*The Channels of Student Activism* Amy J. Binder, Jeffrey L. Kidder, 2022-05-16 What can student activism at flagship public universities of the toss up states of Arizona Colorado North Carolina and Virginia tell us about polarization and the next generation of political activists Sociologists Amy J Binder and Jeffrey L Kidder found that while most college campuses are considered progressive and liberal students can be involved on campus in many ways a lack of left leaning infrastructure after graduation makes it hard for activist students to effectively channel their energies into political involvement post college And though usually in the minority conservative students tend to be better organized as campus groups helped by the funds and expertise of right leaning organizations heavily involved in universities After graduation conservative students can readily move into those organizations to continue their politically active lives The conservative strategy has helped to increase the number of provocations on campus and lower the public s trust in higher education The authors look at both liberal and
