Matej's Journey To America The Driving Forces Of Our Immigrant Ancestors:

Matej's Journey to America Donald F. Chmelka, 2002-11-19 Matej's Journey to America is a creative nonfiction chronicle exploring the forces that drove our immigrant ancestors to new lands After Adam and Eve's eviction from Eden man slowly scattered with a great dispersion occurring about 2700 BC as the Lord confounded the tongues of presumptuous Babylonians building a tower to heaven Among the afflicted was an Aryan slave named Chmelka who was growing hops chmel in the new Slavic language to flavor beer for his Semitic masters As the Slavs fled northward toward unknown Czech lands other tribes migrated in all directions According to The Book of Mormon the righteous Jared took a Semitic clan from Babel across the mountains deserts and oceans to a New World later named America Another Semitic clan that passed through Babylon 850 years later included a young Abraham destined to be the patriarch of Judaism Christianity and Islam He introduced the concept of a single God revered by all his religious descendants but despite their many commonalities each of these three great religions seem convinced it has the only correct formula for salvation justifying incredible atrocities with God always on its side The descendants of the first Chmelka struggled as great civilizations developed and fell through the turmoil and bloodshed of the Dark Ages Marco Polo awakened Europe in the late 13th century to the riches of the Far East giving rise to explorers like Christopher Columbus who stumbled onto the North American Continent in 1492 The Protestant Reformation began to divide the Holy Roman Empire at the time adding to the bloodshed as Austria Prussia and France fought for domination in Europe Meanwhile Spain England and France were colonizing and competing for control in the New World that was becoming home to an increasing number of European emigrants looking for a better life The American Colonies fought for independence and then began to absorb all lands from the Atlantic to the Pacific Thomas Jefferson purchased the immense Louisiana Territory from Napoleon in 1803 after which mountain men opened the West to homesteaders miners and ranchers My great great grandfather Matej was born as the Rocky Mountain fur trade boomed in 1825 and grew up on a 13 acre farm in Moravia where the Chmelkas had been serfs since Charlemagne was crowned the first Holy Roman Emperor a millennium earlier Matej became a Dragoon in the Austrian Imperial Army and helped put down a revolution in Prague in 1848 the year gold was discovered in California but war spread and life worsened for European peasants Gold homesteads and wild Texas longhorns free for the taking lured thousands of oppressed Europeans to America on steamships and railroads now making long distance travel feasible After Prussia defeated the Austrian Empire including Bohemia and Moravia and then France Matej's family escaped its misery and immigrated to Nebraska in 1871 They found a difficult life with grasshoppers drought hail and fires destroying crops spurring Matej's fourteen year old son to join a Texas cattle drive and then dodge Indians and gunfighters for fourteen years in the Wild West New technologies in farm equipment transportation and communications made America the envy of the world in 1902 when Matej died and was buried near the prairie church he helped build Matej's Journey to America honors him and his fellow immigrants ordinary men and women

generally lost in history for the legacies and opportunities they gave us in our great land of freedom **Nebraska**, 2002

Matej's Legacy DONALD F. CHMELKA, 2003-12-02 Matej's Legacy is a nonfiction chronicle following the author's Czech family through 20th century history. It is a sequel to Matej's Journey to America that creatively traced the Chmelkas to biblical times and then journeyed with them through six millennia from present day Iraq to the Czech Republic and finally to America. The author's great great grandfather was born as the Rocky Mountain fur trade boomed in 1825 and grew up on a 13 acre farm in Moravia where the Chmelkas had been serfs since Charlemagne was crowned the first Holy Roman Emperor. Gold homesteads and Texas longhorns lured thousands of oppressed Europeans to America in the mid 1800s riding on steamships and railroads that now made long distance travel feasible. Prussia established its European dominance in 1871 when railroads closed by war reopened to civilians allowing Matej to flee his beloved motherland for a free homestead in Nebraska. He found a difficult life on the prairie with grasshoppers, drought, hail and fires destroying crops, spurring his 14 year old son to join a Texas cattle drive and then to dodge Indians and gunfighters throughout the romantic era of the Wild West. Matej died in 1902 leaving his family little wealth but a legacy the first 100 years of which is covered in this book. Henry Ford, the Wright brothers, Thomas Edison and other inventors were creating a New World and the Czechs finally found independence thanks to World War I which put an end to feudalism but gave birth to Communism. Technology in transportation, agriculture and communications continued to expand during the Roaring Twenties and a Democratic America became the hope to millions still victimized by brutal dictators. Good times gave way to the Great Depression and the author was born on a primitive Nebraska farm as a new war spread around the globe. Germany and Japan were brought to their knees but the world was introduced to nuclear horror and was soon threatened by Russian, Chinese, Korean and Vietnamese Communists, ungrateful allies vowing to bury American Capitalism. The Middle East and Africa were now freed from European colonialism but instead of developing natural resources for the benefit of their citizens, rival leaders wallowed in tribal warfare. Israel became the incendiary target for Muslims who controlled much of the world's oil, now in great demand as the automobile and airplane gave new mobility to man. As the world's leader, America became its policeman, taking on one evil empire after another. Korea and Vietnam were not proud moments yet Communism fell to economic demands that only Democratic Capitalism could meet. The Czech Republic and the entire Russian Bloc were suddenly free but as the world relaxed, a war of terror began, financed by Arab oil and executed by Muslim extremists. Outmatched in technology, failing regimes retreated to guerilla warfare, determined to outlast a culture softened by instant gratification. Lebanon, Palestine, Yugoslavia, Afghanistan and Iraq became major hotspots while Africa simmered under tribal warfare with millions dying from AIDS and starvation. Matej's Legacy integrates the world events of the past 100 years with the Chmelka family story, including the author's journey from farm boy to engineer and executive in the automotive and aerospace industries. He retired in 1997 and began writing a two volume epic, concluding in 2003 when the United States remained the world's

primary protector but sadly often criticized and hated by cynics and political opportunists American immigrants are generally grateful for the opportunities and freedom our great country offers and many of the world's downtrodden continue their desperate journeys to our shores Others jealously preach hatred and death to America but as descendants of those who sacrificed much to be here let us never forget our legacy **The Immigrants Who Built America** Raymond H
