

An abstract painting with a textured, painterly style. The background is a mix of dark, swirling colors like deep blue, black, and brown, suggesting a night sky or a dark landscape. In the center, there's a bright, ethereal light source, possibly a moon or a star, casting a soft glow. Below this light, there's a horizontal band of lighter colors, including teal, green, and yellow, which might represent a body of water or a field. The overall composition is vertical and has a sense of depth and mystery.

Matthew Henry

One Fold One Shepherd:

One Fold and One Shepherd Thomas Stuart Ferguson, 1958 Hypothesizes that voyagers from Mesopotamia in 300 B C and Israelites in 600 B C migrated to Central America and Mexico and influenced the Mayan and Aztec culture It further conjectures that Jesus Christ visited the New World after his crucifixion and that the Book of Mormon is the stick of Joseph referred to in Ezekiel 37 1 28 The testaments of one fold and one shepherd , **One Fold and one Shepherd. Conciliarism and Papalism J. H. Burns, 1997-12-04 Almost on the eve of the sixteenth century Reformation the long running debate over the respective authority of popes and councils in the Catholic Church was vigorously resumed In this collection the editors bring together the first English translation of four major contributions to that debate In these texts complex arguments derived from Scripture theology and canon law are deployed The issues that emerge however prove to have a broader significance What is foreshadowed here is the confrontation between absolutism and constitutionalism which was to be a dominant theme in the politics of early modern Europe and beyond Even on the threshold of the twenty first century the concerns that underlie and animate the scholastic disputations in these pages retain their force This 1997 volume includes introductory material which elucidates the context of the debate as well as a comprehensive bibliography
