Cowan, 2023-08-24 Many seemingly strange questions on yoga salvation religious pluralism and so forth have been actively debated among members of a small but influential group of evangelical apologists known as the Christian countercult movement This Element explores the history of this movement from its origins in the anti-heresy writings of the early church to its modern development as a reaction to religious pluralism in North America It contrasts the apologetic Christian countercult movement with its secular anticult counterpart and explains how faith-based opposition both to new religious movements and to non-Christian religions will only deepen as religious pluralism increases It provides a concise understanding of the two principal goals of Christian countercult apologetics support for the evangelization of non-Christian

believers and maintenance for the perceived superiority of the evangelical Christian worldview
