Theater of a City Jean E. Howard,2011-06-03 Arguing that the commercial stage depended on the unprecedented demographic growth and commercial vibrancy of London to fuel its own development Jean E Howard posits a particular synergy between the early modern stage and the city in which it flourished In London comedy place functions as the material arena in which social relations are regulated urban problems negotiated and city space rendered socially intelligible Rather than simply describing London the stage participated in interpreting it and giving it social meaning Each chapter of this book focuses on a particular place within the city the Royal Exchange the Counters London s warehouses and its academies of manners and examines the theater s role in creating distinctive narratives about each In these stories specific locations are transformed into venues defined by particular kinds of interactions whether between citizen and alien debtor and creditor prostitute and client or dancing master and country gentleman Collectively they suggest how city space could be used and by whom and they make place the arena for addressing pressing urban problems demographic change and the influx of foreigners and strangers into the city new ways of making money and losing it changing gender roles within the metropolis and the rise of a distinctive town culture in the West End Drawing on a wide range of familiar and little studied plays from four decades of a defining era of theater history Theater of a City shows how the stage imaginatively shaped and responded to the changing face of early modern London Commercial and Financial Chronicle ,1899 **Alcohol, Drug Abuse,**

Violent Acts and Urban Space in Contemporary Tel Aviv Tali Hatuka,2010-05-01 Violent acts over the past fifteen years have profoundly altered civil rituals cultural identity and the meaning of place in Tel Aviv Three events in particular have shed light on the global rule of urban space in the struggle for territory resources and power the assassination of Prime Minister Rabin in 1995 in the city council square the suicidal bombing at the Dolphinarium Discoth que along the shoreline in 2001 and bombings in the Neve Shaanan neighborhood in 2003 Tali Hatuka uses an interdisciplinary framework of urban theory and sociopolitical theory to shed light on the discourse regarding violent events to include an analysis of the physical space where these events take place She exposes the complex relationships among local groups the state and the city challenging the national discourse by offering a fresh interpretation of contesting forces and their effect on the urban

environment Perhaps the most valuable contribution of this book is its critical assessment of the current Israeli reality which is affected by violent events that continually alter the everyday life of its citizens Although these events have been widely publicized by the media there is scant literature focusing on their impact on the urban spaces where people live and meet In addition Hatuka shows how sociopolitical events become crucial defining moments in contemporary lived experience allowing us to examine universal questions about the way democracy ideology and memory are manifested in the city First, Do Less Harm Vanessa Gruben, Chelsea Cox, 2025-02-25 Readers will be able to gain a deeper understanding of how different approaches to harm reduction can create a stronger foundation for more effective policies and legislation Scholars from law and social sciences collaborate with frontline organizations as well as with individuals with lived experience to reflect diverse perspectives and transform how society addresses substance related challenges Each chapter provides unique findings drawing from examples of harm reduction strategies implemented for opioids cannabis and tobacco in Canada and beyond While harm reduction has been a central aspect of the legal and policy responses to all three substances its application has varied significantly First Do Less Harm explores how the ongoing opioid crisis emphasizes the pressing need for safe consumption sites and life saving tools like naloxone Case studies on Canada s legalization of cannabis highlight both the benefits and challenges of providing legal and regulated access to a drug The volume further examines the evolving landscape of tobacco regulations where recent innovations such as vaping offer less harmful alternatives yet raise significant concerns about youth uptake and public health Designed for policymakers health professionals academics and anyone interested in creating safer communities this collection not only presents thought provoking ideas but also provides inspiration to take action **Los Angeles Transformed** Tom Sitton, 2005 When Fletcher Bowron 1887 1968 ran for mayor of Los Angeles in 1938 his twelve years as a superior court judge with a reputation for honesty and fairness carried him to victory against a notoriously corrupt incumbent During his nearly fifteen years as a neo progressive mayor Bowron presided over fundamental reforms in the police department public utilities and other agencies charged with basic services rooting out bribery kickbacks and influence peddling World War II brought economic and population booms racial conflict social dislocation and environmental problems to Los Angeles and complicated Mayor Bowron s job After the war Bowron initiated massive public housing and desegregation projects These forward looking programs alienated enough voters to cost him the 1953 election as his leftist supporters fell away under the influence of McCarthyism This political history of the mid twentieth century reform period in Los Angeles is also a case study of the ways outside events can affect municipal affairs As Tom Sitton demonstrates the choices made during Bowron s administration have had a direct bearing on how Los Angeles looks today and how its government operates *Interpreting the City* Truman Asa Hartshorn, 1992-04-16 The Second Edition has been rewritten to provide additional coverage of topics such as urban development and third world cities as well as social issues including homelessness jobs housing mismatch and transportation disadvantages It has also been updated with 1990
