The New York Times Current History ,1917 **Current History** ,1917 *Submarine Commander* Paul R. Schratz,1988-01-01 The author shares his war experiences his role in the Japanese surrender and his participation in the setting of a world s record for longest submerged voyage **PM: Program Manager (Online) November December 2001 Issue** , *National Painters Magazine* ,1916 *Soviet Life* ,1983 **Goodwin's Weekly** ,1915 **Scientific American** ,1915 [The Romance of Submarine Engineering](#) Thomas W. Corbin,1913 **Anti-Submarine Warfare** David Owen,2007-11-15 A deep dive into the tactics and technology used to defend against submarines from the opening of the First World War through World War II and beyond The submarine was undoubtedly the most potent purely naval weapon of the twentieth century In two world wars enemy underwater campaigns were very nearly successful in thwarting Allied hopes of victory indeed annihilation of Japanese shipping by US Navy submarines is an indicator of what might have been That the submarine was usually defeated is a hugely important story in naval history yet this is the first book to treat the subject as a whole in a readable and accessible manner It concerns individual heroism and devotion to duty but also ingenuity technical advances and originality of tactical thought What developed was an endless battle between forces above and below the surface where a successful innovation by one side eventually produces a countermeasure by the other in a lethal struggle for supremacy Development was not a straight line wrong ideas and assumptions led to defeat and disaster Iconography with dozens of photographs and often large format diagrams a vast bibliography and a complete and documented general approach make this volume a work of great quality and of great interest for all enthusiasts and scholars of this very interesting subject *Storia Militare* The modeller will not only find the text engaging but there is a superb collection of photographs and illustrations which of course include submarines corvettes and destroyers Subjects which the modeller increasingly appreciates Highly recommended *Model Boats* **Soviet Military Review** ,1977 **Submarine Diary** Corwin Mendenhall,2013-07-31 A vividly detailed account of life aboard U S submarines in the Pacific during World War II

Torpedoes Away! Maxwell Hawkins,2018-11-16 *Torpedoes Away* details US Navy submarine operations during the first 18 months of World War Two Author Maxwell Hawkins breathlessly covers the tense dangerous missions of submarines USS Trout Sea Raven Pollack Skipjack Cuttlefish and others Between these first hand reports stitched together from interviews with crewmen Hawkins describes the mechanical workings of submarines as well as the history of submersibles beginning in the 17th Century He spent over a year sifting through the archives of the Navy Department and conducted extensive interviews with many veteran submariners about their experiences in the Pacific during World War Two The result is a classic study of underwater warfare a must read for military historians and World War 2 buffs *Two Thousand Questions and Answers about the War* Julius Washington Muller,1918 **All Hands** ,1959 **Scattered Far and Wide** Justin Laborde,2025-09-02 *Scattered Far and Wide* follows the U S Naval Academy Class of 1938 as they rise from junior officers to

combat leaders in World War II's most pivotal battles. Through firsthand accounts and deep research, Justin Laborde brings their stories of courage, sacrifice, and survival vividly to life. *Scattered Far and Wide* tells the war stories of U.S. Naval Academy midshipmen from the Class of 1938. Commissioned on the eve of World War II, they faced the trials of combat as new officers from the early days of American involvement and as ships' captains, pilots in leadership positions, and submariners in charge by VJ Day. Tested as young leaders, they bore the new burden of command while at the fore of the Pacific War's largest and most pivotal campaigns. They felt the wind and spray in their faces and the percussion of ships' guns and depth charges at the pivotal moment in their lives and careers, making their experiences unusually compelling, heartbreaking, and most assuredly instructive. From Pearl Harbor through the end of the war, these men fought and struggled for survival as part of the U.S. Navy's Asiatic Fleet. In the early months of the conflict, they tried to stem the onslaught of the Imperial Japanese Navy. Some were captured and sent to brutal prisoner-of-war camps. Others took to the air from aircraft carriers as members of torpedo bomber and fighter squadrons during the Battles of the Coral Sea and Midway. Later in the war, a number served aboard submarines, experiencing some of the most legendary patrols in the history of the Silent Service. Author Justin Laborde's grandfather, Alden Laborde, was a member of the Class of 1938. Upon his death, Justin obtained a 1938 edition of *The Lucky Bag*, the Naval Academy's yearbook. Reading the memoirs of Alden's classmates, Justin realized he was well-placed to tell the fascinating and unreported story of this class's experiences in World War II. He spent five years gathering primary materials and researching the histories and wartime tales. The young men who graduated from the Naval Academy in 1938 left Annapolis on the eve of war and faced its perils around the world. In the process, these junior officers earned medals and fame, left legacies of heroism and loss, and sparked tales of renown and bravery that reverberate today.
