Building Thereupon Kyle F. Stephens,2020-05-12

Christianity has become increasingly careless about Biblical truth doctrine and the Christian s testimony Building Thereupon demonstrates how after salvation carefully laying steadfast doctrinal truths one upon another forms the proper structure for fruitful and victorious Christian living The Bible admonishes believers to lay precept upon precept line upon line Christian faith and truth are to be built upon the firm Foundation Jesus Christ But what happens to faith if the first great truths are misunderstood Building Thereupon offers an in depth discussion of Biblical doctrine the knowledge of the things that relate to God and to the Lord Jesus Christ It shows that believers need to understand the details of their own salvation or else be vulnerable to deception in other critical parts of the Christian life The Lord gives truths intended for every Christian and these truths better equip each child of God to realize steadfastness maturity and the will of God Building Thereupon presents a convincing validation to earnest Bible believers demonstrating that the body of correct Christian theology need not be rife with obscurity contradiction and inconsistencies The great Biblical truths flow together fit seamlessly and fall into order when doctrine is believably laid precept upon precept and line upon line

unfit choosing to remain babes in Christ often times for years suffering adverse consequences Why The lack of disciplined spiritual conditioning growth and maturity and the initiative to resolve Granted not easy as it requires work effort and discipline Now enters Excuses quenching any initial desires to get fit Knowingly choosing unfit over fit is a debilitating choice over the desire to become healthier happier and stronger physically and spiritually This book is not intended to be an indictment of the Christian populace only a bona fide remedy to rectify this predicament It follows God s directives Unabashed honesty with self will necessitate appropriate action Suffice it to say God highly advocates spiritual conditioning over the physical 1Timothy 4 7 9 Physical workouts have some benefit but a disciplined spiritual conditioning program makes you fit for all things all the time especially for the present difficult days and the coming turbulent times Thank God for his revealing Word and powerful comforting Holy Spirit who strengthens you and I to stand steadfast when others quit Take this to heart and let it become your constant motivation to get into and stay in top spiritual shape Come along with me in this disciplined program and enjoy permanant benefits and rewards Today is your time to make it happen **Land and Water**,1917 **Engaging the Spirit World** Kirsten W. The Cloaking of Power Paul O. Carrese,2010-02-15 How did the

US judiciary become so powerful powerful enough that state and federal judges once vied to decide a presidential election What does this prominence mean for the law constitutionalism and liberal democracy In *The Cloaking of Power* Paul O Carrese provides a provocative analysis of the intellectual sources of today s powerful judiciary arguing that Montesquieu in his *Spirit of the Laws* first articulated a new conception of the separation of powers and strong but subtle courts Montesquieu instructed statesmen to cloak power by placing judges at the center of politics while concealing them behindjuries and subtle reforms Tracing this conception through Blackstone Hamilton and Tocqueville Carrese shows how it led to the prominence of judges courts and lawyers in America today But he places the blame for contemporary judicial activism squarely at the feet of Oliver Wendell Holmes Jr and his jurisprudential revolution which he believes to be the source of the now prevalent view that judging is merely political To address this crisis Carrese argues for a rediscovery of an independent judiciary one that blends prudence and natural law with common law and that observes the moderate jurisprudence of Montesquieu and Blackstone balancing abstract principles with realistic views of human nature and institutions He also advocates for a return to the complex constitutionalism of the American founders and Tocqueville and for judges who understand their responsibility to elevate citizens above individualism instructing them in law and right
