**Secularizing the Faith** David Brian Marshall, 1992 The intellectual ferment of the Victorian era posed a substantial challenge to religious institutions In Canada as elsewhere the focus of religious belief especially in the Protestant sects shifted perceptibly away from spiritual concerns Marshall history U of Calgary explores the ways in which the clergy responded to these changes Annotation copyrighted by Book News Inc Portland OR **The Lord's Dominion** Neil Semple, 1996 The Lord's Dominion describes the development of mainstream Canadian Methodism from its earliest days to its incorporation into the United Church of Canada in 1925 Neil Semple looks at the ways in which the church evolved to take its part in the crusade to Christianize the world and meet the complex needs of Canadian Protestants especially in the face of the challenges of the twentieth century **Histoire Sociale**, 1994 [Index to Book Reviews in Religion](#), 1994 [America, History and Life](#), 1995 Article abstracts and citations of reviews and dissertations covering the United States and Canada [Canadian Periodical Index](#), 1993 **Sacramenta: L-Z, 62766-76244** Maksimilijan Žitnik, 1992 [Arts & Humanities Citation Index](#), 1995 *World Mission* Robert A. Wright, 1991-12-02 Wright examines these churches historical connections with the outside world and their newly cultivated interest in international politics He argues that the clerical and missionary elite's vision of a new internationalism was burdened by essentially Victorian ideas of the inherent superiority of Protestant Christianity political democracy and Anglo Saxon race characteristics Tensions between its traditional world view and the new realities of international and inter racial relations eventually made this vision untenable According to Wright the Canadian churches of mainline Protestantism tried to find a middle ground They relaxed the link between conversion and westernization and came to accept the legitimacy of indigenous churches in Asia and Africa Although they ultimately stuck to their theme of Christian brotherhood and service they confronted the theological challenges of reconciling Christianity with other belief systems and the intellectual revolution in the West And although they paid ritual respect to the League of Nations and collective security and accepted war in 1939 as necessary they showed keen interest in disarmament While the ambivalence of this middle ground had some tragic consequences such as the incapacity of the Canadian Protestant leadership to lobby forcefully on behalf of either European Jewish refugees in the 1930s or Japanese Canadians interred during World War II there were successes in humanitarian relief and educational work abroad The churches activities also helped shape the international role of the Christian community and their eventual acceptance of both ethnic diversity and the developing nations right to self determination laid much of the groundwork for Canada's post war approach to foreign aid and development *The Canadian Protestant Experience, 1760 to 1990* George A. Rawlyk, 1994 Five leading Canadian religious historians address the Canadian Protestant experience Each author considers a separate period taking into account the major underlying themes of the time and noting the influence exerted by key personalities As this collection shows Protestantism had its most profound effects on Canadian life in the nineteenth century As the twentieth century unfolded

however Canadian Protestantism battered by demographic change profound inner doubt so called modernity and secularization was gradually pushed to the periphery of Canadian experience The contributors are Phyllis D Airhart Nancy Christie Michael Gauvreau John G Stackhouse Jr and Robert A Wright     *History of the Separation of Church and State in Canada* Elam Rush Stimson,1887     **Infidels and the Damn Churches** Lynne Marks,2017-06-09 British Columbia is at the forefront of a secularizing movement in the English speaking world Nearly half its residents claim no religious affiliation and the province has the highest rate of unbelief or religious indifference in Canada *Infidels and the Damn Churches* explores the historical roots of this phenomenon from the 1880s to the First World War Lynne Marks reveals that class and racial tensions fuelled irreligion in a world populated by embattled ministers militant atheists turn of the century New Agers rough living miners Asian immigrants and church going settler women White working class men often arrived in the province alone and identified the church with their exploitative employers At the same time BC s anti Asian and anti Indigenous racism meant that their whiteness alone could define them as respectable without the need for church affiliation Consequently although Christianity retained major social power elsewhere many people in BC found the freedom to forgo church attendance or espouse atheist views This nuanced study of mobility gender masculinity and family in settler BC offers new insights into BC s distinctive culture and into the beginnings of what has become an increasingly dominant secular worldview across Canada
