Ghost Patrol John Sadler,2015-11-19 From the author of D Day an amazing tale of how the world s very first special force was created specifically for North Africa during WWII Books Monthly The origins of most of the West s Special Forces can be traced back to the Long Range Desert Group which operated across the limitless expanses of the Libyan Desert an area the size of India during the whole of the Desert War from 1940 to 1943 After the defeat of the Axis in North Africa they adapted to serve in the Mediterranean the Greek islands Albania Yugoslavia and Greece In the process they became the stuff of legend The brainchild of Ralph Bagnold a prewar desert explorer featured in fictional terms in The English Patient the LRDG used specially adapted vehicles and recruited only men of the right temperament and high levels of fitness and endurance Their work was often dangerous always taxing exhausting and uncomfortable They were a new breed of soldier and the Axis never managed to field a similar unit Once the desert war was won they transferred their skills to the Mediterranean sector retraining as mountain guerrillas serving in the ill fated Dodecanese campaign then in strife torn Albania Yugoslavia and Greece fighting alongside the mercurial partisans In addition the LRDG worked alongside the fledgling SAS and established beyond all doubt the value of highly trained Special Forces a legacy which resonates today Genuinely gripping a tale of eccentrics and their high adventures during very dangerous times Classic Military Vehicle

The Long Range Desert Group, 1940-1945 David Lloyd Owen,John Keegan,2001 This splendid record takes the reader behind enemy lines not only in North Africa but in Italy the Aegean and

the Balkans The Author who commanded the LRDG paints a vivid picture of the unit's colourful characters for example Ralph Bagnold who put to good use the knowledge he gained from his pre war desert travels The LRDG was truly international with New Zealanders and Rhodesians playing key roles This classic book won acclaim from the critics on its first publication by virtue of the author's unique knowledge experience and narrative skills

Long Range Desert Group W. B. Kennedy Shaw, 2015-11-30 A moving exciting and authentic chronicle of the British Army's legendary recon and raiding unit in the desert of North Africa during WWII The Observer During its two and a half years fighting in North Africa from 1940 to 1943 the Long Range Desert Group became the acknowledged master of the desert This small highly mobile force made a name for itself through daring exploits and vital reconnaissance far behind enemy lines Emerging from the depths of the desert the LRDG would raid airfields or attack Axis lines of communication along the Mediterranean coast then vanish only to reappear hundreds of miles away First published in 1945 Long Range Desert Group is a classic of military nonfiction With its brilliant description of the desert's harsh beauty and its exciting chronicle of LRDG activities it has lost none of its gripping visceral power A remarkable record told simply unpretentiously and with engaging humor The Manchester Guardian

The Long Range Desert Group 1940-1945 Robin Jenner, 1999-07-01 Formed on 3 July 1940 the Long Range Desert Group was the brilliant product of the vision of Major Ralph Bagnold of the Royal Corps of Signals As a model for what is now commonly known as a Long Range Reconnaissance Patrol unit the Group can have few equals

Special Operations in World War II Andrew L. Hargreaves, 2013-10-28 British and American commanders first used modern special forces in support of conventional military operations during World War II Since then although special ops have featured prominently in popular culture and media coverage of wars the academic study of irregular warfare has remained as elusive as the practitioners of special operations themselves This book is the first comprehensive study of the development application and value of Anglo American commando and special forces units during the Second World War Special forces are intensively trained specially selected military units performing unconventional and often high risk missions In this book Andrew L Hargreaves not only describes tactics and operations but also outlines the distinctions between commandos and special forces traces their evolution during the war explains how the Anglo American alliance functioned in the creation and use of these units looks at their command and control arrangements evaluates their impact and assesses their cost effectiveness The first real impetus for the creation of British specialist formations came in the desperate summer of 1940 when having been pushed out of Europe following defeat in France and the Low Countries Britain began to turn to irregular forces in an effort to wrest back the strategic initiative from the enemy The development of special forces by the United States was also a direct consequence of defeat After Pearl Harbor Hargreaves shows the Americans found themselves in much the same position as Britain had been in 1940 shocked outnumbered and conventionally defeated they were unable to come to grips with the enemy on a large scale By the end of the war a variety of these units had overcome a multitude of evolutionary hurdles and made valuable

contributions to practically every theater of operation In describing how Britain and the United States worked independently and cooperatively to invent and put into practice a fundamentally new way of waging war this book demonstrates the two nations flexibility adaptability and ability to innovate during World War II **Lrdg tracks - June 2024** Kuno Gross,Patrick Adaimi,Sam Watson,Charlie Down,Brendan O'Carroll,Alan F. Hall,Anthony Rogers,bob Amos Jones,Ian Chard,Jonathan Pittawy,2024-04-29 Most probably the readers of this magazine have never heard of the original TRACKS I was in the very same situation until by the end of 2020 when NZ LRDG historian Brendan OCarroll has provided me with a hardly readable copy of the June 1941 issue of TRACKS I was immediately fascinated by these windows into the past and just thought We should revive TRACKS The editor of the original Tracks was that time 20 years old TA Sgt N A Moore a clerk attached to LRDG Group HQ The June 1941 issue was created by him when the LRDG HQ was located at Kufra There he got the idea to create a house paper for the unit He recalled in a letter which was published in the 1991 Newsletter of the LRDG Association that there were only a very limited number of people who were willing to contribute and that this first edition was mainly launched thanks to the contribution of Lieut Col Bagnold and Captain Kennedy Shaw And indeed the June 1941 remained the single and only issue of Tracks it was never published again until today *Long Range Desert Group Patrolman* Tim Moreman,2010-07-20 Osprey s study of patrolmen of the Long Range Desert Group of World War II 1939 1945 Nicknamed the Libyan Desert Taxi Service by the SAS the Long Range Desert Group was tasked with strategic reconnaissance and raiding operations deep inside the enemy held deserts of North Africa Armed with light weapons only and equipped with specially converted light cars and trucks capable of withstanding the harsh conditions the LRDG quickly proved it could operate in parts of the desert which other troops including the enemy found impassable This new Warrior title examines the soldiers of the LRDG from the group s formation through training to combat in vast lonely and deadly deserts of North Africa
