# Shakespeares Legal Acquirements Considered

**Samuel Schoenbaum**

## **Shakespeare's Legal Acquirements Considered:**

Shakespeare and the Law Gary Watt, 2024-10-09 Shakespeare and the Law appreciates Shakespeare and his works as expressions of an English early modern culture in which the shared rhetorical practices of dramatists and lawyers were informed by the renaissance of classical practice. It argues that Shakespeare was not primarily concerned with the technical accuracy of law, legal ideas and legal performances but with their capacity to generate dramatic interest through dispute, trial, the breaking of bonds and the bending of rules. It follows that all Shakespeare's plays are in a sense law plays. Rhetorical practices can emerge as performances of power but in Shakespeare's works they show more as instances of the human instinct to challenge power by playing with rules. Shakespeare employs the special magic of legal language, actions and materials to conjure playgoers to act as a critical jury to events transacted on stage. This calls for close attention to

Shakespeare's poetic sound effects and the ways they prompt audiences to confer a fair hearing. **Shakespeare's Lives** Samuel Schoenbaum, 1991 This volume presents a study of the changing images and differing ways that the life of English poet and playwright William Shakespeare 1564-1616 has been interpreted throughout history. The author takes readers on a tour of the countless myths and legends which have arisen to explain the great dramatist's life and work, bringing the story right up to 1989. He reconstructs as much of the elusive author's life as possible, considering his family history, his economic standing and his reputation with his peers. The Shakespeare who emerges may not always be the familiar one.

**Shakespeare and the Lawyers** O Hood Phillips, 2013-04-15 First published in 1972, Shakespeare's writing abounds with legal terms and allusions, and in many of the plays the concept and working of the law is a significant theme. Shakespeare and the Lawyers gives a comprehensive survey of what Shakespeare wrote about the law and lawyers, and what has been written particularly by lawyers about Shakespeare's life and works in relation to the law. The book first reviews the recorded facts about Shakespeare's life and works and his connection with the Inns of Court. It then discusses legal terms, allusions and plots in the plays, Shakespeare's treatment of the problems of law, justice and government, his description of lawyers and officers of the law, his references to actual legal personalities and his trial scenes. Two further chapters consider the criticisms that have been made of Shakespeare's law and the contribution to Shakespeare studies by lawyers. **Shakespeare and the Poetics**

**and Politics of Relevance** Dymphna Callaghan, Sophie Chiari, 2024-11-09 Four years on from George Floyd's murder, this volume asks if and how Shakespeare might be relevant, whether in performance in the classroom or in scholarship, to the pressing issues of social and climate justice. This question, however, is accompanied by the acute and uncomfortable recognition that there have been other consequences to the awakening of the world since Floyd's death, including the call to cancel Shakespeare altogether. This volume, however, is not an apology for Shakespeare but rather an engagement with him. From the perspective of the scholars who contribute here, questions about Shakespeare in our current context are not only deeply enmeshed with issues about his historical, geographical and performance context and its attendant alterity but

crucially also to the specifically literary forms and structures with which he worked Even as these essays resist the idea of a timeless universalist Shakespeare they insist upon the poetics the creative framework the specifically literary dimensions of the plays that cannot be reduced to any paraphrasable content These are precisely the features that facilitate and enable the relevance of Shakespeare s works even across the chasm of the centuries since he composed them *Playhouse Law in Shakespeare's World* Brian Jay Corrigan,2004 There is a human face to Shakespeare s theatrical world It has been captured and preserved in the amber of litigious activity Contracts for playhouses represent human aspiration an avaricious hope for profit or an altruistic desire to provide for a family Lawsuits have preserved the declarations of rights and the righteous indignations as well as the fictions and half truths under which the Renaissance theater flourished Leases and agreements preserve the intentions honest or dishonest of the men who wrote performed and bankrolled the drama of Shakespeare and his contemporaries The period 1590 1623 the limits of the original Shakespearean enterprise resemble nothing so much as a third of a century of the sort of squabbling shoving and place seeking familiar to every modern theatrical professional *As You Law It - Negotiating Shakespeare* Daniela Carpi,François Ost,2018-10-08 Shakespeare was fascinated by law which permeated Elizabethan everyday life The general impression one derives from the analysis of many plays by Shakespeare is that of a legal situation in transformation and of a dynamically changing relation between law and society law and the jurisdiction of Renaissance times Shakespeare provides the kind of literary supplement that can better illustrate the legal texts of the sixteenth and early seventeenth centuries There was a strong popular participation in the system of justice and late sixteenth century playwrights often made use of forensic models of narrative Uncertainty about legal issues represented a rich potential for causing strong reactions in the public especially feelings concerning the resistance to tyranny The volume aims at highlighting some of the many legal perspectives and debates emplotted in Shakespearean plays also taking into consideration the many texts that have been produced during the latest years on law and literature in the Renaissance

