RE-IMAGINING
THE DIVINE
IN THE WORLD

CAROL P. CHRIST

She Who Changes Reimagining The Divine In The World

Joseph I. Breidenstein Jr.

She Who Changes Reimagining The Divine In The World:

She Who Changes C. Christ, 2016-04-15 Can we re imagine divine power as deeply related to the changing world Can we re imagine the creation of the world as an ongoing process of co creation in which every individual from particles of atoms to human beings plays a part Can we re imagine Goddess God as the most relational of all relational beings Can we re imagine the world as the body of Goddess God If we can then we can understand the deeper meaning of female images of divine power including Goddess God She Sophia and Shekhina Many traditional understandings of divine power begin with thinly disguised rejections of the female body and connection to the natural world Women theologians from Jewish Christian Goddess and other traditions are re imagining divine and human power as embodied embedded in a changing world and deeply related to all beings in the web of life Drawing on the work of process philosopher Charles Hartshorne whose insights deserve a wider hearing Carol P Christ offers intellectual foundations for deeply held feelings about the meanings of female images of divine power Her gift is the ability to make complex ideas seem simple and radically new ideas seem familiar This book is addressed to everyone who has ever wondered about the implications of re imagining God as female **Queen of**

All Witcheries Jack Chanek, 2025-08-05 Enhance Your Connection to the Goddess through Historical Writings Hands On Rituals Who is the Goddess and how did she become the iconic figure we know today Queen of All Witcheries explores the mythology of the Goddess through a historical lens introducing you to influential voices that shaped the modern Goddess movement including Charles Godfrey Leland Margaret Murray Dion Fortune and Gerald Gardner Jack Chanek examines classic titles that build upon each other like *The Golden Bough* and *The White Goddess* showing how they impacted our contemporary understanding of the Goddess Each chapter includes a solitary ritual a group ritual and a hands on exercise to deepen your devotional experience You will reenact the witches esbat light a divinatory ritual bonfire make flying ointment and more Sharing extensive research and his own experiences Jack provides you a richer understanding of the goddess and her evolving mythology *Reimagining God and Resacralisation* Alexa Blonner, 2019-05-14 This book shows that widespread resacralisation has been taking place which is producing new ways of perceiving God and the divine The last century has seen unmistakable changes in religious practices and the concept of spirituality right across the world There was a broad expectation for much of the twentieth century that religious worldviews would eventually succumb to the challenge of secularist materialism but this process of secularisation has yet to occur as predicted The book begins by contrasting theories of secularisation and resacralisation Throughout the book conceptual threads or new religious themes related to this resacralisation are discussed in terms of three main categories reimagining God's nature substance and location reimagining human value and purpose and reimagining modes of redemption Finally the book considers how these threads are moving in various different directions and what the religious future might hold This is a bold examination of contemporary spirituality that will appeal to academics and scholars of religious studies new religious movements and the sociology of religion

Encyclopedia of Women in World Religions Susan de-Gaia, 2018-11-16 This reference offers reliable knowledge about women's diverse faith practices throughout history and prehistory and across cultures. Across the span of human history, women have participated in world building and life sustaining cultural creativity making enormous contributions to religion and spirituality. In the contemporary period, women have achieved greater equality with more educational opportunities, female role models in public life and opportunities for religious expression than ever before. Contemporaneously with this increased visibility, women are actively and energetically engaging with religion for themselves and for their communities. Drawing on the expertise of a range of scholars, this reference chronicles the religious experiences of women across time and cultures. The book includes sections on major religions as well as on spirituality, African religions, prehistoric religions and other broad topics. Each section begins with an introduction followed by reference entries on specialized subjects along with excerpts from primary source documents. The entries provide numerous suggestions for further reading and the book closes with a detailed bibliography.

