European Business Neil Harris, 1999-11-11 European Business 2nd edition explores the interaction between European business and their environment using up to date case studies Drawing upon a range of disciplines including economics organizational behaviour finance and business strategy it explores how and why modern businesses behave as they do and how and why the business environment is changing A central theme of this substantially updated second edition is the position of Europe within the global economy Also comprehensively examined is the developing nature of the European Union and the movement towards market economies in Central and Eastern Europe **European Regional Development Fund** Great Britain: Parliament: House of Commons: Communities and Local Government Committee, 2012-07-13 The abolition of the Regional Development Agencies removed the main source of match funding for ERDF sponsored projects and the economic downturn has curbed alternative options for match funding even further There is a pressing need to spend each region's ERDF allocation before 2015 but unless ministers take urgent steps to deliver on the Government's promise to make it easier for projects to secure match funding through the Regional Growth Fund there is a significant risk that value for money will suffer and ERDF will not make the impact it could to help rebalance the UK's economy The Committee endorses a number of sensible rule changes that will govern the next ERDF round 2014 20 currently proposed and related proposals to give Member States the power to tailor the size of their Operational Programme areas which could permit Local Economic

Partnerships in England to take responsibility for managing EU funds MPs also challenge the current allocation system where even the wealthiest Member States receive some ERDF funding when a portion of what they pay in originally gets recycled back to them The cross party group of MPs calls for this circular money flow to end and for England to retain this portion of funding to deliver its own regional policy The Government would have to guarantee the same level of funding across the EU's 7 year funding cycle This change would not affect the Government's contribution to ERDF for the poorer Member States Lastly MPs challenge the Government to evaluate the value for money of ERDF funded projects
