Lorca A Dream Of Life:

Lorca - a Dream of Life Leslie Stainton, 2013-06-10 With a rare blend of grace warmth and scholarship Leslie Stainton raises the stakes of our appreciation for the greatest of Spain's modern poets Federico García Lorca Drawing on fourteen years of research more than a hundred letters unknown to prior biographers exclusive interviews with Lorca's friends family and acquaintances and dozens of newly discovered archival material Stainton has brought her subject to life as few writers can She describes his carefree childhood in rural Andalusia his residencies in Madrid and Granada then in New York Havana and Buenos Aires his potent interaction with other Spanish artists such as Salvador Dalí Luis Buñuel and the composer Manuel de Falla and finally Stainton shows how Lorca's marginal political activity during the Spanish Civil War still cost him his life Throughout Stainton meticulously but unobtrusively relates the oeuvre to the life Her biography is quickly becoming the standard one volume work on the poet

Revolutionary Memory Cary Nelson, 2013-10-11 Revolutionary Memory is the most important book yet to be published about the vital tradition of leftwing American Poetry As Cary Nelson shows it is not only our image of the past but also our sense of the present and future that changes when we recover these revolutionary memories Making a forceful case for political poetry as poetry Nelson brings to bear his extraordinary knowledge of American poets radical movements and social struggles in order to bring out an undervalued strength in a literature often left at the canon's edge Focused in part of the red decade of the 1930s Revolutionary Memory revitalizes biographical criticism for writers on the margin and shows us for the first time how progressive poets fused their work into a powerful chorus of political voices Richly detailed and beautifully illustrated with period engravings and woodcuts Revolutionary Memory brings that chorus dramatically to life and sets a cultural agenda for future work

Archives of Flesh Robert Reid-Pharr, 2016-12-13 Enlists the principles of post humanist critique in order to investigate decades of intimate dialogues between African American and Spanish intellectuals In Archives of Flesh Robert Reid Pharr reveals the deep history of intellectual engagement between African America and Spain Opening a fascinating window onto black and anti Fascist intellectual life from 1898 through the mid 1950s Reid Pharr argues that key institutions of Western Humanism including American colleges and universities developed in intimate relation to slavery colonization and white supremacy This retreat to rigidly established philosophical and critical traditions can never fully address or even fully recognize the deep seated hostility to black subjectivity underlying the humanist ideal of a transcendent Manhood Calling for a specifically anti white supremacist reexamination of the archives of black subjectivity and resistance Reid Pharr enlists the principles of post humanist critique in order to investigate decades of intimate dialogues between African American and Spanish intellectuals including Salaria Kea Federico García Lorca Nella Larsen Langston Hughes Richard Wright Chester Himes Lynn Nottage and Pablo Picasso In the process Reid Pharr takes up the African American Spanish Archive in order to resist the anti corporeal anti black anti human biases that stand at the heart of Western Humanism
