The SAGE Handbook of International Migration

Christine Inglis, Wei Li, Binod Khadria, 2019-11-05 The SAGE Handbook of International Migration provides an authoritative and informed analysis of key issues in international migration including its crucial significance far beyond the more traditional questions of immigrant settlement and incorporation in particular countries Bringing together chapters contributed by an international cast of leading voices in the field the Handbook is arranged around four key thematic parts Part 1 Disciplinary Perspectives on Migration Part 2 Historical and Contemporary Flows of Migrants Part 3 Theory Policy and the Factors Affecting Incorporation Part 4 National and Global Policy Challenges in Migration The last three decades have seen the rapid increase and diversification in the types of international migration and this Handbook has been created to meet the need among academics and researchers across the social sciences policy makers and commentators for a definitive publication which provides a range of perspectives and insights into key themes and debates in the field **A Bird's-eye**

View of the World Onésime Reclus, 1892 *Mimetic Theory and World Religions* Wolfgang Palaver, Richard Schenk, 2017-11-01 Those who anticipated the demise of religion and the advent of a peaceful secularized global village have seen the last two decades confound their predictions Ren Girard's mimetic theory is a key to understanding the new challenges posed by our world of resurgent violence and pluralistic cultures and traditions Girard sought to explain how the Judeo Christian narrative exposes a founding murder at the origin of human civilization and demystifies the bloody sacrifices of archaic religions Meanwhile his book *Sacrifice* a reading of conflict and sacrificial resolution in the Vedic Brahmanas suggests that mimetic theory's insights also resonate with several non Western religious and spiritual traditions This volume collects engagements with Girard by scholars of Judaism Christianity Islam Hinduism and Buddhism and situates them within contemporary theology philosophy and religious studies *The Faiths of the World* James Gardner, 1858 *The Best Books*

Sonnenschein, 1895 **Buddhist-Christian Dialogue as Theological Exchange** Ernest M Valea, 2015-10-29 This book is intended to encourage the use of comparative theology in contemporary Buddhist Christian dialogue as a new approach that would truly respect each religious tradition's uniqueness and make dialogue beneficial for all participants interested in a real theological exchange As a result of the impasse reached by the current theologies of religions exclusivism inclusivism and pluralism in formulating a constructive approach in dialogue this volume assesses the thought of the founding fathers of an academic Buddhist Christian dialogue in search of clues that would encourage a comparativist approach These founding fathers are considered to be three important representatives of the Kyoto School Kitaro Nishida Keiji Nishitani and Masao

Abe and John Cobb an American process theologian The guiding line for assessing their views of dialogue is the concept of human perfection as it is expressed by the original traditions in Mahayana Buddhism and Orthodox Christianity Following Abe s methodology in dialogue an Orthodox contribution to comparative theology proposes a reciprocal enrichment of traditions not by syncretistic means but by providing a better understanding and even correction of one s own tradition when considering it in the light of the other while using internal resources for making the necessary corrections *State of the Field and Disciplinary Approaches* André Laliberté, Stefania Travagnin, 2019-08-05 The three volume project Concepts and Methods for the Study of Chinese Religions presents a history of the study of Chinese religions It evaluates the current state of scholarship discusses a variety of analytical approaches and theories about methodology epistemology and the ontology of the field The three books display an interdisciplinary approach and offer debates that transcend national traditions It engages with a variety of methodologies for the study of East Asian religions and promotes dialogues with Western and Chinese voices This volume covers successive historical stages in the study of religion in modern China draws out the genealogy of major figures and intellectual achievements in a variety of research traditions and highlights as well the challenges and evolutions experienced by the main disciplines in the last 30 years This volume serves as a reference for graduate students and scholars interested by religions in modern Chinese societies i e mainland China Taiwan Hong Kong and Chinese communities oversea Using a wide range of methods from textual analysis to fieldwork it presents case studies via the disciplines of religious studies anthropology sociology history and political science *A Religion of Truth, Justice and Peace* Isidore Singer, 1924 Thistles Among the Flowers M. James Herbers, 2006 An anthology of religious freedom resources and discussion of the problems of minority faiths where mainline or cultural churches act to harass and prevent the free exercise of minority beliefs especially in collusion with the government Volume 2 will address the specific situation in Germany and Europe in general *Orientalism and Religion* Richard King, 2013-04-03 Orientalism and Religion offers us a timely discussion of the implications of contemporary post colonial theory for the study of religion Richard King examines the way in which notions such as mysticism religion Hinduism and Buddhism are taken for granted He shows us how religion needs to be reinterpreted along the lines of cultural studies Drawing on a variety of post structuralist and post colonial thinkers such as Foucault Gadamer Said and Spivak King provides us with a challenging series of reflections on the nature of Religious Studies and Indology **The Reformed and Presbyterian World**, 1886 Islamic Modernism and the Re-Enchantment of the Sacred in the Age of History Monica M. Ringer, 2020-09-04 This book studies the complex relationship of religion to modernity and argues that modernity should be understood as the consequence not the cause of the new intellectual landscape of the 19th century Shows how the adoption of historicism in the 19th century engendered Islamic modernism as a theological reform movement Understanding Religion Through Artificial Intelligence Justin E. Lane, 2021-05-06 In Understanding Religion through Artificial Intelligence Justin E Lane looks at the reasons why humans

