Go-To Telescopes Under Suburban Skies Neale Monks, 2010-09-14 Go To Telescopes Under Suburban Skies is the first book specifically written for amateur astronomers who own or who are about to purchase a computer controlled go to telescope. The advantage of the go to capability is enormous: the telescope can be aimed at any object in the sky with great speed and accuracy, which is why these instruments are so popular. Making the realistic assumption that the observer is using a relatively small telescope and is observing from a backyard in a suburban area, this book provides literally hundreds more targets beyond those offered by the built-in nightly tours that feature on the telescope's computer tours. And instead of wasting many pages on maps and coordinates, it leads the computer to locate the targets and so has room to suggest many more fascinating deep sky objects and provide detailed observing lists and information about what's being viewed.

Fire Vision Steven Harrison, 2018-07-17 Within the pages of the Holy Bible, the Lord God Almighty used fire in powerful ways to deliver His message. His authority became apparent when He brought or sent fire down. A few excellent illustrations include Elijah and the prophets of Baal, the three young men in the fiery furnace, Sodom and Gomorrah, and Moses at the burning bush, and the tongues of fire on the day of Pentecost. Consider also our largest visual source of fire and heat: The solar sun, eclipses, and blood moons are often considered as key events or signs in God's Word. Flames entered my apartment in 1992 and left behind four distinct burned images with sealed messages from the eternal consuming fire. The amazing images in my bedroom later told the story of my heart attack. The Holy Spirit unlocked these images by His Word through time. The Cokeville miracle story also has a detailed fire image that was burned into the wall. Its message had been well hidden until now. Learn the interpretations for these miraculous images and understand that the same Creator who made these images will be returning someday with His fire vision to judge all things. The single most important and unanswered question for many people today remains a mystery: Ask yourself, How will the King of kings see me?
