Sharing Destiny A Study Of Global Integration:

Sharing Destiny Trygve Mathisen, 1984 *Global Community* Akira Iriye, 2002-07-06 How did the global community both as an idea and as a reality originate and develop over time This text examines this concept by looking at the emergence growth and activities of international organizations from the 19th century to the 21st Akira Iriye one of this country's most preeminent historians proposes a significant rereading of the history of the past fifty years suggesting that the central influence on the international scene in this period was not the Cold War but rather a deepening web of international interactions The first systematic study of international organizations by a historian *Global Community* moves beyond the usual framework for studying international relations politics war diplomacy and other interstate affairs as it traces the crucial role played by international organizations in determining the shape of the world today **Future Survey Annual 1984**
