Seduction Of The Mediterranean Writing Art And Homosexual Fantasy:

The Seduction of the Mediterranean Robert Aldrich, 2002-09-11 Through an explanation of forty figures in European culture The Seduction of the Mediterranean argues that the Mediterranean classical and contemporary was the central theme in homoerotic writing and art from the 1750s to the 1950s Episodes of exile murder drug taking wild homosexual orgies and court cases are woven into an original study of a significant theme in European culture The myth of a homoerotic Mediterranean made a major contribution to general attitudes towards Antiquity the Renaissance and modern Italy and Greece

A History of Gay Literature Gregory Woods, 1998-01-01 Account of male gay literature across cultures and languages and from ancient times to the present It traces writing by and about homosexual men from ancient Greece and Rome through the Middle Ages and Renaissance to the twentieth century gay literary explosion It includes writers of wide ranging literary status from high cultural icons like Virgil Dante Marlowe Shakespeare and Proust to popular novelists like Clive Barker and Dashiell Hammett and of various locations from Mishima s Tokyo and Abu Nuwas s Baghdad to David Leavitt s New York It also deals with representations of male male love by writers who were not themselves homosexual or bisexual men

Sweetness and Strength Lene Østermark-Johansen, 2019-01-15 First published in 1998 this volume explores the reinvention of Michelangelo in the Victorian era At the opening of the nineteenth century Michelangelo s reputation rested on the evidence of contemporary adulation recorded by Vasari and Condivi Travel photography the shift of his drawings into public collections and in particular the publication of his poems in their original form transformed this situation The complexity of his work commanded new attention and several biographies were published As public curiosity and knowledge of the artist increased so various groups began to ally themselves to aspects of Michelangelo s persona His Renaissance reputation as a towering genius a man of great spiritual courage who had journeyed through and for his art to the depths of despair was important to the Pre Raphaelites and other artists His love for his own Dark Lady Vittoria Colonna aroused excited speculation among High Church advocates who celebrated his friendship with the deeply religious woman poet and the emerging awareness that some half of his love poetry was dedicated to a younger man Tommaso de Cavalieri was of intense interest to the aestheticists among them Oscar Wilde Walter Pater and J A Symonds who sought heroic figures from societies where masculinity was less rigorously defined In this original and beautifully illustrated study Lene stermark Johansen shows how the critical discussion of the artist s genius and work became irretrievably bound up in contemporary debates about art religion and gender and how the Romantic view of art and criticism as self expression turned the focus from the work of art to the artist himself such that the two could never again be viewed in isolation

AIDS and American Apocalypticism Thomas Lawrence Long, 2012-02-01 Since public discourse about AIDS began in 1981 it has characterized AIDS as an apocalyptic plague a punishment for sin and a sign of the end of the world Christian fundamentalists had already configured the gay male population most visibly affected by AIDS as apocalyptic signifiers or signs of the end times Their

discourse grew out of a centuries old American apocalypticism that included images of crisis destruction and ultimate renewal In this book Thomas L Long examines the ways in which gay and AIDS activists artists writers scientists and journalists appropriated this apocalyptic rhetoric in order to mobilize attention to the medical crisis prevent the spread of the disease and treat the HIV infected Using the analytical tools of literary analysis cultural studies performance theory and social semiotics AIDS and American Apocalypticism examines many kinds of discourse including fiction drama performance art demonstration graphics and brochures biomedical publications and journalism and shows that while initially useful the effects of apocalyptic rhetoric in the long term are dangerous Among the important figures in AIDS activism and the arts discussed are David Drake Tim Miller Sarah Schulman and Tony Kushner as well as the organizations ACT UP and Lesbian Avengers

Reconsidering the Emergence of the Gay Novel in English and German James P. Wilper, 2016-02-15 In *Reconsidering the Emergence of the Gay Novel in English and German* James P Wilper examines a key moment in the development of the modern gay novel by analyzing four novels by German British and American writers Wilper studies how the texts are influenced by and respond and react to four schools of thought regarding male homosexuality in the late nineteenth and early twentieth centuries The first is legal codes criminalizing sex acts between men and the religious doctrine that informs them The second is the ancient Greek erotic philosophy in which a revival of interest took place in the late nineteenth century The third is sexual science or sexology which offered various medical and psychological explanations for same sex desire and was employed variously to defend as well as to attempt to cure this perversion And fourth in the wake of the scandal caused by his trials and conviction for gross indecency Oscar Wilde became associated with a homosexual stereotype based on unmanly behavior Wilper analyzes the four novels Thomas Mann's *Death in Venice* E M Forster's *Maurice* Edward Prime Stevenson's *Imre A Memorandum* and John Henry Mackay's *The Hustler* in relation to these schools of thought and focuses on the exchange and cross cultural influence between linguistic and cultural contexts on the subject of love and desire between men

Ortiz, 2022-05-23 Gordon Merrick and the Great Gay American Novel is the first biography of Gordon Merrick the most commercially successful writer of gay novels in the twentieth century This book shows how Merrick's novels were largely based on his own life and time as a Princeton theater star a Broadway actor a New York reporter an OSS spy and the friend of countless artists and celebrities as an expatriate in France Greece and Sri Lanka He lived much of his life as an openly gay man with his longtime partner Charles Hulse His 1970 novel The Lord Won't Mind broke new ground by showing that an affirming explicitly gay novel could be a bestseller His subsequent gay novels were both a cultural phenomenon and a lightning rod for literary critics This book also examines the complex often conflicting responses to Merrick's novels by gay readers and critics and it thus recovers the early post Stonewall debates over the definition of gay literature By reconstructing Merrick's life and critical fortunes this book expands our understanding of what it means to be a gay man in the twentieth century

A Special Illumination Rollan McCleary, 2004 Gay spirituality represents a hidden strand in

Western thought that was only publically declared from the Gay Liberation of the 1970s Since coming out expressions of gay spirituality have proliferated in both number and diversity Beginning with gay theology within Christianity the phenomenon has now reached as far as Buddhism and neo paganism But so far critical analysis of the movement has been very limited largely because gay spirituality has been treated as a political and social movement arguing for rights and acceptance within religious circles A Special Illumination offers an indepth analysis and argues that gay spirituality should be placed at the heart of religion
