Shaping The Ideal Child Children And Their Primers In Late Imperial China:

Shaping the Ideal Child Limin Bai, 2005 This book examines traditional Chinese literacy primers in the context of intellectual involvement in elementary education It analyses the contents of the primers their underlying philosophical premises and what they reveal about elite attitudes towards children and childhood The study points to a close link between elite conceptions of children and Confucian attempts to construct an ideal society Providing a new perspective on pre modern Chinese society and culture that is relevant to our understanding of education in contemporary China Handbook of the History of Education John L. Rury, Eileen H. Tamura, 2019-06-17 This handbook offers a global view of the historical development of educational institutions systems of schooling ideas about education and educational experiences Its 36 chapters consider changing scholarship in the field examine nationally oriented works by comparing themes and approaches lend international perspective on a range of issues in education and provide suggestions for further research and analysis Like many other subfields of historical analysis the history of education has been deeply affected by global processes of social and political change especially since the 1960s The handbook weighs the influence of various interpretive perspectives including revisionist viewpoints taking particular note of changes in the past half century Contributors consider how schooling and other educational experiences have been shaped by the larger social and political context and how these influences have affected the experiences of students their families and the educators who have worked with them The Handbook provides insight and perspective on a wide range of topics including pre modern education colonialism and anti colonial struggles indigenous education minority issues in education comparative international and transnational education childhood education non formal and informal education and a range of other issues Each contribution includes endnotes and a bibliography for readers interested in further study The Anthropology of **Childhood** David F. Lancy, 2022-03-10 How are children raised in different cultures What is the role of children in society How are families and communities structured around them Now in its third edition this deeply engaging book delves into these questions by reviewing and cataloging the findings of over 100 years of anthropological scholarship dealing with childhood and adolescence It is organized developmentally moving from infancy through to adolescence and early adulthood and enriched with anecdotes from ethnography and the daily media to paint a nuanced and credible picture of childhood in different cultures past and present This new edition has been expanded and updated with over 350 new sources and introduces a number of new topics including how children learn from the environment middle childhood and how culture is transmitted between generations It remains the essential book to read to understand what it means to be a child in our complex ever changing world Children's Literature and Transnational Knowledge in Modern China Shih-Wen Sue Chen, 2019-04-29 This book examines the development of Chinese children's literature from the late Qing to early Republican era It highlights the transnational flows of knowledge texts and cultures during a time when children s literature in China

and the West was developing rapidly Drawing from a rich archive of periodicals novels tracts primers and textbooks the author analyzes how Chinese children's literature published by Protestant missionaries and Chinese educators in the late nineteenth and early twentieth centuries presented varying notions of childhood In this period of dramatic transition from the dynastic Qing empire to the new Republican China young readers were offered different models of childhood some of which challenged dominant Confucian ideas of what it meant to be a child This volume sheds new light on a little explored aspect of Chinese literary history Through its contributions to the fields of children's literature book history missionary history and translation studies it enhances our understanding of the negotiations between Chinese and Western cultures that shaped the publication and reception of Chinese texts for children The Global History of Childhood Reader Heidi Morrison, 2013-03-05 The Global History of Childhood Reader provides an essential collection of chapters and articles on the global history of childhood The Reader is structured thematically so as to provide both a representative sampling of the historiography as well as an overview of the key issues of the field such as childhood as a social construct commonalities and differences globally and why the twentieth century was not the century of the child for most of the world's children The Reader is divided into four parts Theories and methodologies of the history of childhood Constructions of childhood in different times and places Children's experiences in different times and places Usage of the past to articulate solutions to problems facing children today Topics covered include theories and methodologies in the global history of childhood sources for writing a global history of childhood education gender disability race class and religion the individual in history and emotions violence labour and illiteracy With introductions that contextualize each of the four parts and the articles further reading sections and questions this is the perfect guide for all students of the history of childhood Middle Imperial China, 900-1350 Linda Walton, 2023-08-03 In this highly readable and engaging work Linda Walton presents a dynamic survey of China's history from the tenth through the mid fourteenth centuries from the founding of the Song dynasty through the Mongol conquest when Song China became part of the Mongol Empire and Marco Polo made his famous journey to the court of the Great Khan Adopting a thematic approach she highlights the political social economic intellectual and cultural changes and continuities of the period often conceptualized as Middle Imperial China Particular emphasis is given to themes that inform scholarship on world history religion the state the dynamics of empire the transmission of knowledge the formation of political elites gender and the family Consistent coverage of peoples beyond the borders Khitan Tangut Jurchen and Mongol among others provides a broader East Asian context and introduces a more nuanced integrated representation of China s A History of Aging in Qing China Clara Wing-chung Ho,2025-05-24 This book examines the history of aging and old past age during the Qing dynasty a pivotal period marked by rapid population growth that resulted in the largest elderly population in imperial China Drawing on previously overlooked first person accounts from the extensive collections authored by Qing men and women it offers an overview of the self curated collective aging journeys of several hundreds of elders By

