Liu Zaifu: Selected Critical Essays Zaifu Liu, 2021-06-17 Liu Zaifu is a name that has already been ingrained within contemporary Chinese literary history. This landmark volume presents Anglophone readers with Liu's profound reflections on Chinese literature and culture at different times. The essays collected here demonstrate Liu's historical experience and trajectory as an exiled Chinese intellectual who persistently safeguards the individuality and the autonomy of literature, refusing to succumb to political manipulation. Liu's theory of literary subjectivity has opened ways for Chinese writers to thrive and innovate. His panoramic view not only unravels the intricate interplay between literature and politics but also firmly regards the transcendental value of literature as a significant ground to subvert revolutionary dogmatism and criticize Chinese modernity. Rather than drawing upon the existing paradigm, he reinvents his own unique theoretical conceptions in order to exile the borrowed gods. Selected Critical Essays William Wordsworth, Samuel Taylor Coleridge, 1958 *Select Critical Essays* Thomas Babington Macaulay Baron Macaulay, 1923 Writing to the Moment Tom Paulin, 1998

Kipling's Mind and Art Andrew Rutherford, 1966 *Selected Critical Writings* David Herbert Lawrence, 1998 A critic must be able to feel the impact of a work of art in all its complexity and force. To do so, he must be a man of force and complexity himself. A critic must be emotionally alive in every fibre, intellectually capable and skilful in essential logic and then morally very honest. These comments by D. H. Lawrence are as close a description as any of himself as a critic. They come from his essay on fellow novelist John Galsworthy, and there are many other pieces on novels and novelists in this selection. But Lawrence's range of genres extends to poetry and plays and paintings, and his critical writing encompasses an enormous variety of subjects from Aeschylus and the Apocalypse to symbolism and syphilis, for his interests are philosophical, psychological, religious, moral, sociological, historical, and cultural, as well as literary and artistic. This selection is a treasure trove of thought adventures by one of literature's liveliest critical spirits. Critical Essays on Kate Chopin Alice Hall Petry, 1996 Series Editors James Nagel, University of Georgia; Zack Bowen, University of Miami; and Robert Lecker, McGill University. The full range of literary traditions comes to life in the Twayne Critical Essays Series. Volume editors have carefully selected critical essays that represent the full spectrum of controversies, trends, and methodologies relating to each author's work. Essays include writings from the author's native country and abroad, with interpretations from the time they were writing through the present day. Each volume includes an introduction providing the reader with a lucid overview of criticism from its beginnings, illuminating controversies, evaluating approaches, and sorting out the schools of thought. The most influential reviews and the best reprinted scholarly essays. A section devoted exclusively to reviews and reactions by the subject's contemporaries. Original essays, new translations, and revisions commissioned especially for the series. Previously unpublished materials such as interviews, lost letters, and manuscript fragments. A bibliography of the subject's writings and interviews. **Selected Writings** A. J. M. Smith, 2006-09-23 Arthur James Marshall, Smith prize-winning poet, essayist.

influential anthologist and critic died in 1980 His last book *The Classic Shade Selected Poems* on which *Selected Writings* is based stands as his final intention in the world of literature To this long out of print book the editor has added original material by Smith in which he defined and advanced modernism in Canadian writing This edition also includes annotation an extended introduction and a bibliography

Jean Toomer Jean Toomer, 1996 This book is what scholars of American and African American literature have needed for quite some time Robert B Jones's selection of materials is excellent and his expert ordering reveals that breadth and evolution of Jean Toomer's thought over several decades This collection will considerably enlarge our understanding of the author whose reputation remains tied in large part to *Cane* Rudolph P Byrd Emory University Like the intertextual relations between black authored and white authored literary works the relationships between Black and White intellectuals in New York in the 1910s and 1920s both personally and intellectually were far more fluid and complex and productive than American scholarship has acknowledged The essays collected here enhance such acknowledgment considerably with implications for the transformation of our understanding of American modernism as well as the interracial cultural history of the United States Certainly such was Robert Jones's large and generous aim in creating this important book from the Foreword by Georg Hutchinson