Absent Mother God of the West Neela Bhattacharya Saxena, 2015-12-15 This book about the missing Divine Feminine in Christianity and Judaism chronicles a personal as well as an academic quest of an Indian woman who grew up with Kali and myriad other goddesses. It is born out of a women's studies course created and taught by the author called The Goddess in World Religions. The book examines how the Divine Feminine was erased from the western consciousness and how it led to an exclusive spiritually patriarchal monotheism with serious consequences for both women's and men's psychological and spiritual identity. While colonial proselytizing and patriarchal ways have denied the divinity inherent in the female of the species, a recent upsurge of body-centric practices like Yoga and innumerable books about old and new goddesses reveal a deep-seated mother hunger in the western consciousness. Written from a practicing Hindu Buddhist perspective, this book looks at the curious phenomenon called the Black Madonna that appears in Europe and also examines mystical figures like Shekhinah in Jewish mysticism. People interested in symbols of the goddess, feminist theologians and scholars interested in the absence of goddesses in monotheisms may find this book's perspective and insights provocative.

Goddess Luminary Leadership Wheel Lynne Sedgmore, 2021-11-26 Dr Lynne Sedgmore CBE is resetting the management literature on leadership, directing it to a new path. Hers is a bold statement: Lynne doesn't do things by half. She positions contemporary leadership as a spiritual enterprise, insisting on incorporating the sacred feminine as an essential component of successful, read: humane, impactful, holistic, globally conscious leadership. Richly illustrated with practical evidence and timeless wisdom, this beautifully written book will inspire you to better yourself and make your world a better place too. Prof. Dr. Yochanan Altman, Founding Editor, Journal of Management Spirituality Religion, Visiting Professor, WU Vienna. This book is a creative and powerful synthesis of the best of leadership development with an immersive experience of Goddess spirituality. It journeys into new integral territory with a fascinating mix of theory and practice as well as exciting new Luminary models and illuminating practices. Lynne's vast knowledge and experience as a senior leader

feminist and spiritual seeker enables her to make this extraordinary contribution to the field of spiritual and mainstream leadership It provides invaluable guidance and wisdom for leaders in all contexts in these complex and challenging times

Goddesses in Myth and Cultural Memory Emilie Kutash,2021-04-22 How have the goddesses of ancient myth survived prevalent even now as literary and cultural icons How do allegory symbolic interpretation and political context transform the goddess from her regional and individual identity into a goddess of philosophy and literature Emilie Kutash explores these questions beginning from the premise that cultural memory a collective cultural and social phenomenon can last thousands of years Kutash demonstrates a continuing practice of interpreting and allegorizing ancient myths tracing these goddesses of archaic origin through history Chapters follow the goddesses from their ancient near eastern prototypes to their place in the epic poetry drama and hymns of classical Greece to their appearance in Platonic and Neoplatonic philosophy Medieval allegory and their association with Christendom Finally Kutash considers how goddesses were made into Jungian archetypes and how some contemporary feminists made them a counterfoil to male divinity thereby addressing the continued role of goddesses in perpetuating gender binaries

Judith Plaskow: Feminism, Theology, and Justice Hava Tirosh-Samuelson,Aaron W. Hughes,2014-07-24 Judith Plaskow Professor of Religious Studies Emerita at Manhattan College in New York is a leading Jewish feminist theologian She has forged a revolutionary vision of Judaism as an egalitarian religion and has argued for the inclusion of sexually marginalized groups in society in general and in Jewish society in particular Rooted in the experience of women her feminist Jewish theology reflects the impact of several philosophical strands including hermeneutics dialogical philosophy critical theory and process philosophy Most active in the American Academy of Religion she has shaped the academic discourse on women in religion while critiquing Christian feminism for lingering forms of anti Judaism

Bringing the Sacred Down to Earth Corinne G. Dempsey,2012 Corinne Dempsey offers a study of Hindu and Christian Indian and Euro American earthbound religious expressions She argues that official religious political and epistemological systems tend to deny sacred access and expression to the general populace

Integrative Governance: Generating Sustainable Responses to Global Crises Margaret Stout,Jeannine M. Love,2018-07-20 Dominant governance theories are drawn primarily from Euro American sources including emergent theories of network and collaborative governance The authors contest this narrow view and seek a more globally inclusive and transdisciplinary perspective arguing such an approach is more fruitful in addressing the wicked problems of sustainability including social economic and environmental crises This book thus offers and affirms an innovative governance approach that may hold more promise as a universal framework that is not colonizing in nature due to its grounding in relational process assumptions and practices Using a comprehensive Governance Typology that encompasses ontological assumptions psychosocial theory epistemological concepts belief systems ethical concepts political theory economic theory and administrative theory the authors delve deeply into underlying philosophical commitments and carry them into practice through an approach they call Integrative