centering the voices of individuals reflecting on their aging experiences this book delves into the personal narratives from both genders rediscovering their aging journeys revealing their subjectively constructed emotional landscapes and giving a voice to the elderly individuals of the past The chapters closely analyze how the elderly in Qing China articulated their aging process channeling their joys challenges and frustrations in later life History is not the monopoly of a single gender class race or age group without representations of the elderly history remains incomplete This book seeks to restore the elderly to the historical narrative and invites further discussion on Chinese historical gerontology as an emerging subfield In addition to appealing to general readers interested in contemporary demographic issues from a historical perspective this book will engage students and researchers of history historical gerontology aging studies gender studies cultural studies sociology psychology and Asian studies Transnational Books for Children 1750-1900 Charlotte Appel, Nina Christensen, M.O. Grenby, 2023-08-15 This is the first study to take a comprehensive look at transnational children's literature in the period before 1900 The chapters examine what we mean by children's literature in this period as well as what we mean by transnational in the context of children's culture They investigate who transmitted children's books across borders authors illustrators translators publishers teachers relatives readers through what networks the books were spread commercial religious colonial public familial and how the new local identities of imported texts were negotiated They ask which kinds of books were the most mobile and they consider what happens to texts when they migrate as well as what effects transnational dissemination had on individual readers and on societies and cultures more broadly Geographically the case studies gathered here range right across Europe from Dublin to St Petersburg then onto North America India and China They extend widely across the many genres and formats of children's reading from cheap print such as almanacs and ABCs to fairy tales and fables children's novels textbooks and beautifully illustrated gift books

Literary Information in China Bruce Rusk, Anatoly Detwyler, Christopher Nugent, Xiao Liu, Jack W. Chen, 2021-05-11 Information has become a core concept across the disciplines yet it is still often seen as a unique feature of the Western world that became central only in the digital age In this book leading experts turn to China's textual tradition to show the significance of information for reconceptualizing the work of literary history from its beginnings to the present moment Contributors trace the organization of literary information across China's three millennia of history examining the forms and practices of information management that have evolved alongside the increasing scale and complexity of textual production They reimagine literary history as information processing detailing the many kinds of storage encoding sorting and transmission that constitute and feed back into China s long and ever growing cultural tradition The volume features state of the field essays on all major forms of literary information management from graphs to internet literature and from commentaries to literary museums and archives By shifting focus from individual works and their authors to the informatic schemata of literature it identifies three scales of information management the word the document and the collection and surveys the forms that operate at each level such as the

dictionary the anthology and the library Literary Information in China is a groundbreaking work that provides a systematic and innovative reassessment of literary history with implications that extend beyond the particular Chinese context revealing Spotlight on China Shibao Guo, Yan Guo, 2016-03-22 Fuelled by forces of how informatic practices shape literary tradition globalization China has gradually shifted from a centrally planned economy to a socialist market economy Under the market economy China has experienced a massive and protracted economic boom It is not clear however whether recent economic changes have brought the same miracle to education in China Spotlight on China brings together established and emerging scholars from China and internationally in a dialogue about the profound social and economic transformation that has resulted from the market economy and its concomitant impact on education in China The book covers a wide range of topics including Market economy and curriculum reform Teaching under China's market economy Changes in higher education Transitions from education to work Market economy and social inequality With its broad scope and fresh critical perspectives this collection offers a most contemporary and comprehensive analysis of possibly the largest education system in the world Lessons learned from the China experiment will inform researchers and educators about social and educational reforms in other countries which are undergoing similar fundamental changes Spotlight on China provides a state of the art picture dynamic partial full of contradictions and tensions and as we speak in movement and local reconfiguration Allan Luke Queensland University of Technology The book moves social science research on China's education another step forward by refining the balance between the viability of mainstream western concepts and the analytical possibilities of creating a new scholarship based on a deeper understanding of the historically grounded realities of contemporary Chinese education Gerard A Postiglione The University of Hong Kong **Teaching Confucianism** Jeffrey L. Richey, 2008-02-05 Even the most casual observer of Chinese society is aware of the tremendous significance of Confucianism as a linchpin of both ancient and modern Chinese identity Furthermore the Confucian tradition has exercised enormous influence over the values and institutions of the other cultures of East Asia an influence that continues to be important in the global Asian diaspora If forecasters are correct in labeling the 21st century the Chinese century teachers and scholars of religious studies and theology will be called upon to illuminate the history character and role of Confucianism as a religious tradition in Chinese and Chinese influenced societies The essays in this volume will address the specifically pedagogical challenges of introducing Confucian material to non East Asian scholars and students Informed by the latest scholarship as well as practical experience in the religious studies and theology classroom the essays are attentive to the various settings within which religious material is taught and sensitive to the needs of both experts in Confucian studies and those with no background in Asian studies who are charged with teaching these traditions The authors represent all the arenas of Confucian studies from the ancient to the modern Courses involving Confucius and Confucianism have proliferated across the disciplinary map of the modern university This volume will be an invaluable resource for instructors not only in religious studies departments and theological