**The Development and Principles of International Humanitarian Law** Wolff Heintschel von Heinegg,2017-07-05 The essays selected for the first part of this volume offer an insight into the development as distinguished from the history of international humanitarian law The focus of the majority of the works reprinted here is on an analysis of the adequacy of the law as it stood at the time of the respective publication and in the light of existing contemporary armed conflicts and military operations Thus the reader is afforded an in depth look at the early roots of international humanitarian law the continuing relevance of that body of law despite advances in weapons technology and the efforts to progressively develop it International humanitarian law s development cannot be considered in isolation from its principles The essays selected for the second part of the volume deal with the two fundamental principles underlying all of international humanitarian law humanity and military necessity The articles on the principles of humanity include reflections on the famous Martens Clause and the analyses of military necessity take no account of *Kriegsraison* Moreover they offer proof of the customary character

of the principle of distinction in land air and naval warfare      Literature and Liberty Allen Mendenhall,2014-02-19 The economic theories of Karl Marx and his disciples continue to be anthologized in books of literary theory and criticism and taught in humanities classrooms to the exclusion of other competing economic paradigms Marxism is collectivist predictable monolithic impersonal linear reductive in short wholly inadequate as an instrument for good in an era when we know better than to reduce the variety of human experience to simplistic formulae A person's creative and intellectual energies are never completely the products of culture or class People are rational agents who choose between different courses of action based on their reason knowledge and experience A person's choices affect lives circumstances and communities Even literary scholars who reject pure Marxism are still motivated by it because nearly all economic literary theory derives from Marxism or advocates for vast economic interventionism as a solution to social problems Such interventionism however has a track record of mass murder war taxation colonization pollution imprisonment espionage and enslavement things most scholars of imaginative literature deplore Yet most scholars of imaginative literature remain interventionists Literature and Liberty offers these scholars an alternative economic paradigm one that over the course of human history has eliminated more generic bads than any other system It argues that free market or libertarian literary theory is more humane than any variety of Marxism or interventionism Just as Marxist historiography can be identified in the use of structuralism and materialist literary theory so should free market libertarianism be identifiable in all sorts of literary theory Literature and Liberty disrupts the near monopolistic control of economic ideas in literary studies and offers a new mode of thinking for those who believe that arts and literature should play a role in discussions about law politics government and economics Drawing from authors as wide ranging as Emerson Shakespeare E M Forster Geoffrey of Monmouth Henry Hazlitt and Mark Twain Literature and Liberty is a significant contribution to libertarianism and literary studies      **Works of Shakespeare, Etc** Samuel Austin Allibone,1880      **3000-3999, Modern languages and literature** Princeton University. Library,1920

Classed List Princeton University. Library,1920      *Studies in Shakespeare* John Churton Collins,1904      *Shakespeare and the Just War Tradition* Paola Pugliatti,2016-04-01 Brought to light in this study is a connection between the treatment of war in Shakespeare's plays and the issue of the just war which loomed large both in religious and in lay treatises of Shakespeare's time The book re-reads Shakespeare's representations of war in light of both the changing historical and political contexts in which they were produced and of Shakespeare's possible connection with the culture and ideology of the European just war tradition But to discuss Shakespeare's representations of war means for Pugliatti not simply to examine his work from a literary point of view or to historicize those representations in connection with the discourses and the practice of war which were produced in his time it also means to consider or re-consider present day debates for or against war and the kind of war ideology which is trying to assert itself in our time in light of the tradition which shaped those discourses and representations and which still substantiates our moral view of war      **A life of William Shakespeare**

Sidney Lee, 1898 *Autobiography in Shakespeare's Plays* William Nicholas Knight, 2002 Shakespeare's authorship of his plays can no longer be in doubt with this book's clear identification of autobiographical passages throughout his work from his legal documents in Stratford and London courts Shakespeare refers to the loss of his inheritance by his father mortgaging it to his uncle from early works such as *Taming of the Shrew* to the late *Lear* His mother is referred to in *As You Like It* and *Coriolanus* his twins in *Comedy of Errors* and *Twelfth Night* and the loss of his son from *Merchant of Venice* to *Macbeth* His daughters as recipients of his accumulated wealth are subjects of his concern from *Lear* to *The Tempest* More important the knowledge of the law in his personal pursuits is revealed as a source for the legal content in his works which found fit audiences among jurists at the Inns of Court law schools and in King James Court Shakespeare pleased the king on these matters enough to have him command his plays to be repeated on an occasion For himself Shakespeare learned from his own writing how to deal with the language of law theoretically and conceptually with such concepts as equity and mercy in Chancery He used his own family life personal documents and legal problems to give impetus to his version of borrowed characters plots plays and history These personal events from the placement of the references give his plays which sometimes end with a fictionalized wish fulfillment or literary compensation an autobiographical initial compulsion

**A Life of William Shakespeare. 2. Ed Sidney Lee, 1898** **Shakespeare and the Book Trade** Lukas Erne, 2013-04-25 This study establishes the remarkable presence of Shakespeare's plays and poems in the early modern English book trade
