Asiatic Society of Great Britain & Ireland ,1920 Has appendices Selected Poems from the Divani Shamsi Tabriz **Sufi Essays** Seyyed Hossein Nasr, 1972-01-01 This book combines scholarly research into Revnold A. Nicholson.1977 certain aspect of Sufi doctrines and history with a penetrating account of the spiritual and metaphysical message and significance of Sufism as a living spiritual tradition In an original discussion unlike anything that has appeared before in studies of Sufism the author places special accent on the pertinence of Sufi teachings to the most acute contemporary problems The book addresses itself to both the ever increasing Western public interested in Sufism and to the Western educated Muslim interested in his own spiritual heritage Dr Nasr draws on his intimate knowledge of the Sufi literature in Arabic and Persian as well as his first hand knowledge of Sufi tradition itself to produce this further volume in his numerous studies on the different facets of Islam Sufi Wisdom Mari?tta Tigranovna Stepani?ant?s,1994-01-01 This book is the first work in English to present a view from Russia of Islamic mysticism Ibn Arabi and Rumi are the main characters of the book Their views reflect Sufi understanding of the Absolute being of man of the place and role of humans in the universe of the way of knowledge and of the fundamentals of morality The Life of Learning Douglas Greenberg, Stanley Nider Katz, 1994 The American Council of Learned Societies was formed in 1919 to support humanistic learning in the United States and to represent American scholarship abroad When John William Ward became President of the ACLS in 1982 he believed that the ACLS s tradition of high caliber scholarship and teaching should be commemorated through an annual lecture delivered by a distinguished humanist on the life of learning As a result of Ward's vision each year since 1983 the American Council of Learned Societies has invited one of America's leading scholars to deliver the Haskins Lecture in honor of Charles Homer Haskins a distinguished scholar and teacher who was instrumental in the founding of the ACLS In this volume which commemorates the 75th anniversary of the ACLS Douglas Greenberg and Stanley Katz bring together the lectures presented by ten of America's most distinguished scholars Each lecture is a personal and intellectual glimpse into the life of learning of such celebrated scholars as Maynard Mack Annemarie Schimmel and John Hope Franklin The lectures focus on self reflection of lives dedicated to learning rather than on scholarship in the usual sense of the term Ranging from being forced to learn Latin to painful memories of war and racism the lecturers all recount stories from their eventful lives Each offers thoughts on the body of work he or she has produced and the forces personal and intellectual that have shaped it The scholars bring something of their disciplines to the lectures sharing not only personal anecdotes but their love of learning The range of disciplines the lecturers come from represents the diversity of the scholarship supported by the ACLS Their lectures offer a unique intellectual history of some of our most renowned scholars and will also serve as a history of the Council the role it has played in fostering scholarship and the vast contributions it has made to American letters throughout the past seventy five years Fundamentals Of Rumis Thought Sefik Can, 2006-01-01 This work attempts to present Rumi to the English speaking world and to shed light on his life as seen from within the Islamic mystical tradition The knowledge

presented in this work comes from Sefik Can a great expert of Rumi and who used to be the highest authority Sertariq of the Mevlevi Sufi order in Turkey until he passed away on January 24 2005 Two aspects of this work make it unique The first is that the book was originally authored by a man who is ninety five years old and who has dedicated his entire life to the teachings of Rumu Such a Mevlevi s view of Rumi makes this work greatly valuable The second important contribution to the book is the foreword which was translated by from the original turkish written by M Fethullah Gulen a prominent Muslim thinker and interfaith activist of Turkey The Winds Of Grace, 2020-01-01 Drawing from the finest and most authentic texts available in the original Persian Farsi language Vraje Abramian offers this extensive collection of stories teachings and poetry from both major and unknown saints and mystics in the Sufi tradition Winds of Grace is a fresh and extensive collection that will both instruct and encourage individuals on the path of love and transformation Readers today need such roadmaps of sanity and wisdom pointing the way through life s obstacles and detours Indeed reading the works of saints and sages serves as a GPS for today s wayfarer The reader will find selections from today s most well recognized and highly acknowledged Masters like Rumi and Hafiz as well as hidden saints such as Sheikh Biabanaki and Sheikh Ali Mesri More uniquely however this book also introduces us to teachings and anecdotes of the obscure hermit the mad but unknown dervish the crazy naked ascetic Whether the mainstream punished tolerated or ignored these crazy wise people those who knew something about the pain they spoke of venerated them as saints Centuries ago many of these voices offered a shock to his or her contemporaries jarring them from the complacency that makes automatons of human beings Other voices contained a paradoxical twist on the religious life or practice of the times yet were soaked with an age old wisdom that is still vital to spiritual practitioners today The translator and editor Vraje Abramian advises readers that these secret sages often had to protect themselves from the powers that be in their society and therefore cloaked their messages in words that only disciples and initiates or those with a vulnerable mind and open heart could actually decipher He further reminds us that the language adopted by Sufi teachers was designed to break the habits that normally deaden our sensitivities Abramian has therefore selected pieces that remind us to wake up to take stock to continue carefully observing ourselves And by vigilant sequencing of topics his book gently guides readers toward the essence truths or core teachings of these wise ones The translator is uniquely qualified to make this offering to religious studies today As an Iranian by birth a lifelong practitioner of spiritual disciplines and an accomplished teacher of English his renderings are characterized by academic authority poetic word craft and spiritual wisdom Roads to Paradise: Eschatology and Concepts of the Hereafter in Islam (2 vols.)
