Sharing Care Robert Ziegler, Andrew Bush, 2013-05-13 A clinician faces a multitude of considerations when assessing a child patient Foremost among these is that caring for the child entails caring for the family members involved with that child The therapist must balance the competing needs and feelings of the child parents and family as a whole By forming an alliance with all members of the family the therapist is in a position to strengthen and enhance the ties between child parents and family during all phases of assessment and treatment leading to a more effective therapeutic intervention Paving the Way for Children's Success offers a model that will help clinicians achieve this alliance The model presented in this book focuses on ways to integrate child assessment and treatment with that of their parents and families level of function It uses the authors unique concept of the Zones of Care to help clinicians assess this level of function In turn each of the four zones leads to a specific approach to treatment The authors present how these treatment approaches to current internalizing and externalizing disorders in children and adolescents allow clinicians to integrate a wide variety of techniques to address most DSM IV categories Their approach stresses both symptom reduction and the cultivation of coping skills It also integrates fiscal issues of treatment into the development of the alliance with the parents in resolving the presenting problem Dr Ziegler and Dr Bush present the reader with practical workable strategies for laying down strong diagnostic foundations for successful treatment making Paving the Way for Children's Success a valuable resource for any clinician working with

children and adolescents Empowering Play in Primary Education Aimee Durning, Sara Baker, Paul Ramchandani, 2024-07-31 The education system does not always promote or give primacy to play within the curriculum yet research and policy alike acknowledge the importance of play for children and young people Empowering Play in Primary Education addresses this issue contributing innovative ideas about how teachers teaching assistants and children may incorporate play within the classroom while also advocating for its use as a powerful tool for ensuring successful learning outcomes Packed with imaginative ideas and practical suggestions this essential book combines theory with tried and tested practice to encourage and inspire teachers to make use of the pedagogy of play and enhance their children s learning experience Topics explored within the book include but are not limited to Playful enquiry exploring the relationship between academic research and practitioner wisdom Practices of play within different settings Inclusive practice for play in the primary school Designing a high quality low cost model for play in the Early Years Play within the wider school community e g playful leadership and pedagogy as play This is an essential read for any teacher teaching assistant headteacher senior leader or policy maker who wishes to embed more opportunities for play within their curriculum and school Humor and Laughter, Playfulness and Cheerfulness: Upsides and Downsides to a Life of Lightness Willibald Ruch, Tracey Platt, René T. Proyer, Hsueh-Chih Chen, 2019-08-12 The emergence of Positive Psychology has highlighted the importance of studying the good life and how to attain it Positive life outcomes such as well being thriving flourishing and happiness were discussed and investigated Among them different orientations to happiness were identified such as a life of pleasure life of meaning and life of engagement Other outcomes such as subjective and objective fulfillment in life or societal recognition have been less studied Among the characteristics that facilitate positive outcomes the VIA classification of strength and virtues distinguishes 24 strengths with humor playfulness being one of them Only a small segment of humor entered the definition of humor as character strengths namely the parts that contain some goodness Humor as a character strength facilitates a lot of positive outcomes such as positive emotions and positive relationships and there is a lightness accompanying humor playfulness The field is broader though and transcends the definition of humor as used in positive psychology in at least two ways First there is actually a family of overlapping but still distinct concepts with different research traditions We include next to humor and types of humor also laughter playfulness and cheerfulness We think that more research is needed on how they do overlap and what makes them distinct Second while positive psychology is interested in the goodness of we do want to stress that there is the need to study the non virtuous parts as well That is laughter may not only be expressing amusement but scorn directed at people humor may be benevolent but there is also sarcasm and playfulness may elicit positive emotions but also risk prone and immature types of behavior Therefore the aim of this Research Topic was to collect current perspectives on humor playfulness laughter and cheerfulness in both adults and children to study their full diversity but also interrelations and overlapping features to introduce new instruments or ways for their assessment in future studies and to study their causes

and consequences in a variety of life domains We encouraged studies on differences due to gender or nationality the embodiment in different groups e g class clowns psychiatric patients or whether or not they can be trained We also welcomed contributions from adjacent disciplines e g education leisure studies or therapy counseling and different regions of the earth The outcome is a set of 33 manuscripts from altogether 101 authors Not all areas are covered and not all aims were met while we made progress there is much left to do In this sense the merging of these topics may be the first milestone but like every milestone it only marks the beginning of a long journey

Stories of Sports Crystal L. Beach, Katie Shepherd Dredger, Katherin Garland, Cathy Leogrande, 2021-03-12 Stories of Sports Critical Literacy in Media Production Consumption and Dissemination discusses how media demonstrates privilege policing stereotypes confirmation bias and objectification in a world where the role of athletics in Western society speaks to privilege and power Contributors use a critical media lens to analyze texts including newspapers magazines film television social media and sportscasts to demonstrate to readers the ways in which sports stories reinforce or disrupt patterns of power and the ways that power is enacted This book questions the role of the sports industrial complex in our society and argues that while healthy competition and physical health can come from bodily exertion corruption can contaminate these benefits with the wielding of influence and the acquisition of cultural and financial capital Contributors examine how the ways that resources are allocated the coverage of certain sports and athletes and how viewers view competitive arenas speak to power and privilege in ways that can affect both athletes and athletic stakeholders highlighting the importance of critically examining sports media Scholars of media studies and sports will find this book particularly useful

The SAGE Handbook of Child Research Gary B Melton, Asher Ben-Arieh, Judith Cashmore, Gail S. Goodman, Natalie K. Worley, 2013-12-18 It is refreshing to see a book such as this which is both broad in its conceptualization of the field of child research and deep in its focus The volume's editors are paragons of awareness when it comes to the need for interdisciplinary research and theory to illuminate the lives and experience of children James Garbarino Loyola University Chicago Covers a satisfying and unprecedentedly wide range of research relating to childhood The contributors include many eminent international scholars of childhood

making the book a valuable resource for child researchers Child advocates will also find the book to be invaluable in their efforts to improve children s well being and to change policies and practices for the better Anne Smith University of Otago A really scintillating collection that will provide a lasting perspective on child studies stimulating and comprehensive Jonathan Bradshaw University of York In keeping with global changes in children s social and legal status this Handbook includes examination of children as family members friends learners consumers people of faith and participants in law and politics The contributors also discuss the methodological and ethical requirements for research that occurs in natural settings and that enables children themselves to describe their perspective The book is divided into three parts Part I Setting Specific Issues in Child Research Part II Population Specific Issues in Child Research Part III Methods in Research on Children and Childhood
