She Came Of Decent People:

The Storycatcher Ann Hite, 2013-09-10 After Faith a pastor's daughter is haunted by a ghost who threatens to reveal her father's sins she turns to Shelley a young servant who sees the dead and they journey through the South together looking for answers

The Girls in the Office Jack Olsen, 2020-06-17 A compilation of multiple case histories of single women of various ages who all work for the same company in New York City He never reveals who the company is after decades of thought and a little research I think I figured it out but that isn't important What IS important is the lives of these women how they feel about their lifestyle how they feel about their work how they feel about the company and how they feel about each other If you ever sensed that the faces we wear in public have little to do with who we really are and how we really feel this book will solidify that feeling All of the women are very unique some you admire some you pity some you dislike But all are fascinating It's a flashback to the 1970s and the early stages of the women's liberation movement It will leave you wondering where these women are today and what became of their lives

President (1993-2001 : Clinton), 1999 *Good Housekeeping*, 1920 **The Youth's Companion**, 1855 Includes music *Frank Leslie's New Monthly*, 1864 Post-War Identification Torsten Kolind, 2008-11-12 Stolac the town of departure for this book and the site where the author conducted fieldwork is located in the south western corner of Bosnia Herzegovina The war in Bosnia Herzegovina 1992-95 was initially an act of aggression and territorial conquest instigated by Serbian political leaders However as the war progressed it increasingly came to consist of several minor wars one of them fought in Western Bosnia Herzegovina between Croatian and Muslim forces This was the one that affected the inhabitants of Stolac the most Before the war ethnic identity in Bosnia Herzegovina was only one identity among others and ethnic differences were embedded in everyday practices Today ethnic difference is all there is The Muslims of Stolac are fully aware that as Muslims they constitute a totally separate group and that ethnic identity is by far the most important form of identity in present day Bosnia Herzegovina In that regard the nationalist project has succeeded Such a crystallisation and explication of identity fits in well with the structurally inspired anthropology of war and violence which theorises that the function of violence is to create unambiguous identities However *Post War Identities* shows that for the Muslims of Stolac the creation of unambiguous ethnic identities is only half the story

Dirty Work Eyal Press,2021-08-17 A groundbreaking urgent report from the front lines of dirty work the work that society considers essential but morally compromised Drone pilots who carry out targeted assassinations Undocumented immigrants who man the kill floors of industrial slaughterhouses Guards who patrol the wards of the United States most violent and abusive prisons In *Dirty Work* Eyal Press offers a paradigm shifting view of the moral landscape of contemporary America through the stories of people who perform society s most ethically troubling jobs As Press shows we are increasingly shielded and distanced from an array of morally questionable activities that other less privileged people perform in our name

The COVID 19 pandemic has drawn unprecedented attention to essential workers and to the health and safety risks to which workers in prisons and slaughterhouses are exposed But *Dirty Work* examines a less familiar set of occupational hazards psychological and emotional hardships such as stigma shame PTSD and moral injury These burdens fall disproportionately on low income workers undocumented immigrants women and people of color Illuminating the moving sometimes harrowing stories of the people doing society s dirty work and incisively examining the structures of power and complicity that shape their lives Press reveals fundamental truths about the moral dimensions of work and the hidden costs of inequality in America