Governance The authors consider ways this approach to radical self governance is already being implemented in the prefigurative politics of contemporary social movements and they invite scholars and activists to imagine governance in contexts of social economic and environmental interconnectedness to use the ideal type as an evaluative tool against which to measure practice and to pursue paradigmatic change through collaborative praxis [Routledge Companion to Philosophy of Religion](#) Chad Meister, Paul Copan, 2013-01-17 The Routledge Companion to Philosophy of Religion Second edition is an indispensable guide and reference source to the major themes movements debates and topics in philosophy of religion Considerably expanded for the second edition over seventy entries from a team of renowned international contributors are organized into nine clear parts philosophical issues in world religions key figures in philosophy of religion religious diversity the theistic conception of God arguments for the existence of God arguments against the existence of God philosophical theology Christian theism recent topics in philosophy of religion Covering key world religions including Hinduism Buddhism and Islam and key figures such as Augustine Aquinas and Kierkegaard the Companion explores the central topics in theism such as the ontological cosmological and teleological arguments for God's existence Three final parts consider Catholicism Protestantism Eastern orthodoxy and current debates including phenomenology reformed epistemology religious experience and religion and science making the Companion as a whole essential reading for students of philosophy or religion and suitable for anyone coming to the subject for the first time This second edition includes new chapters on Blaise Pascal Baruch Spinoza Interreligious Dialogue Death and the Afterlife Incorporeality Religion and Global Ethics New Religious Movements Religion and the Environment and Religion and Film [Behold](#) Lauren Sleeman, 2021-08-15 Emerging from the Great Darkness through a prism of light come two forsaken goddesses of antiquity Lilith the Great Mother and Crone of the Cosmos and Hekate Goddess of the Dark Moon and the Mysteries of Life Death and Rebirth They stand at the crossroads between worlds as the Bringers of Transformation at a time of chaos Hekate the narrator of this tale descends through the aethers under the watchful guidance of Lilith to portals of otherworldly realms and incarnates on Earth to guide the Souls of mortals through the dark times ahead Sleeman humorously rewrites classic tales of Greek and Celtic mythology to bring her delightful characters to life while resurrecting ancient goddess knowing the Divine Femina Conjuring magic spells and wielding their dark powers Lilith and Hekate visit the Hellenic pantheon to witness Zeus in his demise helping Hera and the goddesses beat the conquerors at their own game Descending to the Celtic Realm Hekate befriends the Druids who mourn their plight as the black robes threaten mortals with damnation making them forsake their pagan beliefs Hekate journeys with her lover Carnonos to festivals honoring Nature and the Otherworld Descending to Earth through the time portals Hekate incarnates alongside mortals In ancient En dor and medieval England she consoles women called witches Hekate herself must go through the Eye of Fire the alchemy of rebirth to guide mortals to their Heart Soul Wisdom In the surprising finale she guides her initiates and the reader through a powerful ceremony ending her story with the promise of hope for the

future

Psychedelic Immortality: Nietzschean Perspectives on Reincarnation, Femtheogens, and Philosophy

