Shaping Society Through Dance Zoila S. Mendoza, 2000-08 Considers the way that the comparsas Peruvian dance troupes exert influence on Peruvian society and hasten social change Contains several excerpts of comparsas performances

Shaping Society Through Dance Zoila S. Mendoza, 2011-02 During the patron saint fiesta in the Andean town of San Jer nimo Peru crowds gather at sunset in the town square eagerly awaiting the entrance of the colorful dance troupes or comparsas With their masks music and surprising interpretations of contemporary events the comparsas of the Cusco region are the focus of this multifaceted work At the crossroads of folklore and ritual mass media and local preferences and regional and national identity the comparsas recorded here on video and compact disc have become a powerful way for the local people to make sense of their place in Peru and in the world As Zoila Mendoza shows they do more than reflect societal changes they actively transform society In this fluid world she argues racial and ethnic identities are shaped more by notions of what is decent elegant and modern rather than by skin color or status As the different troupes vie for the townspeople s recognition as the most authentic group these notions are challenged and reworked A fascinating look at a rich tradition this innovative work is also a compelling example of the critical anthropology of performance Shaping Society Through Dance

Ignatowski,2006-02-28 During the long dry season Tupuri men and women in northern Cameroon gather in gurna camps outside their villages to learn the songs that will be performed at

widely attended celebrations to honor the year's dead. The gurna provides a space for them to join together in solidarity to care for their cattle, fatten their bodies, and share local stories. But why does the gurna remain meaningful in the modern nation state of Cameroon? In *Journey of Song*, Clare A. Ignatowski explores the vitality of gurna ritual in the context of village life and urban neighborhoods. She shows how Tupuri songs borrow from political discourse on democracy in Cameroon and make light of human foibles; publicize scandals; promote the prestige of dancers; and provide an arena for powerful social commentary on the challenges of modern life. In the context of broad social change in Africa, Ignatowski explores the creative and communal process by which local livelihoods and identities are validated in dance and song.

Decolonizing the Sodomite Michael J. Horswell, 2010-01-01 Early Andean historiography reveals a subaltern history of indigenous gender and sexuality that saw masculinity and femininity not as essential absolutes. Third gender ritualists, *ipas*, mediated between the masculine and feminine spheres of culture in important ceremonies and were recorded in fragments of myths and transcribed oral accounts. Ritual performance by cross-dressed men symbolically created a third space of mediation that invoked the mythic androgyne of the pre-Hispanic Andes. The missionaries and civil authorities colonizing the Andes deemed these performances transgressive and sodomitical. In this book, Michael J. Horswell examines alternative gender and sexuality in the colonial Andean world and uses the concept of the third gender to reconsider some fundamental paradigms of Andean culture. By deconstructing what literary tropes of sexuality reveal about Andean pre-Hispanic and colonial indigenous culture, he provides an alternative history and interpretation of the much maligned aboriginal subjects the Spanish often referred to as sodomites. Horswell traces the origin of the dominant tropes of masculinist sexuality from canonical medieval texts to early modern Spanish secular and moralist literature produced in the context of material persecution of effeminate and sodomites in Spain. These values traveled to the Andes and were used as powerful rhetorical weapons in the struggle to justify the conquest of the Incas.

The Hold Life Has Catherine J. Allen, 2012-01-11 This second edition of Catherine J. Allen's distinctive ethnography of the Quechua-speaking people of the Andes brings their story into the present. She has added an extensive afterword based on her visits to Songo in 1995 and 2000 and has updated and revised parts of the original text. The book focuses on the very real problem of cultural continuity in a changing world, and Allen finds that the hold life has in 2002 is not the same as it was in 1985.

Eastern Christians in Anthropological Perspective Chris Hann, Hermann Goltz, 2010-05-27 This collection of essays is a welcome and refreshing gift in a virtual desert. There has been very little comparative anthropological research on the Eastern churches, and this volume will fill that gap. Michael Herzfeld, author of *Evicted from Eternity: The Restructuring of Modern Rome*. At long last, there is a book on the anthropology of Christianity that devotes direct and sustained attention to the diverse Eastern Christian Churches, both Orthodox and Catholic. This book should be read by anyone who thinks anthropologically about Christianity. Scales will fall from their eyes, and they will behold an entire wing of Christianity that has until now gone mostly unnoticed and practically untheorized. Douglas Rogers, author of

