Spinegrinder Clive Davies, 2015-03-06 First came video and more recently high definition home entertainment through to the internet with its streaming videos and not strictly legal peer to peer capabilities With so many sources available today s fan of horror and exploitation movies isn t necessarily educated on paths well trodden Universal classics 1950s monster movies Hammer as once they were They may not even be born and bred on DAWN OF THE DEAD In fact anyone with a bit of technical savvy quickly becoming second nature for the born clicking generation may be viewing MYSTICS IN BALI and S S EXPERIMENT CAMP long before ever hearing of Bela Lugosi or watching a movie directed by Dario Argento In this world H G Lewis so called godfather of gore carries the same stripes as Alfred Hitchcock master of suspense SPINEGRINDER is one man s ambitious exhaustive and utterly obsessive attempt to make sense of over a century of exploitation and cult cinema of a sort that most critics won t care to write about One opinion 8 000 reviews or thereabouts *Hollywood and History* Jem Duducu, 2023-09-15 There is no shortage of Hollywood films about historical events but what do the movies actually get right and why do they get so much wrong Hollywood loves a story good guys versus bad guys heroes winning the day and the guy gets the girl But we all know real life isn t exactly like that and this is even more true when we look at history Rarely do the just prevail and the three act story cannot exist over continents and decades of human interaction So when Hollywood decides to exploit history for profit we end up with a wide array of films Some are comedies like Monty Python and the Holy

Grail others are little more than action films playing dress up like *Gladiator* and many are Oscar contenders burdened with an enormous sense of self importance But very few are historically accurate From *Cleopatra* to *Da 5 Bloods* the reality is no matter what Hollywood's intentions are almost all historical films are an exaggeration or distortion of what really happened Sometimes the alterations are for the sake of brevity as watching a movie in real time about the Hundred Years War would literally kill you Other additions may be out of necessity since nobody thought to write down the everyday conversations between King Henry VIII and his second wife Anne Boleyn for *The Other Boleyn Girl* And some projects twist the facts to suit a more sinister purpose In *Hollywood and History* Jem Duducu takes readers through thousands of years of global history as immortalized and ultimately fictionalized by Hollywood exploring many facets of the representation of history in movies from the medieval times to the wild west and both World Wars Along the way readers will also better understand Hollywood's own history as it evolved from black and white silent shorts to the multiplex CGI epics of today As studios and audiences have matured through the years so too have their representations of history Armies will clash leaders will be slain empires will fall and a few historical inaccuracies will be pointed out along the way A must read for film and history fans alike

These Fists Break Bricks (Revised and Expanded Edition) Grady Hendrix, Chris Poggiali, 2025-07-08 From New York Times bestselling author Grady Hendrix and film historian Chris Poggiali comes the full story of how kung fu movies came to and conquered America in this revised and expanded edition When a Hollywood studio released *Five Fingers of Death* to thrill seeking Times Square moviegoers in 1973 only a handful of Black and Asian audience members knew the difference between an Iron Fist and an Eagle's Claw That changed overnight as *Five Fingers* kicked off a kung fu craze that would earn millions at the box office send TV ratings soaring influence the birth of hip hop reshape the style of action we see in movies today and introduce America to some of the biggest Asian stars to ever hit motion picture screens *These Fists Break Bricks* offers a lavishly illustrated exploration of how these high kicking brick breaking movies came to America and raised hell until greed infomercials and racist fearmongering shut them down For the first time the full and wild story is told including how CIA agents secretly funded karate movies and how The New York Times fabricated a fear campaign about Black karate gangs as well as the history of Black martial arts in America and the onslaught of Bruce Lee imitators after his death With a foreword by RZA of the Wu Tang Clan and brand new material on superstars like Jackie Chan Michelle Yeoh and Donnie Yen plus spotlights on unsung performers film poster artists and money laundering film distributors this revised and expanded edition is a master class in kung fu cinema history
