Wicked Women Dennis J. Stevens PhD, 2011-01-14 In *Wicked Women* Dennis Stevens a criminology professor and prison

counselor shares the fascinating life stories of fifteen super predators detailing their early life experiences and criminal activities through the time they interacted with him in prison. Withholding their names and identities he presents disturbing evidence and chronicles the long destructive journeys of these super predators. Dr Stevens spent several years among high risk felons in some of the most heavily researched penitentiaries in America while teaching criminology at various universities. He uses his vast professional experience to create fictional vignettes based on real life situations offering a glimpse into the souls of creatures who carry out wicked acts under the cover of a mask of sanity. While presenting bizarre accounts of incredible human cruelty of every variety including border raids, brutal beatings, cannibalism, rape, and gang warfare, Dr Stevens provides a never before seen look into the backgrounds and twisted minds of people like Margo, a transgendered drug addict obsessed with setting fires, and Mary, a former New Orleans police officer convicted of killing her partner. Without censorship or interference from political police, *Wicked Women* presents eye opening, unforgettable accounts of the outrageous thoughts and gruesome destruction of super predators.

Mask and Flippers Lloyd Bridges, 2018-12-02

Through his work in motion pictures, Lloyd Bridges appreciated the impact of skin diving upon this medium and presented an exciting picture of future possibilities in underwater photography. The author's role in *Sea Hunt* made him keenly aware of the revolution developing in the fields of salvage, diving, treasure hunting, search and rescue, science, gold mining, and other virgin areas open to skin divers with imagination and enterprise. He described methods, techniques, and tools already in use and gave an exciting glimpse of future possibilities. First published in 1960, here is the complete story of skin diving as an exciting new field for fun, adventure, and opportunity open to millions of average swimmers. Those who are willing to accept the challenge of exploring and conquering a new world can benefit from past mistakes and the accumulation of experience by early skin divers and perhaps become tomorrow's pioneers who have yet to conquer the problems of great depths and reap the harvest on the bottom of the sea.

[The Auntie Sewing Squad Guide to Mask Making, Radical Care, and Racial Justice](#)

Mai-Linh K. Hong, 2021-11-02

The rise of the Auntie Sewing Squad, a massive mutual aid network of volunteers who provided free masks in the wake of US government failures during the COVID 19 pandemic. In March 2020, when the US government failed to provide personal protective gear during the COVID 19 pandemic, the Auntie Sewing Squad emerged. Founded by performance artist Kristina Wong, the mutual aid group sewed face masks with a bold social justice mission to protect the most vulnerable and most neglected. Written and edited by Aunties themselves, *The Auntie Sewing Squad Guide to Mask Making, Radical Care, and Racial Justice* tells a powerful story. As the pandemic unfolded, hate crimes against Asian Americans spiked. In this climate of fear and despair, a team of mostly Asian American women, using the familial label Auntie, formed, online gathered momentum, and sewed masks at home by the thousands. The Aunties nimbly made and funneled masks to asylum seekers, Indigenous communities, incarcerated people, farmworkers, and others disproportionately impacted by COVID 19. When anti lockdown agitators descended on state capitals and eventually the US Capitol, the Aunties dug in. And as the

nation erupted in rebellion over police violence against Black people the Aunties supported and supplied Black Lives Matter protesters and organizations serving Black communities Providing hundreds of thousands of homemade masks met an urgent public health need and expressed solidarity care and political action in a moment of social upheaval The Auntie Sewing Squad is a quirky fast moving and adaptive mutual aid group that showed up to meet a critical need Led primarily by women of color the group includes some who learned to sew from mothers and grandmothers working for sweatshops or as a survival skill passed down by refugee relatives The Auntie Sewing Squad speaks back to the history of exploited immigrant labor as it enacts an intersectional commitment to public health for all This collection of essays and ephemera is a community document of the labor and care of the Auntie Sewing Squad

Mask in the Mirror Nidhi Chawla, 2010-04 The process of weaving a fictional dream can be painful and also joyful path to self

discovery realizes an ordinary man when he sits down to reveal his thoughts and bring to life characters whose lives would confront and impact his heart and mind As the people of the imaginary world open the Writer s eyes to his own soul he relishes his intimate sentiments and sees the color of his emotions Caught in an imaginary fabrication where at times he basks in the beauty of creation and at moments he suffers its loneliness There is transformation and simultaneous transition during these years of writing the beginning commences in the cold winter and rejuvenating spring comes in the end But the big question is will the Writer and his realm of fiction survive or both perish without the world ever reading his words and recognizing his worth Mask in the Mirror is a gripping story of self discovery introspection and a touching saga of how fictional life can change the real life of an ordinary man

The Mask of Enlightenment Stanley Rosen,2004-01-01 This landmark study is a detailed textual and thematic analysis of one of Nietzsche s most important but least understood works Stanley Rosen argues that in Zarathustra Nietzsche lays the groundwork for philosophical and political revolution proposing a change in humanity s condition that would be achieved by eliminating the decadent existing race and breeding a new race to take its place Rosen discusses Nietzsche s systematically duplicitous rhetoric of esoteric messages in Zarathustra and he places the book in the contexts of Greek Christian Enlightenment and postmodernist thought

A Mask for Privilege , Why in America should the most sinister of European social diseases have taken root Why should that disease have spread from its seemingly anachronistic beginning in the Gilded Age until it infected many of our great magazines and newspapers Until it determined not only where a man might stay the night but where he got his education and how he earned his living This book answers such questions by exposing the myths with which the anti Semite surrounds his position By taking away the mask of privilege it reveals the source of such prejudice for what it is the determination of the forces of special privilege with their hangers on to maintain their select and exclusive status regardless of the consequences to other human beings Like Carey McWilliams s other books on minorities in America A Mask for Privilege reveals the facts of discrimination so that the fogs of prejudice may be dispersed by the truth It traces the growth of discrimination and persecution in America from 1877 to 1947 shows why Jews are such good scapegoats and contrasts the Jewish stereotype too pushing too cunning with that of other minority groups Then it looks at the anti Semitic personality and concludes with Sartre that here is a man who is afraid of himself In his stirring new introduction Wilson Carey McWilliams calls this a work of recovery evoking names and moods and incidents now either half forgotten or lost to memory This brilliant analysis of anti Semitism is a documented and forceful attempt to inform Americans about the danger of the undemocratic antisocial practices in their midst and to suggest a positive program to arrest a course too similar to that which led to the Holocaust It transcends majority minority relations and becomes an analysis of antidemocratic practices which affect the whole fabric of American life

Beneath the Mask Robert N. Sollod,Christopher F. Monte,2008-01-22 Beneath the Mask presents classic theories of human nature much as each theorist might if the theorist were to teach his or her ideas to people encountering them for the first time Through a

theorist by theorist approach this Eighth Edition continues to explore the ideas of personality theorists developmentally incorporating the personal origins of ideas to illuminate links between the psychology of each theorist and that theorist's own psychology of persons Beneath the Mask presents the sequence of thinking for more than 20 theorists and demonstrates how the thinking that led to major theories is nested in the life experience of the theorists within the context of the surrounding culture The authors emphasize each theorist's life history as the basis for the ideas that constitute his or her theories making them easier to understand as pictures of human nature John P Wilson has revised the text in a manner that preserves and improves upon the best features of the late Robert N Sollod and Christopher Monte's work
