Sharing The Promised Land Israelis And Palestinians Today:

Sharing the Promised Land Dilip Hiro,1999 Dilip Hiro one of the most experienced of Middle East hands provides readers with a comprehensive chronicle of Israeli and Palestinian lives shaped by negotiation and confrontation right up to the present

Sharing the Land of Canaan Mazin B. Qumsiyeh,2004-06-20 There is no more compelling and dramatic unfolding story with more profound international ramifications than the conflict in the Middle East Sharing the Land of Canaan is a critical examination of the core issues of the conflict that dares to put forward a radical but logical solution that a shared state is the best way to achieve justice and peace for Israelis and Palestinians Mazin B Qumsiyeh offers an overview of the issues at stake and outlines his vision for a lasting peace based on upholding the principles of human rights for all Tackling taboo subjects myths and obstacles he argues convincingly that apartheid in the form of a two state solution is no longer a feasible way to achieve enduring peace At this critical time when the road map to peace looks more uncertain than ever this book provides a refreshing counterpoint to the failed strategies of the past It is a direct and accessible account of the history and mythology of the fabled Land of Canaan which lays out hopeful ideas for the future of this truly multiethnic and multicultural region

Women, the State, and War Joyce P. Kaufman,Kristen P. Williams,2007-01-01 Women the State and War looks at the intersection of gender citizenship and nationalism marriage intermarriage and how states gender that relationship and the ways in which women are used as symbols to reinforce or further nationalistic goals Women have long struggled with issues of citizenship identity and the challenge of being recognized as equal members of the community Governments use feminine imagery e g mother country to create a national identity while simultaneously minimizing the role that women play as productive contributors to the society Authors Joyce P Kaufman and Kristen P Williams examine the relationship of government and women in four different countries the United States Israel the former Yugoslavia and Northern Ireland In each case numerous similarities appear conflict plays a significant role in the definition of citizenship for women women s movements have worked in contradiction to the state and citizenship and marriage are gendered undertakings

Israel and Palestine - Out of the Ashes Marc H. Ellis,2002-10-20 As the world watches with horror the unfolding events in Palestine and Israel Marc Ellis a Jewish American scholar examines what he sees as a crisis point in Jewish identity In this book Ellis offers a vision of Judaism that testifies to an ethical life in our era based on the principles of justice and community upon which the Jewish faith was founded Only by addressing the way in which those original principles are being squandered by a militarised state of Israel and a complicit Jewish establishment in America he argues can there be hope for peace in the future Israel and Palestine Out of the Ashes is a deeply personal philosophical account of contemporary Jewish identity Looking beyond the legacy of the Holocaust and beyond the portrayal of Jews as either victims or persecutors Ellis forges a new vision of what it means to be Jewish today

The Modern Middle East, Third Edition Mehran Kamrava,2013-09-27 From the fall of the Ottoman Empire through the Arab Spring this title offers a classic treatise

on the making of the contemporary Middle East remains essential reading for students and general readers who want to gain a better understanding of this diverse region

The Palestine-Israeli Conflict Dan Cohn-Sherbok, Dawoud El-Alami, 2022-08-04 The essential guide that allows both sides to be heard Rabbi Professor Dan Cohn Sherbok presents the Israeli perspective while Dr Dawoud El Alami presents the Palestinian perspective Updated to cover the most recent events including the US recognition of Jerusalem as the capital of Israel and the May 2021 fighting in Gaza this bestselling introduction explores the history motivations and people behind the Palestine Israel conflict and assesses the prospects for peace after almost eighty years

Peacemakers in Israel-Palestine Robert Hostetter, 2022-10-04 This book offers an analysis of the major sources of the Israeli Palestinian conflict and suggests principles and processes for building a peacemaking platform The primary aim of this book is to analyze the crucial roles and capacities of mid level nongovernmental peacemakers as they provide unique approaches to transforming the Israel Palestinian conflict It also aims to analyze and experience dialogue as the primary mode of peacemaking communication The two part format of this book creates a structural dialogue Part One provides an academic introduction to the Israeli Palestinian conflict why it matters the role of identities and strategies for transforming the conflict based on international law and human rights Part Two is presented in a dialogue format providing further conflict analysis through storytelling and dialogues with peacemakers This book will be of great interest to anyone engaged with peace and conflict transformation ethnography social justice communication studies and Middle Eastern studies human rights and international law

