mechanic prove that opposites attract but making their relationship work in the real world may be more than they can handle
Jewell Whittington grew up rich spoiled and headstrong Clay DeVries grew up poor hard working and so much in love that it
hurt particularly since the woman he loved couldn t even be bothered to acknowledge his existence Years later Clay is still
scrambling but doing well enough that he s been able to buy the local garage where he has worked for ten years and in the
middle of a typical Southern summer cloudburst he stops to help a stranded motorist and is once again stung by the haughty
indifference of the woman he still loves from afar until he discovers that her father has died and left her penniless His rescue
attempt is stymied by the fact that she still expects everything to be handed to her on a silver platter even though she doesn t
have the means to pay for it Physical attraction can only carry you so far when the differences in expectations are so vast and
even a reversal of fortune that restores Jewell to her family home and wealth only accentuates the differences between them

believe that she can live any other way True love never runs smooth but is there even a ray of hope that two such disparate
