Long March The Epic Of Chinese Communism:

The Long March, 1935 Dick Wilson, 1971 The Long March Harrison Evans Salisbury, 1987 An engrossing account New York Times Book Review of the Red Army's flight from the superior forces of Chiang Kai shek in China during 1934 1935
Authortour From Revolution To Politics Benjamin Yang, 2021-11-28 Providing fresh analysis of the history and politics of Chinese communism this book utilizes previously inaccessible sources to reassess the epic Long March It sheds new light on the revolutionary momentum and political structure of the Chinese Communist Party in the 1930s The Long March, 1935 Richard Garratt Wilson, 1971 **The Long March** Sun Shuyun, 2008-05-06 In The Long March Sun Shuyun uncovers the true story behind the mythic march of Mao's soldiers across China exposing the famine disease and desertion behind the legend In 1934 in the midst of civil war the Communist party and its 200 000 soldiers were forced from their bases by Chiang Kai shek and his Nationalist troops Led by Mao Tse Tung they set off on a strategic retreat to the barren north of China thousands of miles away As Sun Shuyun travels along the march route her interviews with survivors and villagers show that the forces at work during the days of the revolution poverty sickness and Mao's use of terror propaganda and ruthless purges have shaped modern China irrevocably Uncovering the forced recruitment political infighting and futile deaths behind the myth Shuyun creates a compelling narrative of a turning point in modern Chinese history and a fascinating journey that spans China old and new The Long March 1935: the Epic of Chinese Communism's Survival Richard Malcolm Sano Wilson, 1971 **The Long March 1934-35** Benjamin Lai, 2019-09-19 This study tells the epic story of how a routed group of Chinese Communists marched tens of thousands of miles with Mao on a journey that would lead to their eventual triumph and rule of the whole of China Every nation has its founding myth and for modern China it is the Long March In the autumn of 1934 the Chinese Nationalists under Chiang Kai shek routed the Chinese Communists and some 80 000 men women and children left their homes to walk with Mao Zedong into the unknown Mao's force had to endure starvation harsh climates and challenging terrain whilst under constant aerial bombardment and threatened by daily skirmishes The Long March survivors had to cross 24 rivers and 18 mountain ranges through freezing snow and disease ridden wilderness to reach their safe haven of Yan an In military terms the Long March was the longest continuous march in the history of warfare and it came at a terrible cost after one year 6 000 miles and countless battles fewer than 4 000 of the original marchers were left Illustrated with stunning full colour artwork this enthralling book tells the full story this epic display of resilience and shows how from the desert plateau of Yan an these survivors would grow the army that conquered China 14 years on changing history forever
 The Minjian Avant-Garde Chang Tan, 2024-02-15 The Minjian Avant Garde studies how experimental artists in China mixed with brought changes to and let themselves be transformed by minjian the volatile and diverse public of the post Mao era Departing from the usual emphasis on art institutions global markets or artists communities Chang Tan proposes a new analytical framework in the theories of socially engaged art that stresses the critical agency of participants the affective

functions of objects and the versatility of the artists in diverse sociopolitical spheres Drawing from hitherto untapped archival materials and interviews with the artists Tan challenges the views of Chinese artists as either dissidents or conformists to the regime and sees them as navigators and negotiators among diverse political discourses and interests She questions the fetishization of marginalized communities among practitioners of progressive art and politics arguing that the members of minjian are often more complex defiant and savvy than the elites would assume The Minjian Avant Garde critically assesses the rise of populism in both art and politics and show that minjian could constitute either a democratizing or a coercive force This book was published with generous support from the George Dewey and Mary J Krumrine Endowment

Army at 75 , A Military History of China David Andrew Graff,Robin Higham,2012-03-09 Gaining an understanding of China s long and sometimes bloody history can help to shed light on China s ascent to global power Many of China s imperial dynasties were established as the result of battle from the chariot warfare of ancient times to the battles of the Guomindang KMT and Communist regimes of the twentieth century China s ability to sustain complex warfare on a very large scale was not emulated in other parts of the world until the Industrial Age despite the fact that the country is only now rising to economic dominance In A Military History of China Updated Edition David A Graff and Robin Higham bring together leading scholars to offer a basic introduction to the military history of China from the first millennium B C E to the present Focusing on recurring patterns of conflict rather than traditional campaign narratives this volume reaches farther back into China s military history than similar studies It also offers insightful comparisons between Chinese and Western approaches to war This edition brings the volume up to date including discussions of the Chinese military s latest developments and the country s most recent foreign conflicts *Historical Dictionary of Modern China (1800-1949)* James Z. Gao,2009-06-16 The