Radical Christianity in Palestine and Israel Samuel J. Kuruvilla, 2013-03-27 Christianity arose from the lands of biblical Palestine and regardless of its twentieth century associations with the Arab Israeli conflict to Christians around the world it remains first and foremost the birthplace of Christianity Nevertheless the size of the Christian population among Palestinians today living in Israel and the Palestinian territories is now relatively insignificant In *Radical Christianity in the Middle East* Samuel J Kuruvilla argues that Christian Palestinians often employ politically astute as well as theologically radical means in their efforts to prove relevant as a minority community within Israeli and Palestinian societies Examining the political background of the gradual collapse of secular Arab Nationalism to be replaced by Islamic liberation movements he reveals a trend within the Christian Palestinian Church which saw increasing politicisation in the 1980s and 1990s In the face of often restrictive Israeli policies such as land confiscation along with the First Intifada there was a drive towards setting up inter Church and faith activism with the goal of Palestinian liberation Kuruvilla charts the development of a theology of Christian liberation in particular through the work of Palestinian Anglican cleric Naim Stifan Ateek and Palestinian Lutheran Pastor Mitri Raheb From its roots in 1960s Latin America liberation theology has been adapted and contextualised within the specific situation within Israel and Palestine to produce a framework that emphasises peace and reconciliation while recognising the importance of resistance and national unity Theology has impacted Christian perceptions of Palestinians struggle with Israel the idea of a

land promised to the sons of Abraham and the moral responsibilities that come with this are pitted against Israeli oppression of both Christian and Muslim inhabitants of the Holy Land and their desire for independence and justice Through this comprehensive study of the often overlooked theological political and practical position of Christians in Palestine Kuruvilla provides a new and insightful perspective on one of the most written about conflicts [Contemporary Catholic Approaches to the People, State, and Land of Israel](#) Gavin D'Costa, Faydra Shapiro, H. B. Pierbattista Pizzaballa, 2022-02-18 After Vatican II the Roman Catholic Church began a process of stripping away anti Jewish sentiments within its theological culture One question that has arisen and received very scant attention regards the theological significance of the founding of the state of Israel in 1948 and the attendant nakba the plight of the Palestinian people Some American evangelical Christians have developed a theology around the state of Israel associating themselves with Zionism Some Christian groups have developed a theology around the suffering of the Palestinian people and demand resistance to Zionism This unique collection of essays from leading Catholic theologians from the United States Germany France Italy Switzerland England and the Middle East reflect on the theological status of the land of Israel These essays represent an exhaustive range of views None avoid the new Catholic theology regarding the Jewish people Some contributors see this as leading towards a positive theological affirmation of the state of Israel while distancing themselves from Christian Zionists All contributors are committed to rights of the Palestinian people Some affirm the need for strong diplomatic and political support for Israel along with equal support for Palestinians arguing that this is as far as the Church can go Others argue that the Church's emerging theology represents the guilt conscience of Europe at the cost of the Palestinian people None deny the right of Jews to live in the land Two Jewish scholars respond to the essays creating an atmosphere of genuine interfaith dialogue which serves Catholics to think further through these issues [Religion and International Security](#) Lee Marsden, 2019-01-22 Religious violence is on the rise globally Hardly a day passes without news of a vicious attack being carried out in the name of religion Religion can of course bring security to many but its perversion leads to insecurity for all Why is this How and why do so many claim to act on God's behalf to inflict deliberate human suffering In Religion and International Security Lee Marsden explores the return of religion as a major cause of insecurity in the contemporary world He guides readers through the different theoretical perspectives surrounding the study of religion and security arguing that the secular bias that marginalized the role played by religion in recent times must change to reflect the realities of the emerging post secular international order Packed with examples from around the world the book offers a thoughtful and nuanced exploration of religion and security through key themes such as religiously motivated and inspired terrorism and warfare the human security of women and gay people in religiously dominated communities and the capacity for religious communities and leaders to heal conflict through peacebuilding For those who would rather deny a role for religion when considering security the genie is truly out of the bottle This book seeks to understand this phenomenon and how to come to terms with it [Light Force](#) Brother Andrew, Al Janssen, 2004-09-01

