**Mastering Theology** Michaela Davey, 2002 Mastering Theology provides an introduction to the main themes in Christian theology. It is aimed at undergraduates and those training for the ministry at theological colleges of all denominations throughout the English speaking world. **Remythologizing Theology** Kevin J. Vanhoozer, 2010-01-14 Kevin J. Vanhoozer develops a new vision of Christian theism by establishing divine communicative action as the formal and material principle of theology. His contribution revisits long standing controversies such as the relations of God's sovereignty to human freedom, time to eternity, and suffering to love.

**Hands of Faith** Jordan Cooper, 2016-07-15 It is a common misconception that Lutheran theology is inherently antinomian or unconcerned with Christian ethics. This unfortunate caricature of the doctrine of the Reformation has been furthered by certain strands of Lutheran theology which reject the third use of the law and the necessity of expounding Christian ethics in preaching. In this book, Jordan Cooper challenges the claim that Lutheranism emphasizes justification at the expense of sanctification, demonstrating that the two kinds of righteousness are a historical Lutheran framework that gives prominence to both salvation by grace and one's duty to serve the neighbor in love. Through an evaluation of Luther's writings, the confessional documents, Lutheran Orthodoxy, and contemporary writers, Cooper demonstrates that an emphasis on the passive nature of one's relationship to God does not diminish or negate the necessity of sanctified living. This is done not by departing from Lutheran teaching but by delving deeper into historic Lutheran theology as found in the scholastic tradition.

**The Community of the Weak** Hans-Peter Geiser, 2013-03-28 Social postmodernism and systematic theology can be considered the new pair in some of the most creative discussions on the future of theological method on a global scale Both in the academy and in the public square as well as in the manifold local and pastoral moments of ministry and community social activism the social the postmodern and the theological intermingle in engaging and border crossing ways The Community of the Weak presents a new kind of jazzy fundamental theology with a postmodern touch using jazz as a metaphor writing ethnographically messy texts out of the personal windows of lived experiences combining fragments of autobiography with theological reconstruction A comparative perspective on North American and European developments in contemporary systematic theology serves as a hermeneutical horizon to juxtapose two continents in their very different contexts The author proposes a systematic and fundamental theology that is more jazzy global and narrative deeply embedded in pastoral ministry to tell its postmodern story

**Humble Orthodoxy** Joshua Harris, J. D. Greear, 2013-04-02 We don't get to choose between humility and orthodoxy We need both Orthodoxy for the faithful evokes what's cherished and beautiful and eternal Yet in our day orthodoxy is too often wielded like a weapon used to bludgeon others with differing points of view The word has become associated with behavior like argumentative annoying and arrogant It's time for God's people to demonstrate both right thinking and right attitudes We are called to embrace and defend biblical truth But that truth includes repeated commands to love our neighbor love our enemy and be clothed in gentleness and respect In Humble Orthodoxy bestselling author Joshua Harris examines New Testament teachings about the calling of believers to a love infused courage that ignores foolish controversies patiently endures evil and champions truth with generosity of spirit Without this kind of humility Harris asserts we become like the Pharisees right in our doctrine but ultimately destroying the cause of truth with our pride

Corneliu C. Simut, 2010-02-18 This book presents the main teachings of Edward Schillebeeckx widely considered one of the most important Catholic thinkers of the twentieth century Schillebeeckx is known for his radical departure from traditional theology which he saw as no longer relevant to the modern world Because today's world has been shaped by a process of secularization heavily based on reason and progress in science technology economics urbanism etc modern people seek relevant answers to their deep existential questions that can be explained rationally In his quest to foster relevant and meaningful answers for today's world Schillebeeckx changed the traditional metaphysical content of Christian theology into explanations that radically reinterpret traditional Christian doctrines Primarily the supernatural essence of Christianity is given up as irrelevant and is replaced by a natural perspective on the world In Schillebeeckx's thoroughly historical and truly immanent theology God is man's terrestrial future Christ the symbol of universal human values and the Church is identified with the world as those communities which share these universal human values Schillebeeckx is convinced that these explanations emptied of metaphysical content can help today's people understand their existence in a new relevant and meaningful way      **How Youth Ministry Can Change Theological Education -- If We Let It** Kenda Creasy Dean, Christy Lang Hearlson, 2016-03-29 Since 1993 forty nine theological seminaries have created opportunities for high school students to participate in on campus High School Theology Programs HSTPs that invite them to engage in serious biblical and theological study Many of the young people who take part in these programs go on to become pastoral or lay leaders in their churches What has made these programs so successful especially given the well documented crisis of faith among young people today In this book thirteen contributors many of whom have created or led one of these innovative theology programs investigate answers to this question They examine the pedagogical practices the HSTPs have in common and explore how they are contributing to the leadership of the church They then show how the lessons gleaned from these successful programs can help churches denominations and seminaries reimagine both theological education and youth ministry
