## Sharing The Light:

*Sharing Light* Tim Morrison, 2011-10-28 Gingerly bending to gather the pieces he couldn't reach he paused as an unusual pair of legs captured his attention He hesitated to look up One was real One was not Fourth Down and Tomorrow to Go There is a force beyond us a power unmoved by weapons and a peace no army can destroy We must surrender what we are for what we might become Spirit of the Ukraine No not intentionally sometimes we're just out of control We believe we have control but we don't And before despair strikes your spirit takes over Snow Runner A distant memory like radiation filling empty space unseen yet full of energy forced its emergence into my subconscious On Tiny Wings Nobody knew we were here We gazed in awe along the trail the physical history of our journey buried beneath the purest snow The Intruder He studied the smooth softness of her numbed left side Creases recorded memories with each experience Her intense awareness merged with another dimension of the wilderness hidden from him Home

Sharing Lights on the Way to God Pim Valkenberg, 2006 This book seeks to give form to a theology that hyphenates two traditions that have not only been in constant conflict during most of their historical encounters but are also presented as opposite blocks in the threatening clash of civilizations at the beginning of the third millennium Islam and Christianity Based on experiences of dialogue between the three Abrahamic faiths this book analyzes historical and contemporary processes of interreligious dialogue between Christians and Muslims in order to arrive at a concept of dialogue as mutual emulation It shows how in their theologies of religious others Judaism Christianity and Islam have based their images of others on their self images This characteristic makes traditional theologies of religion quite unsuitable for interreligious dialogue Consequently the author of this book develops a model in which comparative theology and interreligious dialogue are connected by studying as a Christian theologian the theological and spiritual sources of his Muslim partners These exercises in comparative Muslim Christian theology comprise both the medieval Aquinas al Ghazali Rumi and the modern periods Said Nursi Fethullah Gulen Tariq Ramadan An interlude on Teresa of Avila's poem Nada te turbe shows how Christians may recover important insights from their own tradition by reading these Muslim theological and spiritual sources

*Evolution of Creation and the Soul* Andreas Wolf von Guggenberger describes a fascinating creation myth and presents a new  
ethic for our time His original vision of the origin and genesis of creation combines scientific and spiritual theories with a  
deeply felt religious vision to create a stirring synthesis In it he describes How souls might have come into being with their  
levels of perception How they communicate How in the ADAMEBENE in the heavens the basic concepts for the universe and  
man evolved A new perspective on the Adam Eve myth The origin of the universe with the evolution of human beings He  
expands the concept of evolution by distinguishing between a spiritual evolution of consciousness and a material evolution of  
the universe Spiritual and material interpenetrate and mutually evolve How fate mental predispositions the will and chance  
create each other With 154 principles of creation he describes a continuous evolution of soul and creation He shows how