Brother Andrew's ministry began with smuggling Bibles behind the Iron Curtain. His phenomenally successful book *God's Smuggler* was born from that mission. But as communism in Eastern Europe declined, Brother Andrew shifted his focus to strengthening the Christian church within the Islamic world. In a time when a mass exodus of Christians has drained the Middle East of God's light, Brother Andrew headed into this war-torn land to bring hope and encouragement to those who remained. *Light Force* recounts the continuing saga of Brother Andrew's most recent mission. Through dramatic true stories, readers get an exclusive behind-the-scenes look at real people affected by the centuries-old conflicts in this volatile part of the world. Now readers can join Brother Andrew and fellow Open Doors missionary Al Janssen in their quest to strengthen God's light in the Middle East. These gripping accounts of Christians caught in the crossfire will captivate readers everywhere.

Pathways to the Public Square International Academy of Practical Theology. Meeting, 2005. This volume represents the proceedings of the 2003 meeting of the International Academy of Practical Theology which was held in Manchester, UK, on the theme of public theology. Featuring over twenty papers from some of the world's leading practical theologians, *Pathways to the Public Square* offers a wide variety of perspectives on the relationship between theology and politics, education, law, culture, and economics. They include subjects as diverse as the role of religion in the constitution of the European Union, theological themes in popular music, Roman Catholic-Muslim dialogue in the U.S.A., and the spirituality of the public realm. This book will be of interest to theological educators and students, church leaders, policy makers, and all those interested in the relationship between religion and public life.

Transboundary Water Issues in Israel, Palestine, and the Jordan River Basin David B. Brooks, Julie Trottier, Giulia Giordano, 2019-10-11. This book highlights the search for permanent freshwater agreements between Israel, Palestine, and the western portions of Jordan, and underscores the benefits of shared water management among the three countries. Throughout the book, efforts are made to share transboundary water in ways that are simultaneously physically feasible, ecologically sustainable, and socially equitable. Thanks to the Peace Treaty between Israel and Jordan, the management of shared water resources has been working well, though future relationships are uncertain at present. However, the current arrangements for Israel and Palestine are at best inadequate and in some cases counterproductive. In closing, the book argues that trilateral agreements on water can and should be concluded now, before seeking to resolve the full range of issues that remain uncertain in a Final Status Agreement between Israel and Palestine.

The Israeli-Palestinian Conflict Karl Cordell, Brendan O'Leary, Stefan Wolff, 2018-10-11. The conflict between Israel and the Palestinians is one of the longest unresolved conflicts of modern times. It has brought about the early and violent deaths of tens of thousands of people and blighted the lives of millions more. It is symbiotically linked to the wider crises that continue to engulf the wider region. The purpose of this volume is to elucidate both the nature of the conflict, but perhaps more importantly, to make some tentative proposals with regard to how the conflict may eventually be peacefully concluded. The contributors offer their prognosis in light of the fact that both Israeli and Palestinian society is becoming increasingly

polarised and prey to fanatics who argue that the conflict will and should be solved by the complete destruction of one side by the other In short this volume seeks to provide rational counter arguments to fundamentalist bile that questions the fundamental humanity of the opposing side This book was originally published as a special issue of the journal Ethnopolitics