Historical Dictionary of Modern China 1800 1949 offers a concise but comprehensive examination of the political military economic social and cultural development of modern China Instead of focusing merely on the political elites of China this reference covers a variety of significant persons including women and ethnic minorities new historical concepts cultural and educational institutions and economic activities Drawing on newly available records including a large mass of governmental and family archives the narratives presented reveal new facts offer a new interpretation in accordance with China s modernization process during the late Qing period and a revisionist perspective on the Republican history The chronology records not only political and military events but also other experiences of the Chinese people The bibliography gives prominence to current literature on China s drive towards modernization and appendixes provide the reader with detailed information on China s cultural and economic transformation **Mindscaping the Landscape of Tibet** Dan Smyer

Yü,2015-03-30 Based on the author s cross regional fieldwork archival findings and critical reading of memoirs and creative works of Tibetans and Chinese this book recounts how the potency of Tibet manifests itself in modern material culture

concerning Tibet which is interwoven with state ideology politics of identity imagination nostalgia forgetting remembering and earth inspired transcendence The physical place of Tibet is the antecedent point of contact for subsequent spiritual imaginations acts of destruction and reconstruction collective nostalgia and delayed aesthetic and environmental awareness shown in the eco religious acts of native Tibetans Communist radical utopianism former military officers recollections Tibetan and Chinese artwork and touristic consumption of the Tibetan landscape By drawing connections between differences dichotomies and oppositions this book explores the interiors of the diverse agentive modes of imaginations from which Tibet is imagined in China On the theoretical front this book attempts to bring forth a set of fresh perspectives on how a culturally and religiously specific landscape is antecedent to simultaneous processes of place making identity making and the bonding between place and people

From People's War to People's Rule Timothy J. Lomperis, 2000-11-09 Timothy Lomperis persuasively argues the ironic point that the lessons of American involvement in Vietnam are not to be found in any analysis of the war by itself Rather he proposes a comparison of the Vietnam experience with seven other cases of Western intervention in communist insurgencies during the Cold War era China Indochina Greece the Philippines Malaya Cambodia and Laos Lomperis maintains that popular insurgencies are manifestations of crises in political legitimacy which occur as a result of the societal stresses caused by modernization Therefore he argues any intervention in a people's war will succeed or fail depending on how it affects this crisis The unifying theme in the cases Lomperis discusses is the power of land reform and electoral democracy to cement political legitimacy and therefore deflect revolutionary movements Applying this theory to the ongoing Sendero Luminoso insurgency in Peru Lomperis makes a qualified prediction of that conflict's outcome He concludes that a global trend toward democratization has produced a new era of people's rule

Edgar Snow John Maxwell Hamilton, 2003-09-25 Edgar Snow 1905-1972 was one of the most notable Western journalists to report on China in both the revolutionary and postrevolutionary periods He first became famous in the mid 1930s when he broke through a Nationalist blockade and reached the Communists in northwest China For nearly a decade no foreign reporter had seen the Communists who were widely regarded as a ragtag bandit army Snow took them seriously as a national movement His reporting in the now famous book *Red Star over China* was major news even to the Chinese thousands of whom joined the Communists after reading it It has remained a seminal reference on the early Chinese Communist movement In this award winning biography journalist John Maxwell Hamilton follows Snow from his birth in Kansas City to his rise as a celebrated foreign correspondent for the *Saturday Evening Post* his ostracism during the cold war and his role as a singular journalistic bridge between Communist China and the United States With a new preface by the author this revealing portrait of the widely misunderstood Snow firmly establishes him as a model for the kind of committed reporting that is crucial to understanding our interdependent world

