Less than three hours after Lincoln Davis's graduation, his father delivers him an ultimatum: come back home to Mississippi and start paying rent on his bedroom or fend for himself in Atlanta as a completely independent adult. Choosing the latter, Lincoln finds himself meeting a whole new cast of characters who help him to navigate this new terrain. Among this cast, however, is a mysterious woman who could change his understanding of everything he thought he knew. Now Lincoln must come to terms with this newfound independence from his father while, at the same time, opening himself up to the possibilities resulting from this intriguing and unexpected new love affair. **Old and Alone** Jeremy Tunstall, 2024-05-10

What is it like to be an isolated old widow living alone on the bare old age pension? In the 1960s, the question had become a standard refrain. Originally published in 1966, this was the first full-length study by a sociologist of isolation in old age. Although the majority of old people were, in no sense, a problem group at the time, a substantial minority of the elderly were alone in one or more ways. About 1.3 million people aged sixty-five and over in Britain lived alone; a large number admitted to feeling lonely at least sometime. About a million were actually socially isolated in terms of low level and frequency of social contact. Mr Tunstall also uses a fourth category of aloneness, namely anomie, as developed by Durkheim, Merton, and Srole. This report uses careful and statistical analysis of the four types of

aloneness and of specially affected groups such as the single the recently widowed and the housebound But it also includes details of interviews with ten highly individual old people from suburban Harrow booming Northampton industrial revolution Oldham and rural South Norfolk The book contains a discussion of the problem of personality in isolation and a commentary on the inadequacies of social theory about old age Finally the concluding chapter suggests a wide variety of policy measures which might help to alleviate social isolation in old age

**The Widowed Self** Deborah Kestin van den

Hoonard,2009-10-22 How do older women come to terms with widowhood Are they vulnerable or courageous predictable or creative in dealing with this life challenge Most books about widows usually focus on younger women this book interweaves the voices of older widows their experiences and insights to show how they have come to terms with widowhood and have recreated their lives in new unsuspected ways The widows speak about how they relate to their children their friends to men With powerful emotions they describe their husbands final illnesses and deaths and the challenging early days of widowhood Disputing stereotypes about older women and widows The Widowed Self allows the reader to visualize the impact of losing one s life partner and offers a new way of thinking about widowhood This new book by Deborah Kestin van den Hoonard fills a void in previous work on widowhood Rather than seeing these women as unfortunate passive victims of life the reader will come to appreciate the strength and creativity with which these women face one of life s greatest challenges a challenge that affects more than half of all women over the age of sixty five Widows and their families scholars social workers and other professionals who work with older adults will all be interested in reading The Widowed Self The Older Woman s Journey through Widowhood
