intellectual life Znamenski examines the role that anthropology psychology environmentalism and Native Americana have played in the emergence of neo shamanism He discusses the sources that inspire Western neo shamans and seeks to explain why lately many of these spiritual seekers have increasingly moved away from non Western tradition to European folklore A work of intellectual discovery The Beauty of the Primitive shows how scholars writers and spiritual seekers shape their writings and experiences to suit contemporary cultural ideological and spiritual needs With its interdisciplinary approach and engaging style it promises to be the definitive account of this neglected strand of intellectual history
