Shattered Shell:

The Experiences of a Care-Giver John Keshi, 2022-08-25 Experiences of a Caregiver is a true story about mental health patients not from the perspective of a psychiatrist but from a mental health worker who cared and interacted with these patients on a daily basis It is moving and enlightening *Traumatic Ruptures: Abandonment and Betrayal in the Analytic Relationship* Robin A. Deutsch, 2014-05-09 For much of its history psychoanalysis has been strangely silent about sudden ruptures in the analytic relationship and their immediate and far reaching effects for those involved Such issues of betrayal and abandonment the death of an analyst a patient's suicide an ethical violation disrupt the stability and cohesion of the analytic framework and leave indelible marks on both individuals and institutions alike In *Traumatic Ruptures* an international range of contributors present first person highly personal and sometimes painful accounts of their experiences and the occasionally difficult yet redeeming lessons they have taken from them Presented in four parts the book explores multiple meanings and consequences of the break in the analytic relationship Part One Ruptured Subjectivity Lost and Found presents accounts of clinical encounters with death Part Two Rupture The Clinical Process addresses the sudden loss of an analyst the trauma of patient suicide and the issue of countertransference when working with patients who have suffered the unexpected loss of their first analyst Part Three The Long Shadow of Rupture examines the effects of ethical violations in the short and long term Finally Part Four Ruptures Impact on Organizations looks at the wider impact of ethical and sexual boundary violations in the context of an organization and the effect of trauma on a psychoanalytic institute By giving voice to issues that are usually silenced the authors here open the door to understanding the complex nature of traumatic rupture within the analytic field This intimate exploration of psychoanalytic treatments and communities is ideal for psychoanalysts psychologists clinical social workers psychiatrists and family therapists It is an important text for clinicians working with individuals who have experienced traumatic ruptures and for members of organisations dealing with their effects **The Rebellion Record** Frank Moore, 1865 **Chatterbox**, 1909 Chatterbox John Erskine Clarke, 1909 Stories articles puzzles games and other miscellaneous writings for children **The Egyptian Campaigns, 1882 to 1885** Charles Royle, 1886 **Oil & Gas Journal**, 1926 Captain Lucy's Flying Ace Aline Havard, 1920 **The Egyptian Campaigns, 1882 to 1885, and the Events that Led to Them - Volume 1** Charles Royle, 2012-04-16 Volume 1 of 2 This is the standard two volume history of one of the classic albeit largely disastrous campaigns of Victorian military history the attempt to impose British rule or influence on Egypt and the trackless wastes of the Sudan which then as now despite much trumpeted victories proved implacably hostile to foreign intervention The climax of the story is the tragic saga of Charles Gordon the charismatic eccentric though fatally flawed British General whose death at Khartoum provoked a belated expedition down the Nile in a futile rescue attempt Royle's history is a model account A barrister and not a military man himself he is unsparing of the political mistakes of successive British administrations Liberal and Conservative to deal with Egypt Vol 1 of

the history traces the political background and the Egyptian Col Arabi's revolt against British dominance. This in turn provoked a major British intervention designed to protect investment in the newly built and vital Suez Canal. Military operations included the siege and partial destruction of Alexandria, the battle of Tel el Kebir and the capture of Cairo.

Our Tribal Future David R Samson, 2023-09-21 An astounding and inspiring look at the science behind tribalism and how we can learn to harness this powerful instinct to improve the world around us. What do you think of when you hear the word tribalism? For many it conjures images of bigotry, xenophobia and sectarian violence. Others may envision their own tribe, family, friends and the bonds of loyalty that keep them together. Tribalism is one of the most complex and ancient evolutionary forces; it gave us the capacity for co-operation and competition and allowed us to navigate increasingly complex social landscapes. It is so powerful that it is a better predictor of our behaviour than race, class, gender or religion. But in our vast modern world has this blessing become a curse? *Our Tribal Future* explores a central paradox of our species: how altruism, community, kindness and genocide are all driven by the same core adaptation. Evolutionary anthropologist David R Samson engages with cutting edge science and philosophy as well as his own field research with small scale societies and wild chimpanzees to explain the science, ethics and history of tribalism in compelling and accessible terms. This bold and brilliant book reveals provocative truths about our nature. Readers will discover that tribalism cannot and should not be eliminated entirely; to do so would be to destroy what makes us human. But is it possible to channel the best of this instinct to enrich our lives while containing the worst of its dangers?

Daniel Mason, New York Times bestselling author. Step up, step up. In 1860s England, circus mania is sweeping the nation. Crowds jostle for a glimpse of the lion tamers, the dazzling trapeze artists and most thrilling of all, the so-called human wonders. When Jasper Jupiter's Circus of Wonders pitches its tent in a poor coastal town, the life of one young girl changes forever. Sold to the ringmaster as a leopard girl because of the birthmarks that cover her body, Nell is utterly devastated. But as she grows close to the other performers, she finds herself enchanted by the glittering freedom of the circus and by her own role as the Queen of the Moon and Stars. Before long, Nell's fame spreads across the world and with it a chance for Jasper Jupiter to grow his own name and fortune. But what happens when her fame begins to eclipse his own, when even Jasper's loyal brother Toby becomes captivated by Nell? No longer the quiet flower picker, Nell knows her own place in the world and she will fight for it. *Circus of Wonders* is a beautiful story about
