**Shakespeare's Sublime Pathos** Jonathan P. A. Sell, 2021-07-29 Winner of the AEDEAN Enrique Garc'a D'ez Literature Research Award 2023 Shakespeare's Sublime Pathos Person Audience Language breaks new ground in providing a sustained demystifying treatment of its subject and looking for answers to basic questions regarding the creation experience aesthetics and philosophy of Shakespearean sublimity More specifically it explores how Shakespeare generates experiences of sublime pathos for which audiences have been prepared by the sublime ethos described in the companion volume Shakespeare's Sublime Ethos To do so it examines Shakespeare's model of mutualistic character in which entangled language brokers a psychic communion between fictive persons and real life audiences and readers In the process Sublime Critical platitudes regarding Shakespeare's liberating ambiguity and invention of the human are challenged while the sympathetic imagination is reinstated as the linchpin of the playwright's sublime effects As the argument develops the Shakespearean sublime emerges as an emotional state of vulnerable exhilaration leading to an ethically uplifting openness towards others and an epistemologically bracing awareness of human unknowability Taken together Shakespeare's Sublime Pathos and Shakespeare's Sublime Ethos show how Shakespearean drama integrates matter and spirit on hierarchical planes of cognition and argue that ultimately his is an immanent sublimity of the here and now enfolding a transcendence which may be imagined simulated or evoked but never achieved
