Shanghai The Paris Of The Orient:

Shanghai Lynn Pan,1994 , *Paris, Capital of Fashion* Valerie Steele,2019-09-05 Paris Capital of Fashion accompanies a major exhibition at The Museum at FIT New York's only museum dedicated solely to the art of fashion This lavishly illustrated book is edited by MFIT's director and chief curator Valerie Steele also the author of the acclaimed *Paris Fashion A Cultural History* This new book opens with an important essay on how and why Paris became famous as the international capital of fashion Steele traces how the mythic aura of Paris fashion was constructed over generations as the splendour of the court at Versailles came to be echoed by the spectacle of the haute couture Yet Paris has faced repeated challenges from other fashion capitals especially London Milan and New York Essays by Christopher Breward David Gilbert Grazia d'Annunzio and Antonia Finnane place Paris within a broader global narrative while Sophie Kurkdjian investigates the cultural value of the Parisian couture and Agnès Rocamora explores the online imagery of the chic Parisienne As The New Yorker recently put it Paris is the most glamorous and competitive of the world's fashion capitals No other city has been branded Fashion as Paris has By opening the study of Paris fashion to new approaches this book explains why Paris still retains its position as the world's undisputed fashion capital Last Mission to Tokyo Michel Paradis,2021-06-08 A narrative account of the Doolittle Raids of World War II traces the daring Raiders' attack on mainland Japan the fate of the crews who survived the mission and the international war crimes trials that defined Japanese American relations and changed legal history **French Banking and Entrepreneurialism in China and Hong Kong** Hubert Bonin,2019-06-07 Many books have addressed the economic and financial history of Hong Kong and the imperialist conflicts in the key Chinese port cities but very few books have explored French initiatives and performance in this area beyond diplomacy geopolitics or cultural issues In this book Hubert Bonin confronts arguments about the great divergence the first globalisation and forms of economic patriotism He gauges the competitive edge of French companies and banks their struggle with British domination HBSC Chartered shipping trade houses and their resistance against competitors from other countries Japan Germany Netherlands Belgium USA or Russia The book delves into studies of management abroad therefore mixing broad geo-economic issues with precise business history and deep banking history The connections between French interests in China and Hong Kong and the colony of Indochina are established too A second part of the book is dedicated to the case study of Hong Kong as the British colony acted as a hub for Asian and European interests at the heart of connections with mainland China and some neighbouring territories Indochina etc This is essential reading for academics interested in banking and business history the history of entrepreneurship as well as those involved in the contemporary history of China and Hong Kong in the assessment of world-wide geo-economic competition between European powers in Asia Great Britain and France and in the first stages of economic modernity along European models in emerging modern China **Jazz in China** Eugene Marlow,2018-07-23 Finalist for the 2019 Jazz Journalists Association Book of the Year About Jazz Jazz Awards for Journalism

Is there jazz in China This is the question that sent author Eugene Marlow on his quest to uncover the history of jazz in China Marlow traces China's introduction to jazz in the early 1920s its interruption by Chinese leadership under Mao in 1949 and its rejuvenation in the early 1980s with the start of China's opening to the world under Premier Deng Xiaoping Covering a span of almost one hundred years Marlow focuses on a variety of subjects the musicians who initiated jazz performances in China the means by which jazz was incorporated into Chinese culture and the musicians and venues that now present jazz performances Featuring unique face to face interviews with leading indigenous jazz musicians in Beijing and Shanghai plus interviews with club owners promoters expatriates and even diplomats Marlow marks the evolution of jazz in China as it parallels China's social economic and political evolution through the twentieth and into the twenty first century Also featured is an interview with one of the extant members of the Jimmy King Big Band of the 1940s one of the first major all Chinese jazz big bands in Shanghai Ultimately *Jazz in China From Dance Hall Music to Individual Freedom of Expression* is a cultural history that reveals the inexorable evolution of a democratic form of music in a Communist state

The Origins of International Banking in Asia Shizuya Nishimura,Toshio Suzuki,Ronald C. Michie,2012-09-27 Without a means of crediting and debiting accounts worldwide and the non physical transfer of funds the rapid global economic integration of the late nineteenth and early twentieth centuries would have been impossible It is the globalization of the banking system much of which particularly in Asia had its roots in the nineteenth century that helped facilitate increased human mobility the exchange of commodities and manufactures and the simplified transfer of funds This volume examines the origins growth and business practices of European banks in Asia and the development of Asian notably Japanese and Hong Kong banks and their operations on an international stage and in doing so provides important new detail and analysis of economic globalization It draws on the archival documentation of main British French and Japanese banks involved and provides analysis from a range of historical viewpoints including global banking strategy monetary regimes financial markets international trade labour immigration and the development of communication tools

Foreigners and Foreign Institutions in Republican China Anne-Marie Brady,Douglas Brown,2013 Republican China attracted an uncommon diversity of foreign interests groups and individuals which included missionaries adventurers diplomats academics humanitarians and refugees as well as hedonists and tourists By exploring the diverse nature of foreign activities in Republican China this book complicates the dominant narratives of the imperialistic foreigner and Chinese victim and moves beyond the depiction of foreigners as privileged and the Chinese as simply weak The spaces and relationships examined in the essays in this volume reveal a complex series of interactions between foreigners and the people of China which go far beyond one way transmission or exploitation Indeed this book examines how diverse and sometimes seemingly peripheral foreign individuals and communities influenced literature education trade sexual morality warfare and architecture in China and in the process were themselves profoundly changed in ways that are as remarkable as those experienced by the Chinese they had come to observe meet exploit conquer

assist or change Bringing together the work of a diverse group of scholars on Republican China this edited volume adopts a uniquely multi disciplinary approach to the study of foreigners in China and utilises the perspectives of historiography literary studies cultural studies sociology anthropology and political science As such this interesting and innovative book will be of great interest to students and scholars from diverse fields including Chinese and global history politics and international relations Chinese studies literary studies and gender studies **Millard's Review of the Far East** ,1926 Vol 34 includes Special tariff conference issue Nov 6 1925 **Trübner's American and oriental literary record** ,1879
