Shelley's Poetic Thoughts Richard Cronin, 1981-02-19 *Shelley's Poetic Thoughts* Richard Cronin, 1981-02-19 *The Complete Poems of Percy Bysshe Shelley* Percy Bysshe Shelley, 2013-02-27 Percy Bysshe Shelley endures today as the great Promethean bard of the High Romantic period who is best remembered for extolling the sublime and affirming the possibility of transcendence *The Complete Poetry of Percy Bysshe Shelley* Percy Bysshe Shelley, 2012-07-01 Winner of the 2013 Richard J Finneran Award Society for Textual Scholarship Outstanding Academic Title Choice His name is Percy Bysshe Shelley and he is the author of a poetical work entitled *Alastor or the Spirit of Solitude* With these words the radical journalist and poet Leigh Hunt announced his discovery in 1816 of an extraordinary talent within a new school of poetry rising of late The third volume of the acclaimed edition of *The Complete Poetry of Percy Bysshe Shelley* includes *Alastor* one of Shelley's first major works and all the poems that Shelley completed for either private circulation or publication during the turbulent years from 1814 to March 1818 *Hymn to Intellectual Beauty* *Mont Blanc* *Laon* and *Cythna* as well as shorter pieces such as his most famous sonnet *Ozymandias* It was during these years that Shelley already an accomplished and practiced poet with three volumes of published verse authored two major volumes earned international recognition and became part of the circle that was later called the Younger Romantics As with previous volumes extensive discussions of the poems composition influences publication circulation reception and critical history accompany detailed records of textual variants for each work Among the appendixes are Mary W Shelley's 1839 notes on the poems for these years a table of the forty two revisions made to *Laon* and *Cythna* for its reissue as *The Revolt of Islam* and Shelley's errata list for the same It is in the works included in this volume that the recognizable and characteristic voice of Shelley emerges unmistakable consistent and vital *Shelley's Poetry* S. Haines, 1997-02-24 Shelley's detractors since Hazlitt have noticed a division in the self of his poems A central reasoning core fears the passions surrounding it and distrusts the language expressing it A few of his admirers offer an alternative view of the poems as symbolical pointers to a non linguistic reality transcending passion most miss the point justifying their admiration by referring to the poems systems of thought This reading of Shelley's major poems and critical prose finds the adverse case more convincing *Power and Self-Consciousness in the Poetry of Shelley* Andrew J Welburn, 1986-07-16 **The Poet-Hero in the Work of Byron and Shelley** Madeleine Callaghan, 2019-02-28 Byron's and Shelley's experimentation with the possibilities and pitfalls of poetic heroism unites their work *The Poet Hero in the Work of Byron and Shelley* traces the evolution of the poet hero in the work of both poets revealing that the struggle to find words adequate to the poet's imaginative vision and historical circumstance is their central poetic achievement Madeleine Callaghan explores the different types of poetic heroism that evolve in Byron's and Shelley's poetry and drama Both poets experiment with challenge and embrace a variety of poetic forms and genres and this book discusses such generic exploration in the light of their developing versions of the poet hero The heroism of the poet as an idea an ideal and an

illusion undergoes many different incarnations and definitions as both poets shape distinctive and changing conceptions of the hero throughout their careers Shelley's Poetry Of Involvement Roland A Duerksen,1988-11-29 *Shelley's Living Artistry: Letters, Poems, Plays* Madeleine Callaghan,2017-06-06 This study of the poetry and drama of Percy Bysshe Shelley reads the letters and their biographical contexts to shed light on the poetry tracing the ambiguous and shifting relationship between the poet's art and life **The Constitution of Shelley's Poetry** Edward T. Duffy,2011-07 The Constitution of Shelley's Poetry is a close philosophical reading of *Prometheus Unbound* and other Shelley works from the perspective of the argument or drama of language played out in its pages The book urges and practises close reading but in the thought of Stanley Cavell it finds and develops philosophical grounds for this ostensibly old-fashioned approach and it implicitly proposes an understanding of language very different from those currently assumed in literary studies **The Poems of Shelley: Volume Two** Kelvin Everest,Geoffrey Matthews,2014-06-23 Percy Bysshe Shelley 1792-1822 was one of the major Romantic poets and wrote what is critically recognised as some of the finest lyric poetry in the English language This is the second volume of the five-volume *The Poems of Shelley* which presents all of Shelley's poems in chronological order and with full annotation Date and circumstances of composition are provided for each poem and all manuscript and printed sources relevant to establishing an authoritative text are freshly examined and assessed Headnotes and footnotes furnish the personal literary historical and scientific information necessary to an informed reading of Shelley's varied and allusive verse This volume makes extensive use of the Shelley manuscripts in the Bodleian Library and draws on the substantial recent research which has appeared on Shelley's text and contexts and on members of his circle such as Mary Shelley Byron Godwin and others It offers significant new datings and contextual exposition of major works including *Prometheus Unbound* *Laon and Cythna* *Julian and Maddalo* *The Cenci* and Shelley's translations from the Greek notably his highly original translation of Euripides *The Cyclops* There are also comprehensive treatments of some of Shelley's best-known shorter poems such as *Lines written among the Euganean Hills* and *Ozymandias* The annotation demonstrates the extraordinary range and richness of Shelley's literary intelligence and situates his work in the revolutionary politics and social upheavals of the early nineteenth century The text and annotation are supported by an extensive bibliography a chronology indexes and appendices which include a detailed examination of the history of the *Cenci* story The volumes of *The Poems of Shelley* form the most comprehensive edition of Shelley's poetry available to students and scholars **Shelley: Selected Poems** Kelvin Everest,2023-03-23 Percy Bysshe Shelley 1792-1822 was one of the major Romantic poets and wrote what is critically recognised as some of the finest lyric poetry in the English Language In this volume the editors have selected the most popular significant and frequently taught poems from the six-volume Longman Annotated edition of Shelley's poems Each poem is fully annotated explained and contextualised along with a comprehensive list of abbreviations an inclusive bibliography of material relating to the text and interpretation of Shelley's poetry plus an extensive chronology of Shelley's

Hogle, 1989-01-12 In this set of thorough and revisionary readings of Percy Bysshe Shelley's best known writings in verse and prose Hogle argues that the logic and style in all these works are governed by a movement in every thought memory image or word pattern whereby each is seen and sees itself in terms of a radically different form For any specified entity or figure to be known for what it is it must be reconfigured by and in terms of another one at another level which must then be dislocated itself In so delineating Shelley's process Hogle reveals the revisionary procedure in the poet's various texts and demonstrates the powerful effects of radical transference in Shelley's visions of human possibility
