Hamlet: a Critical-Synoptic Edition of the Second Quarto and First Folio Texts of Hamlet Jesús Tronch-Pérez, Jesús

Tronch, 2002 A Synoptic Hamlet is an alternative response to the editorial problems of this multiple text play Like most critical editions it presents the early texts in a manner helpful to the general reader by modernizing spelling and punctuation and emending non sensical readings However it does not hide the text s diversity by exclusively selecting readings from either the Second Quarto or the First Folio in order to reconstruct a single reading version corresponding to the authentic Hamlet Rather it makes their significant variants immediately available in the line itself offering alternative editorial interpretations of identical or similar readings at certain points Thus the reader can have a direct appreciation of the divergence and similarity between these early texts from which the Hamlet of today is known **The First Quarto Edition of Shakespeare's Hamlet** William Shakespeare, 1920 *Shakspeare's Hamlet* William Shakespeare, 1880 *Shakespeare's Hamlet, the First Quarto, 1603* William Shakespeare, 1964 **Hamlet: Second Quarto, 1604-5** William Shakespeare, Walter Wilson Greg, Charlton Hinman, 1964 **Hamlet** William Shakespeare, 2016-04-21 This Arden edition of Hamlet arguably Shakespeare s greatest tragedy presents an authoritative modernized text based on the Second Quarto text with a new introductory essay covering key productions and criticism in the decade since its first publication A timely up date in the 400th anniversary year of Shakespeare s death which will ensure the Arden edition continues to offer students a comprehensive and current critical account of the play alongside the most reliable and fully annotated text available

The First Two Quartos of Hamlet Margrethe

Jolly, 2014-07-15 It is nearly two centuries since the first quarto of Hamlet was rediscovered yet there is still no consensus about its relationship to the second quarto Indeed the first quarto the least frequently read Hamlet has been dismissed as corrupt inferior or like a mutilated corpse even though in performance it has been described as the absolute dynamo behind the play Currently one hypothesis dominates explanations about the quartos interrelationship supposing that the first quarto published 1603 was reconstructed from memory by one or more actors who had performed minor roles in a version of the second quarto published 1604 5 The present study reports on a detailed linguistic reassessment of the principal arguments for memorial reconstruction The evidence including a three way comparison between the underlying French source in Les

Histoires Tragiques and the two quartos and the informal features and specific grammatical aspects and a documented memorial reconstruction in 1779 does not support the dominant hypothesis The cumulative evidence suggests that the earliest scholars to examine the first quarto were right the 1603 Hamlet came first and the second quarto is a substantial later revision
