Periagoge - Theory of Singularity and Philosophy as an Exercise of Transformation Guido Cusinato, 2023-11-07 This book returns to the question at the center of our existence a question that the narcissistic culture in which we are immersed systematically tends to remove Why The underlying thesis is that the answer must not be sought in success or social recognition but in a fragment of truth hidden somewhere inside each of us which reveals itself only if we detach ourselves from our ego and its certainties It is not therefore a matter of finding yet another philosophical theory of the meaning of existence but rather of shedding light on the conditions under which such meaning can emerge The author shows us that the ultimate source of our existential orientation lies in the affective sphere and that the current crisis of orientation is derived from the atrophy of the process of affective maturation on a large scale and from a lack of knowledge and experience about which techniques are best to reactivate it We are like glowworms that had once unlearned how to illuminate and have since begun to hover around the magic lantern of the ascetic ideal already criticized by Nietzsche and then around neon advertising signs We are glowworms that have forgotten that we have within our own affective structure a precious source of orientation The basic thesis is that this source of orientation can be reactivated through the care of desire and practices of emotional sharing

The Theatre of Kander and Ebb Robert Gordon, 2025-07-24 Discover John Kander and Fred Ebb the most artistically and commercially successful musical theatre writing team since Rodgers and Hammerstein in a brand new way Identifying the theatrical approach that renders their musical dramaturgy unique this book explores their importance within and contribution to musical theatre history Through their biggest hits *Cabaret* 1966 and *Chicago* 1975 Kander and Ebb have been performed on the stage more times both within and outside of the USA than any other American musical theatre writers Unlike Sondheim whose work from 1964 increasingly aspired towards the avant garde Kander and Ebb located their projects in a nexus between art and commercial entertainment seeking to deconstruct popular forms in order to expose their ideological function This book investigates the full range of Kander and Ebb's collaboration from the pure comic entertainment of *70 Girls* 1971 and *Curtains* 2006 to more overtly serious musicals such as *Kiss of the Spiderwoman* 1992 *The Scottsboro Boys* 2010 and *The Visit* 2014 which were less commercially successful precisely because they addressed disturbing subjects It explores how the difficult material inspired beautiful though challenging scores It also probes how the ironic counterpointing of luscious music with witty and demotic lyrics challenges the desire of a Broadway audience for escapist entertainment devoid of critical self reflection in order to create complex yet popular masterpieces of the genre This is the first volume to explicitly analyse the recurrent theatrical tropes and dramaturgical forms in Kander and Ebb's musicals offering an in depth introduction to their oeuvre

No Good Deed Goes Unpunished Eli Maxwell, 2022-11-03 This journal is a few hundred pages of unpopular opinion I wrote this ball of rage between 2014 2016 and I planned to give to my gender studies professor after I took her class When I left her class I noticed that there's a lot of misleading information about people that disagree with feminists and feminism and this book will help demystify some of those notions I may have written this book for her but I believe it can help others as well The 1st group of people that this book will help are people that don't like feminists and feminism you'll agree with almost everything I have to say trust me you're not alone This book is full of red pills you're going to love it The 2nd group of people are people that are on the fence about feminists Yeah feminists may have

told you the dictionary definition of feminism and you might have heard some things about the feminist movement but you're still not quite sure what to make of them. I think you will gain the most from what I went through. I will show you the tactics some feminists use to get what they want. These are all things you should know before you engage with any feminist. The 3rd group of people are the people that don't understand why so many people have such hard opinions on feminism and feminists. Hopefully this book will help you understand where the first group of people are coming from. I use jokes, satire, and personal experiences to bring levity to this hot topic issue. I don't want to tell you what to think. I want to show you what I went through so you can make up your own mind and even if you disagree with me, I hope you enjoy the ride. Now onto the 4th group: these are the feminists that are vexed and can't figure out why so many people dislike feminism and why feminists can't crack 18 percent of the population. I think you will benefit the most from what I have to say. I'm not going to berate you or attack you. I'm just going to make my claims on why I disagree with your dogmatic ideology and hopefully you can respect that. I really want you to understand where I'm coming from and maybe we can build a bridge from there. Now on to the big mama of them all: the 5th group. If you are the type of feminist that believes everything is sexist and everything is racist and every man is a misogynist, put this book down. You are going to have a bad time. I deconstruct almost everything you believe in with ruthless and logical precision and I know for a fact that this book is going to trigger you into oblivion. Hell, you might even do something crazy like set this book on fire and I don't want to see my book set a blaze. So save your money, save your time, and continue to smash the patriarchy. But to the other 4 out of 5 of you, crack open a beer or pour a glass of wine and enjoy my descent into madness.
