

A person in a long, dark robe stands in a cave, their arms outstretched towards a bright, glowing light source. The cave's interior is dark, with jagged rock formations visible on the left and right. The light source, resembling a sun or moon, is positioned in the upper left, casting a warm, golden glow across the scene. The person's silhouette is dark against the bright background, and their arms are spread wide, palms facing forward. The overall atmosphere is one of hope and revelation.

AND THIS IS THE PROMISE
WHICH HE HIMSELF MADE TO US:

ETERNAL LIFE.

The Select Library, 1839. **American Trinity** Larry Len Peterson, 2017-09-11. American Trinity is for everyone who loves the American West and wants to learn more about the good, the bad, and the ugly. It is a sprawling story with a scholarly approach in method but accessible in manner. In this innovative examination, Dr. Larry Len Peterson explores the origins, development, and consequences of hatred and racism from the time modern humans left Africa 100,000 years ago to the forced placement of Indian children on off-reservation schools far from home in the late 1800s. Along the way, dozens of notable individuals and cultures are profiled. Many historical events turned on the lives of legendary Americans like the Father of the West, Thomas Jefferson, and the Son of the West, George Armstrong Custer, two strange companions who shared an unshakable sense of their own skills as their interpretation of truths motivated them in the winning of the West. Dr. Peterson reveals how anti-Indian sentiments were always only obliquely about them. They were victims but not the cause. The Indian was a symbol, not a real person. The politics of hate and racism directed toward them was also experienced in prior centuries by Jews, enslaved Africans, and other Christians. Hatred and racism when taken into the public domain are singularly difficult to justify, which is why Europeans and Americans have always sought vindication from the highest sources of authority in their cultures. In the Middle Ages, it was religion; supplemented later by the philosophy of the Enlightenment. In nineteenth-century Europe and America, religion and philosophy were joined by science and medicine to support Manifest Destiny, scientific racism, and social Darwinism, all of which had profound consequences on Native Americans and the Spirit of

the West Presenting research in anthropology archaeology biology history law medicine religion philosophy and psychology
Dr Peterson provides the latest observations that delineate why the Native American s life was destroyed American Trinity is
a stunning portrait a view at once unique panoramic and intimate It is a fascinating book that will make you think about the
differences between belief and knowledge about the self skepticism of science and medicine and about what aspects of the
world we take on faith *The American Citizen* ,1912 **Parting Words to Boys Leaving School. A Series of Essays by**
