades of the twentieth century Overall these pieces are as indispensable to an understanding of this great writer as they are enchanting in their own right ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more Selected Essays Clark Blaise, 2008-12-15 Clark Blaise's *Selected Essays* brings together another aspect of his tremendous and courageous oeuvre belle lettres essays and occasional pieces which range over autobiography his French Canadian heritage the craft of fiction American fiction Australian fiction and the work of such individual writers and Jack Kerouac V S Naipaul Salmon Rushdie Alice Munro Leon Rooke and Bernard Malamud his friend and mentor *Selected Essays, Poems and Other Writings* A. S. Byatt, George Eliot, 2005-04-07 The works collected in this volume provide an illuminating introduction to George Eliot's incisive views on religion art and science and the nature and purpose of fiction Essays such as *Evangelical Teaching* show her rejecting her earlier religious beliefs while *Woman in France* questions conventional ideas about female virtues and marriage and *Notes on Form in Art* sets out theories of idealism and realism that she developed further in *Middlemarch* and *Daniel Deronda* It also includes selections from Eliot's translations of works by Strauss and Feuerbach that challenged many ideas about Christianity excerpts from her poems and reviews of writers such as Wollstonecraft Goethe and Browning Wonderfully rich in imagery and observations these pieces reveal the intellectual development of this most challenging and rewarding of writers Selected Essays and Dialogues by Gianni Celati Patrick Barron, 2024-03-21 *Selected Essays and Dialogues* is a collection of translations of Italian writer and filmmaker Gianni Celati's theoretical and musing work from the late 1960s to the present Topics range from environmental perception and archaeological conceptions of historical knowledge to street theatre writing photography cinema and translation The book provides a framework of key literary theoretical and artistic movements of the last 50 years as well as a guide for English language readers to place Celati's work in historical cultural and biographical context serving to illuminate his books available in English namely *Towards the*

River s Mouth Adventures in Africa Voices from the Plains and Appearances There are various paths to take tempting readers to wander and become lost in webs of daring thought drawn ever on by Celati s fondness for the unexpected ordinary and his bonhomie with others Indeed a genial adventurousness can be found within all of Celati s writings collected here driven by an affectionate and light hearted engagement with the surrounding world Herein is a taste of a seemingly endless series of adventures of the mind and body always tapped into a lithe sensitivity for an encompassing collective imagination not restricted to the so called high arts or letters but very much also engaged with the everyday lives places and tales we all constantly share Praise for Selected Essays and Dialogues by Gianni Celati Barron s volume is a very welcome addition to the field As the first collection of Gianni Celati s essays in English translation the book makes accessible a wide selection of his critical work to an Anglophone audience Marina Spunta University of Leicester *Selected Essays* David Hume,2008-06-12 In his writings David Hume set out to bridge the gap between the learned world of the academy and the marketplace of polite society This collection drawing largely on his *Essays Moral Political and Literary* 1776 edition which was even more popular than his famous *Treatise of Human Nature* comprehensively shows how far he succeeded From *Of Essay Writing* to *Of the Rise and Progress of the Arts and Sciences* Hume embraces a staggering range of social cultural political demographic and historical concerns With the scope typical of the Scottish Enlightenment he charts the state of civil society manners morals and taste and the development of political economy in the mid eighteenth century These essays represent not only those areas where Hume s arguments are revealingly typical of his day but also where he is strikingly innovative in a period already famous for its great thinkers ABOUT THE SERIES For over 100 years Oxford World s Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford s commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more *Selected Essays, 1934-1943* Simone Weil,2015-12-22 Introducing the *Selected Works of Simone Weil* Weil s many essays written over her short life cover a very wide range of topics This important collection contains several that have been long unavailable There is deep integrity in this diverse collection Many are directed to social and political topics written in Weil s distinctive way of commenting on contemporary issues through historical writing Weil wrote in her great work *The Need for Roots* that humans beings need roots in the universe this rootedness comes through their lived history Often Weil is treated as if she were constantly trying to posit timeless truths but as these essays make evident Weil offers to her readers a sense of truth as we discover it and live with it in our concrete historical circumstances This analogical and historical thinking is particularly clear in the several essays that come from her last days while working for the Free French in London during which she meditated on the philosophical renewal of France after the war SELECTED WORKS First and Last Notebooks Supernatural Knowledge ISBN 978 1 4982 3919 6 Seventy Letters Personal and Intellectual Windows on a Thinker ISBN 978 1 4982 3920 2 Selected