Andean Lives

Ricardo Valderrama Fernández, Carmen Escalante Gutiérrez, 2010-07-05 Gregorio Condori Mamani and Asunta Quispe Huamán were runakuna a Quechua word that means people and refers to the millions of indigenous inhabitants neglected, reviled and silenced by the dominant society in Peru and other Andean countries. For Gregorio and Asunta, however, that silence was broken when Peruvian anthropologists Ricardo Valderrama Fernández and Carmen Escalante Gutiérrez recorded their life stories. The resulting Spanish Quechua narrative published in the mid 1970s and since translated into many languages has become a classic introduction to the lives and struggles of the people of the Andes. *Andean Lives* is the first English translation of this important book. Working directly from the Quechua, Paul H. Gelles and Gabriela Martínez Escobar have produced an English version that will be easily accessible to general readers and students while retaining the poetic intensity of the original Quechua. It brings to vivid life the words of Gregorio and Asunta, giving readers fascinating and sometimes troubling glimpses of life among Cuzco's urban poor, with reflections on rural village life, factory work, haciendas, indigenous religion, and marriage and family relationships.

Weaving a Future Elayne Zorn, 2004 The people of Taquile Island on the Peruvian side of beautiful Lake Titicaca, the highest navigable lake in the Americas, are renowned for the hand-woven textiles that they both wear and sell to outsiders. One thousand seven hundred Quechua-speaking peasant farmers who depend on potatoes and the fish from the lake host the forty thousand tourists who visit their island each year. Yet only twenty-five years ago, few tourists had even heard of Taquile. In *Weaving a Future: Tourism, Cloth and Culture on an Andean Island*, Elayne Zorn documents the remarkable transformation of the isolated rock.

Leadership at the Spiritual Edge Mohammed Raei, Stacey K. Guenther, Lisa A. Berkley, 2024-07-05 This insightful book explores the intersection of spirituality and leadership, examining cutting-edge research, theory, and practices that help build healthy and long-term effective leadership. Showcasing non-Western views of leadership across a range of backgrounds, the book looks at leadership styles that raise and expand consciousness to enable better problem-solving when addressing the complex challenges of organizations and societies. Across four sections, the book considers a myriad of themes: from surrender to compassion, the dark and shadow side to the illuminating light of love, as well as offering a spotlight on individual leader development to highlight the role of the collective. Each chapter individually and collectively represents the essence of a profound shift in how leadership is approached in the 21st century. The volume offers a variety of viewpoints addressing this spiritual turn in leadership scholarship and provides leadership tools to assist leaders in honing their practices to address contemporary challenges and unleash their full potential. In a world where the challenges are immense and multifaceted, this anthology explores leadership that transcends the mundane and ventures into the extraordinary. *Leadership at the Spiritual Edge* will be of use to researchers, scholars, and students of leadership studies, particularly those interested in new ways of viewing and developing leadership.

Dancing Spirit, Love, and War Evadne Kelly, 2019-07-09 Meke, a traditional rhythmic dance accompanied by singing, signifies an important piece of identity for Fijians. Despite its complicated history of colonialism, racism, censorship,

and religious conflict meke remained a vital part of artistic expression and culture Evadne Kelly performs close readings of the dance in relation to an evolving landscape following the postcolonial reclamation that provided dancers with political agency and a strong sense of community that connected and fractured Fijians worldwide Through extensive archival and ethnographic fieldwork in both Fiji and Canada Kelly offers key insights into an underrepresented dance form region and culture Her perceptive analysis of meke will be of interest in dance studies postcolonial and Indigenous studies anthropology and performance ethnography and Pacific Island studies Itinerant Ideas Joanna Crow, 2022-09-10 This book explores how ideas about race travelled across national borders in early twentieth century Latin America It builds on a vast array of scholarly works which underscore the highly contingent and flexible nature of race and racism in the region The framework of the nation state dominates much of this scholarship in part because of the important implications of ideas about race for state policies This book argues that we need to investigate the cross border elaboration of ideas that informed and fed into these policies It is organized around three key policy areas labour cultural heritage and education and focuses on conversations between Chilean and Peruvian intellectuals about the indigenous question Most historical scholarship on Chile and Peru draws attention to the wars fought in the nineteenth century and their long term consequences which reverberate to this day Relations between the two countries are therefore interpreted almost exclusively as antagonistic and hostile Itinerant Ideas challenges this dominant historical narrative