The Long March 1934-35 Benjamin Lai, 2019-09-19 This study tells the epic story of how a routed group of Chinese Communists marched tens of thousands of miles with Mao on a journey that would lead to their

eventual triumph and rule of the whole of China Every nation has its founding myth and for modern China it is the Long March In the autumn of 1934 the Chinese Nationalists under Chiang Kai shek routed the Chinese Communists and some 80 000 men women and children left their homes to walk with Mao Zedong into the unknown Mao s force had to endure starvation harsh climates and challenging terrain whilst under constant aerial bombardment and threatened by daily skirmishes The Long March survivors had to cross 24 rivers and 18 mountain ranges through freezing snow and disease ridden wilderness to reach their safe haven of Yan an In military terms the Long March was the longest continuous march in the history of warfare and it came at a terrible cost after one year 6 000 miles and countless battles fewer than 4 000 of the original marchers were left Illustrated with stunning full colour artwork this enthralling book tells the full story this epic display of resilience and shows how from the desert plateau of Yan an these survivors would grow the army that conquered China 14 years on changing history forever Triangles, Symbols, and Constraints Charles M. Dobbs, 2010 In his five plus years as president of the United States Lyndon Johnson witnessed dramatic power struggles within and between the Soviet Union the People s Republic of China and the United States of America New Soviet leaders were determined to build Soviet power and extend Soviet influence Mao s revolutionary ideology so dominated China that there were few levers to move Sino American relations ahead Johnson wanted to ease Cold War tensions by reaching a range of agreements with the Soviet Union on nuclear weapons and establishing relations with the People s Republic of China in order to end its isolation in the world community However multiple events frustrated Johnson s good intentions The Soviet leadership that overthrew Nikita Khrushchev was committed to expanding its military might before negotiating with Washington it also began focusing more and more on the worsening Sino Soviet split Mao Zedong entered into the Great Proletarian Cultural Revolution and China seemed to devour itself Meanwhile the Vietnam War made negotiations among all three great powers more difficult limiting room to maneuver But Johnson persevered and by 1968 the apparent American retreat symbolized by the North Korean seizure of the USS Pueblo and the Communist Tet Offensive in Vietnam along with the Soviet invasion of Czechoslovakia seemed to change the construct between the great powers Beijing emerging from the worst of the Cultural Revolution increasingly feared Soviet intentions and Moscow wanted to prevent a Sino American rapprochement Although Johnson did not achieve his lofty goals he created the pre conditions that Richard Nixon later harvested for the détente with Moscow and rapprochement with Beijing Johnson s best intentions fell prey to triangles symbols and constraints **Historical Dictionary of the Chinese Civil War** Christopher R. Lew, Edwin Pak-wah Leung, 2013-07-29 The Chinese Civil War which lasted several years or several decades depending on how you define it was one of the most momentous wars of the 20th century for it determined the fate of the world s most populous country and was bitterly fought with millions of combatants involved and hundreds of millions of civilians affected More to the point it was won by the Chinese Communist Party under Mao Zedong who imposed Communist rule while the Nationalists retreated to Taiwan It also heated up the Cold War for

quite some time as the Communists were supported by the Soviet Union and the Nationalists by the United States This second edition of the Historical Dictionary of the Chinese Civil War studies the longer broader war and its chronology carefully tracks the major events The introduction then provides a broad overview describing the contending forces and showing how the Communists come out on top The details and these are crucial are laid out in over 200 cross referenced dictionary entries dealing with the opposing forces and parties the major campaigns and battles the Long March and of course the leadership on both sides This book one of few such in English provides a very solid basis for study but that can be accomplished more effectively by consulting the titles listed in an extensive bibliography The Chinese Communist Armed Forces Kenneth R. Whiting, 1974 Although the history and present state of the Chinese Communist military forces are not as well covered as those of the Soviet Union nevertheless there is a relatively large number of books articles and source collections available in English Then why this study The answer is simply that this is an attempt to tell the story of the Chinese Red Army in as concise a form as possible without compressing the narrative to the point of distortion The study may seem overstuffed with facts or what pass for facts but the author can assure the reader that he did his best to eliminate all but those he considered essential The historical approach has been used for the simple reason that like any other organism the Chinese Red Army is a melange of strengths and weaknesses rooted in its evolution **Historical Dictionary of the Chinese Civil War** Edwin Pak-wah Leung, 2002-10-16 The Chinese Civil War has been regarded by many as an important subject in the study of modern Chinese history as this protracted struggle ultimately led to the Communist victory on the Mainland and the Nationalist government's retreat to the island of Taiwan in 1949 Considered an extremely important turning point in modern Chinese history the Civil War is also of great international significance This resource the first of its kind written in English details the microscopic and macroscopic views of the Chinese Civil War people events places and institutions
