Handbook of Media Use and Well Being serves as the first international review of the current state of this fast developing area of research. The volume provides a multifaceted perspective on the beneficial as well as the detrimental effects of media exposure on psychological health and well being. As a first mover it will define the field of media use and well being and provide an essential resource for research and teaching in this area. The volume is structured along four central considerations: Processes presents concepts that provide a theoretical bridge between media use and well being such as psychological need satisfaction, recovery from stress and strain, self presentation and self enhancement or parasocial interactions with media characters, providing a comprehensive understanding of the underlying processes that drive psychological health and well being through media. Moderators examines both risk factors that promote negative effects on well being and protective factors that foster positive media effects. Contexts bridges the gap between theory and real life by illustrating how media use can influence well being and satisfaction in very different life domains covering the full spectrum of everyday life by addressing the public, private and work spheres. Audiences takes a look at the influence of life phases and life situations on the interplay of media use and well being, questioning whether various user groups differ with regard to the effects of media exposure. Bringing together the expertise of outstanding international scholars from multiple disciplines including communication, media psychology, social psychology, clinical psychology and media education, this handbook sheds new light on the role of media in influencing and affecting emotions.

Creative Writing in the Community Terry Ann Thaxton, 2013-11-07. Creative Writing in the Community is the first book to focus on the practical side of creative writing. Connecting classroom experiences to community based projects, it prepares creative writing students for teaching in schools, homeless centers, youth clubs and care homes. Each chapter is packed with easy to use resources including specific lesson plans, case studies of students working with community groups, lists of suitable writing examples, how to sections, examples and theoretical applications of creative writing pedagogy and techniques, reflection questions, writings by workshop participants. Enhanced by contributions from directors, students and teachers at successful public programs, Creative Writing in the Community is more than an essential guide for students on creative writing courses and leaders of community based learning programs; it is a practical demonstration of the value of art in society.

Career Planning Strategies C. Randall Powell, 2004. Career Planning Strategies is designed to be used by anyone looking to enter into a new career or job field. This text will help students discover career happiness and job satisfaction. The approach of this text goes beyond the one shot job hunt. It shows students how to be continuously in charge of their career. The focus of Career Planning Strategies is on planning. Planning involves developing a systematic approach to the direction students want their working life to take. The approach described in this book not only sets the plan but shows students how to implement it as well. Excellent source for resume material. Helps prepare students for interviews. Applicable for senior seminar courses. For junior senior career planning courses.
