Shakti and Shâkta Essays and Addresses on the Shâkta Tantrashâstra Arthur Avalon (Sir John Woodroffe), The general Indian Religion or Bharata Dharma holds that the world is

an Order or Cosmos It is not a Chaos of things and beings thrown haphazard together in which there is no binding relation or rule The world order is Dharma which is that by which the universe is upheld Dharyate Without Dharma it would fall to pieces and dissolve into nothingness But this is not possible for though there is Disorder Adharma it exists and can exist only locally for a time and in particular parts of the whole Order however will and from the nature of things must ultimately assert itself And this is the meaning of the saying that Righteousness or Dharma prevails This is in the nature of things for Dharma is not a law imposed from without by the Ukase of some Celestial Czar It is the nature of things that which constitutes them what they are Svalakshana dharanat Dharma It is the expression of their true being and can only cease to be when they themselves cease to be Belief in righteousness is then in something not arbitrarily imposed from without by a Lawgiver but belief in a Principle of Reason which all men can recognize for themselves if they will Again Dharma is not only the law of each being but necessarily also of the whole and expresses the right relations of each part to the whole This whole is again harmonious otherwise it would dissolve The principle which holds it together as one mighty organism is Dharma The particular Dharma calls for such recognition and action in accordance therewith Religion therefore which etymologically

means that which obliges or binds together is in its most fundamental sense the recognition that the world is an Order of which each man being and thing is a part and to which each man stands in a definite established relation together with action based on and consistent with such recognition and in harmony with the whole cosmic activity Whilst therefore the religious man is he who feels that he is bound in varying ways to all being the irreligious man is he who egoistically considers everything from the standpoint of his limited self and its interests without regard for his fellows or the world at large The essentially irreligious character of such an attitude is shown by the fact that if it were adopted by all it would lead to the negation of Cosmos that is Chaos Therefore all Religions are agreed in the essentials of morality and hold that selfishness in its widest sense is the root of all sin Adharma Morality is thus the true nature of man The general Dharma Samanya Dharma is the universal law governing all just as the particular Dharma Vishesha Dharma varies with and is peculiar to each class of being It follows from what is above stated that disharmony is suffering This is an obvious fact Wrong conduct is productive of ill as right conduct is productive of good As a man sows so he will reap There is an Immanent Justice But these results though they may appear at once do not always do so The fruit of no action is lost It must according to the law of causality which is a law of reason bear effect If its author does not suffer for it here and now in the present life he will do so in some future one Birth and death mean the creation and destruction of bodies The spirits so embodied are infinite in number and eternal The material universe comes and goes

Tantric Wisdom for Today's World Peter Wilberg,2007 The Tantric Tradition known as Kashmir Shaivism bore within it the understanding that God is not a being with awareness Instead God is awareness pure and unbounded This pure awareness is like a stainless mirror invisible in itself in which all experienced realities are not only reflected but actively and continuously manifested The New Yoga of Awareness is not merely a commentary on or an explanation of this tradition but the most comprehensive and original contribution to it since its synthesis by the great 10th century teacher and tantric adept Abhinavagupta It unites religion science philosophy and theology psychology and metaphysics in a way that truly makes it not just a new yoga but THE New Yoga an entirely new school of tantra evolved from and for today s world Tantra does not separate religion and science It is yogic religious science The aim of The New Yoga is to make this new and highly practical religious science known to the world in order that it can begin to work for it It does so by challenging the foundations of both Western science and the Abrahamic religions Judaism

Christianity and Islam along with the monotheism of money Marx and the godless science that is its religion Peter Wilberg's wide ranging writings on tantra introduced in this book constitute a new and highly practical body of theosophical and religious scientific knowledge of the sort that alone can help bring an end to today's rising ocean of religious and scientific ignorance and to the ecological devastation economic inequalities and global mayhem that go with it Above all they offer a way of accomplishing this world transforming aim not through jihad violence or war but through learning to experience that pure and Divine Awareness Shiva which pervades all things and the Divine Power Shakti of Awareness that manifests them all Shakti and Shakta Sir John George Woodroffe,1929 *Sikhism, a Perspective* Maan Singh Nirankari (dr.),2008

Shakti Leadership Nilima Bhat,Raj Sisodia,2016-05-02 Unlocking the Source for True Leadership Too many people men and women alike have bought into a notion of leadership that exclusively emphasizes traditionally masculine qualities hierarchical militaristic win at all costs The result has been corruption environmental degradation social breakdown stress depression and a host of other serious problems Nilima Bhat and Raj Sisodia show us a more balanced way an archetype of leadership that is generative cooperative creative inclusive and empathetic While these are traditionally regarded as feminine qualities we all have them In the Indian yogic tradition they're symbolized by Shakti the source that powers all life Through exercises and inspirational examples Bhat and Sisodia show how to access this infinite energy and lead with your whole self Male or female leaders who understand and practice Shakti Leadership act from a consciousness of life giving caring creativity and sustainability to achieve self mastery internally and be of selfless service to the world **Courting Shakti** Carla Faletti,2017-05-15 Shakti sits across the table from you in the corner of a dimly lit coffee shop Little twinkling lights strung along the ceiling appear to ooze with golden honey A single candle flame dances between the two of you casting mysterious plays of shadow and light on the captivating face of the Goddess Behind her is a wall of glass All at once you see her figure the glass people nestled under umbrellas on the sidewalk outside cars migrating on the city street raindrops gliding down the glass and reflections of light fixtures inside the shop shimmering behind you The air brushing your skin pulses in ecstatic dance You perceive reality in layers Time is your barista here The Goddess has reserved a table for you Will you take your seat Carla Faletti is a prophet of love a truth seeker and her voice is strong medicine of warmth persistence and a deep connection of love for our Soul Her gifts of poetry and prayers are golden Carrie Kondor inspirational speaker counselor and author of the popular e book 7 Ways to Raise Your Vibration and co contributor of the bestselling books 365 Moments of Grace and Life Shifts Carla's intriguing word pictures invite you to envision an expanded perspective of the world we all share Christine Graeter RN MSN PhD Director of Holistic Healing The Healing Space of Cincinnati **Shakti and shakta** Arthur Avalon,2021-08-19 There is no word of wider content in any language than this Sanskrit term meaning Power For Shakti in the highest causal sense is God as Mother and in another sense it is the universe which issues from Her Womb And what is there which is neither one nor the other Therefore the Yoginihridaya Tantra thus salutes Her who

conceives bears produces and thereafter nourishes all worlds Obeisance be to Her who is pure Being Consciousness Bliss as Power who exists in the form of Time and Space and all that is therein and who is the radiant Illuminatrix in all beings It is therefore possible only to outline here in a very general way a few of the more important principles of the Shakti doctrine omitting its deeply interesting practice Sadhana in its forms as ritual worship and Yoga Today Western science speaks of Energy as the physical ultimate of all forms of Matter So has it been for ages to the Shaktas as the worshippers of Shakti are called But they add that such Energy is only a limited manifestation as Mind and Matter of the almighty infinite Supreme Power Maha Shakti of Becoming in That Tat which is unitary Being Sat itself