Doomed to Failure? Ofira Seliktar,2009-08-27 This ground breaking book examines how and why the much vaunted Oslo Peace Accords between the Israelis and Palestinians collapsed The author analyzes the players on both sides of the accords pointing out the attitudes and actions that serve to undermine peace and promote conflict On the one hand she criticizes the Islamist organizations Hamas and Palestinian Islamic Jihad for not tolerating the idea of any true long term peace with Israel On the other hand she scrutinizes the factions for and against Oslo that developed within Israeli government circles and she calls into question the ability of Israeli intelligence to correctly assess the Palestinian negotiators By means of such examination this book poses a fundamental question Can Islamic fundamentalism ever accept the existence of Israel or will it short circuit any prospect of peace between majority Muslim states and their non Muslim counterparts *Palestine and Israel* Meindert Dijkstra,2023-08-22 Republished in an English edition as the modern state of Israel prepares to celebrate its seventy fifth anniversary in 2023 this book presents a history of Israel and Palestine up to the foundation of that modern state Stretching from the thirteenth century BCE until the First World War it is a concealed history of a mixed multitude of winners and losers living in the same land It can be read as a regional history of the Southern Levant written in light of modern historical and archaeological research But it can also help shed light on the Israeli Palestinian question It contributes to a better understanding of why the Palestinians regardless of where they live have remained rooted in their patrimony Palestine and why they as a people now as ever are entitled to a land and state of their own *Shared Borders, Shared Waters* Sharon B. Megdal,Robert G. Varady,Susanna Eden,2012-12-18 This collection of papers examines water management in two of the worlds prominent arid transboundary areas facing similar challenges In the Middle East the chronically water short Israeli Palestinian region has recognized the need both to conserve and supplement its traditional water sources Across the globe on the North American continent A **The Only Language They Understand** Nathan Thrall,2017-05-16 In a myth busting analysis of the world s most intractable conflict a star of Middle East reporting one of the most important writers in the field The New York Times argues that only one weapon has yielded progress force Scattered over the territory between the Jordan River and the Mediterranean Sea lie the remnants of failed peace proposals international summits secret negotiations UN resolutions and state building efforts The conventional story is that these well meaning attempts at peacemaking were repeatedly perhaps terminally thwarted by violence Through a rich interweaving of reportage historical narrative and powerful analysis Nathan Thrall presents a startling counter history He shows that force including but not limited to violence has impelled each side to make its largest concessions from Palestinian acceptance of a two state solution to Israeli territorial withdrawals This simple fact has been neglected by the world powers which have expended countless

resources on initiatives meant to diminish friction between the parties By quashing any hint of confrontation promising an imminent negotiated solution facilitating security cooperation developing the institutions of a still unborn Palestinian state and providing bounteous economic and military assistance the United States and Europe have merely entrenched the conflict by lessening the incentives to end it Thrall's important book upends the beliefs steering these failed policies revealing how the aversion of pain not the promise of peace has driven compromise for Israelis and Palestinians alike Published as Israel's occupation of East Jerusalem the West Bank and Gaza reaches its fiftieth anniversary which is also the centenary of the Balfour Declaration that first promised a Jewish national home in Palestine *The Only Language They Understand* advances a bold thesis that shatters ingrained positions of both left and right and provides a new and eye opening understanding of this most vexed of lands

Jaffa Shared and Shattered Daniel Monterescu, 2015-08-24 Binational cities play a pivotal role in situations of long term conflict and few places have been more marked by the tension between intimate proximity and visceral hostility than Jaffa one of the mixed towns of Israel Palestine In this nuanced ethnographic and historical study Daniel Monterescu argues that such places challenge our assumptions about cities and nationalism calling into question the Israeli state's policy of maintaining homogeneous segregated and ethnically stable spaces Analyzing everyday interactions life stories and histories of violence he reveals the politics of gentrification and the circumstantial coalitions that define the city Drawing on key theorists in anthropology sociology urban studies and political science he outlines a new relational theory of sociality and spatiality

The Money Mafia Paul T. Hellyer, 2014-10-01 Exposing perceived fault lines in our banking and financial systems and explaining how unemployment could be cut in half in two years and worldwide prosperity restored this book argues the existence of exotic energy sources to replace fossil fuels and consequently recommends an immediate end to fracking and offshore drilling for oil It further urges an immediate worldwide mobilization to replace the energy source in every car truck tractor ship airplane and house on Earth in seven years in a desperate effort to save the planet from further overheating The book blasts government secrecy and more than 65 years of supposed lies and disinformation and demands full disclosure of what they know about visitors from other realms and their technology and the extent of their collaboration including any treaties that may have been signed by them With more than 65 years of participation in and observation of political and economic systems beginning with the Great Depression extending through World War II the postwar era of hope for a better life the Cold War the subjugation of democracy by oligarchy and the subtle but continuous militarization of America Paul T Hellyer analyzes what he believes has gone wrong with the world and its economy and suggests radical measures to introduce a universal culture of peace and cooperation