Joseph I. Breidenstein Jr., 2025-09-02 Recent research has revealed a psychedelic inspiration for Nietzsche's philosophy and far from being a novelty in the history of philosophy there is significant evidence that several of the first western philosophers ingested psychedelics as well. In his first book Joseph I. Breidenstein Jr. PhD maintained that western philosophy began as what we today would call a feminist religious reformation in the sense that many prominent presocratic philosophers were reviving a paleo-neolithic goddess-centered religiosity of rebirth within the largely patriarchal and death-glorifying culture of archaic Greece. And in this book Dr. Breidenstein Jr. proposes that the presocratics' psychedelic reincarnationist feminine model of education and/or worldview is better suited for democracy in the twenty-first century than the economic model of education that takes the west's mainstream materialistic secular worldview for granted. For several decades now researchers have acknowledged both that the empirical evidence for reincarnation is overwhelming and that psychedelics can evoke past life recollections but explanations for either reincarnation or how psychedelics do this have yet to be offered. By combining Nietzsche's philosophy with the work of other thinkers *Psychedelic Immortality* both provides explanations for each of these phenomena and explores how situating education and democracy within the context of reincarnation can incite a renaissance of American culture and politics. For Nietzscheans and philosophers in particular this book illustrates the contemporary relevance of two neglected aspects of Nietzsche scholarship: i.e. psychedelics and reincarnation and for researchers in such fields as feminist philosophy of religion, ecotheology, philosophy of education, social political philosophy and eastern philosophy it offers a more plausible and healthier worldview in which to explore possibilities in their respective fields that are diminished by the mainstream paradigm. For spiritual seekers of all paths it offers a conception of philosophy as a practice of awakening goddess-consciousness that unfolds over the course of successive lifetimes. *Through Us, with Us, in Us* Lisa Isherwood, Elaine Bell Chambers, 2010

Relational theologies such as feminist theology, ecotheology and liberation theologies of various kinds turn our traditional starting point for theology on its head. They ask what it is that we experience. This book aims to explore the concept of the emerging divine within human and non-human relationality.

Logics of Legitimacy

Margaret Stout, 2017-09-25 The discipline of public administration draws predominantly from political and organizational theory but also from other social and behavioral sciences, philosophy and even theology. This diversity results in conflicting prescriptions for the proper administrative role. So how are those new to public administration to know which ideas are legitimate? Rather than accepting conventional arguments for administrative legitimacy through delegated constitutional authority or expertise *Logics of Legitimacy: Three Traditions of Public Administration Praxis* does not assume that any one approach to professionalism is accepted by all scholars, practitioners, citizens or elected representatives. Instead it offers a framework for public administration theory and practice that fully includes the citizen as a political actor alongside elected representatives and administrators. This framework considers both

direct and representative forms of democracy Examines concepts from both political and organizational theory addressing many of the key questions in public administration Examines past and present approaches to administration Presents a conceptual lens for understanding public administration theory and explaining different administrative roles and practices The framework for public administration theory and practice is presented in three traditions of main prescriptions for practice Constitutional the bureaucrat Discretionary the entrepreneur and Collaborative the steward This book is appropriate for use in graduate level courses that explore the philosophical historical and intellectual foundations of public administration Upon qualified course adoption instructors will gain access to a course outline and corresponding lecture slides

Choice ,2004 *Feminist Periodicals* ,2005 Global Perspectives on Motherhood, Mothering and Masculinities Andrea Moraes,Tola Olu Pearce,2021-06-01 The two phenomena highlighted in this edited volume motherhood mothering and masculinities are each recent areas of development in critical Feminist and Men s Studies In contributing to these areas of gender studies this book draws attention to the fact that much can also be gained when we explore relationships between them an idea that may not readily come to mind While femininities and masculinities are co constructed motherhood and mothering bring additional perspectives to the study of femininity that affect the construction of masculinity in complex ways The 12 chapters in this volume allow readers to ponder some of these complexities and may suggest other issues that require investigation Spanning many continents the essays have both a global and historical reach emphasising cultural differences and historical changes Of import is the idea that mothers have agency and are active in constructions affecting their lives They are able to bring motherhood out of the shadows as they strive to build re evaluate or alter their roles within families and communities These have an impact on developments in masculinities The book is divided into three parts and the chapters investigate a wide range of issues including cultural constructs gender in parent child relationships non binary developments the impact of war on mothering decolonisation struggles and much more

NWSA Journal ,2005 **To Rwanda and Back** Mary C. Grey,2007 What happens when a celebrated feminist theologian whose work has always sought pathways of healing and hope visits Rwanda Mary Grey s shattering experience led to a re examination of her understanding of justice and reconciliation The result is a remarkable book that magically weaves personal narrative with theological insight