feel they are part of a religious group despite often being removed from other group members by vast distances or multiple generations To achieve this Lane offers a new perspective that integrates religious studies with psychology anthropology and data science as well as with research at the forefront of Artificial Intelligence AI After providing a critical analysis of approaches to religion and social cohesion Lane proposes a new model for religious studies which he calls the Information Identity System This model focuses on the idea of conceptual ties links between an individual's self concept and the ancient beliefs of their religious group Lane explores this idea through real world examples ranging from the rise in global Pentecostalism to religious extremism and self radicalization to the effect of 9 11 on sermons Lane uses this lens to show how we can understand religion and culture today and how we can better contextualize the changes we see in the social world around us

Urban Religion Jörg Rüpke, 2020-02-24 So far religion has been seen as cause for dramatic developments in the history of cities it has contributed to the monumentalisation of centres and or has given importance to ex centric places Very recently anthropologists have been discovering religion in the contemporary global city But still awaiting historical investigation is the specific urban character of religious ideas practices and institutions and the role of urban space shaping this very religion in the course of history The time span from the Hellenistic age to Late Antiquity was crucial in the establishment of concepts and institutions of religion and witnessed extended waves of urbanisation Rome being central to this In addressing this problem this book fills a significant gap in the scholarship on urban religion across time Taking seriously the proposition that space is condition medium and outcome of social relations the development of urban religion in lived urban space and urban culture or urbanity offers a lens onto processes of religious change that have been neglected for the history of religion and for the study of urbanism The key thesis is that city space engineered the major changes that revolutionised religions This stimulating book makes use of archaeology and history to address religion as an essential component of urban life in both the past and the present With a strong basis in the ancient Mediterranean as well as an insightful view of modern urban life R pke emphasizes that the practice and performance of religion at the everyday level is as essential in the creation of an urban ethos as the grand temples and institutions promulgated by the elite Monica L Smith author of *Cities The First 6 000 Years* J rg R pke offers a characteristically original and learned series of reflections on some of the many ways in which the history of religions and the history of cities might be entangled *Urban Religion* offers no single overarching thesis but it is consistently thought provoking and suggests many intriguing lines of investigation for the future Greg Woolf Institute of Classical Studies London

An Introduction to the Sociology of Religion Inger Furseth, Pål Repstad, 2023-09-05 What are religion and nonreligion How do fundamentalism and religious radicalization emerge and grow How do social class gender sexuality race ethnicity and other factors affect religious beliefs practices and organizations Is religion a fundamental driving force or do political leaders use religion for their own purposes In exploring these pertinent questions *An Introduction to the Sociology of Religion* provides an overview of sociological theories of contemporary religious

life Theoretical discussion is accompanied by presentations of empirical research from several religious traditions in many parts of the world The sociology of religion is linked closely to developments in general sociology Some chapters are organized according to topic while others offer brief presentations of classical and contemporary sociologists from Karl Marx to Patricia Hill Collins and their perspectives on social life including on religion This second edition has been thoroughly updated throughout with new chapters on religion and social inequalities social and religious movements and extremism Covering classical sociology of religion as well as contemporary debates and topics this book is ideal reading for students approaching the sociology of religion for the first time

The Oxford Handbook of Mission Studies Kirsteen Kim, Knud Jørgensen, Alison Fitchett-Climenhaga, 2022-04-18 The Oxford Handbook of Mission Studies represents more than a century of scholarship related to the theology history and methodology of the propagation of Christian faith and the engagement of Christians with cultures religions and societies worldwide It contains more than 40 articles by experts from different disciplinary and ecclesial perspectives who are from all continents It not only offers a broad overview of key approaches and issues in mission studies but it also highlights current trends and suggests future developments The Handbook builds on renewed interest in mission studies this century generated by recent key statements on mission from ecumenical evangelical Catholic and Orthodox sources and by a spate of academic works on the topic Western church leaders now apply insights from foreign missions such as inculturation liberation interfaith work and power encounter to today's multicultural societies Meanwhile there are new initiatives in mission from the Majority World where most Christians live so that sending is not only from the west to the rest but from everywhere to everywhere Therefore this volume aims to reflect the voices of the receivers of mission as well as its protagonists and to raise awareness of new movements In a time of growing recognition of religions more generally this work examines and theorizes the missional dimensions of the world's largest religion its agendas growth outreach role in public life effect on cultures relevance for development and its approaches to other communities

Religion, Spirituality and the Near-Death Experience Mark Fox, 2003-12-16 This dramatic and sustained response to decades of research into near death experiences NDEs is the first book to credibly bridge the gap between the competing factions of science and spirituality Neither a religious argument touting NDEs as hard evidence for God nor a scientific rebuke to religious interpretations it balances investigation of these much reported yet baffling phenomena and brings fresh urgency to the study of our hopes for a life beyond
