An Illustrated Pocket Guide to the Sharks of the World David A. Ebert, Sarah Fowler, Sarah L. Fowler, 2014-06-16 Sharks are probably the most misunderstood animals on the planet. We all still have a lot to learn about these fascinating creatures which are sadly more seriously threatened with extinction and in greater need of conservation and management action than any other major group of vertebrates. We have produced this guide not just because we and so many other people love sharks. It is also because their identification, whether of living animals, fishery catches or body parts sold at markets, is an essential tool to support shark conservation, fisheries management and international trade regulation, prevent further depletion of stocks and enable their recovery. The first pocket guide to all 501 shark species, all species illustrated and described in a handy compact format with concise text, a six-page guide to shark teeth identification, an eight-page guide to the identification of the shark fins most commonly encountered in the fin trade. Colour plates are by Marc Dando from the hugely acclaimed *Sharks of the World: A Fully Illustrated Guide*.

[Global Perspectives on the Biology and Life History of the White Shark](#) Michael L. Domeier, 2012-02-03 Inspired by the International White Shark Symposium in 2010, *Global Perspectives on the Biology and Life History of the White Shark* incorporates the most important contemporary research findings into a single peer-reviewed book. This beautifully illustrated reference represents a historic change in the context of White Shark, *Carcharodon carcharias*.

[The Shark God](#) Rafe Martin, 2001 Rafe Martin and David Shannon reunite in this folktale interpretation of a dramatic flood myth set amidst the unmatched beauty of the Hawaiian Islands. In a country whose ruler is cruel and whose people are hardened, two children remain warm-hearted and exuberant. One day, after freeing a shark trapped in the shallows, the children are so excited that they touch the King's forbidden drum. They are thrown into prison and no one will listen to their parents' pleas for mercy. So, at great risk, they go to the Shark God himself and he takes retribution, causing a great flood that leaves only the good family behind and clears the way for a better, kinder future.
