Selected Poems of Matthew Arnold Matthew Arnold, 1906 **Selected Prose** Matthew Arnold, 1970 **Selected Poetry and Prose** Matthew Arnold, 1964 Arnold Select Poems and Prose Matthew Allott, Matthew Arnold, Matthew Arnold, 1978 *Selected Poems* Matthew Arnold, 1993 A selection of poems by Matthew Arnold This book is part of a series aimed at the general reader rather than the specialist and as such carries no critical or explanatory apparatus Other poets featured in this series include Christina Rossetti John Keats and Gerard Manley Hopkins *Byron Among the English Poets* Clare Bucknell, Matthew Ward, 2021-07-29 For Byron poetic achievement was always relative Writing meant dwelling in an echo chamber of other voices that enriched and contextualised what he had to say He believed that literary traditions mattered and regarded poetic form as something embedded in historical moments and places His poetry as this volume demonstrates engaged richly and experimentally with English influences and in turn licenced experimentation in multiple strands of post Romantic English verse In *Byron Among the English Poets* he is seen as a poet's poet a writer whose verse has served as both echo of and prompt for a host of other voices Here leading international scholars consider both the contours of individual literary relationships and broader questions regarding the workings of intertextuality exploring the many ways Byron might be thought to be among the poets alluding and alluded to collaborative competitive parodied worked and reworked in imitations critiques tributes travesties and biographies **Experience Of Reading** Philip Davis, 2003-09-02 First published in 1991 This book is written with the intent to reach serious readers in and outside a university through joint mental contact with serious writers of the present and the past To get whatever there is to be got out of this book a reader should also read or have read at least Bernard Malamud's *A New Life* Saul Bellow's *Herzog* and Doris Lessing's *The Marriages Between Zones Three Four and Five* so that we can work together What is Wrong with Us? Eric Coombes, Theodore Dalrymple, 2016-11-08 Can any of us entirely banish from our hearts and minds grave misgivings about the condition of the culture we now inhabit Expressions of those misgivings are mostly unheard in public forums ignored in the dominant media and if noticed at all dismissed by state supported bureaucracies and commercial vested interests To have any chance of gaining attention they must resolve themselves into coherent forms We need to clarify our perceptions of the things that trouble us by articulating and developing our thoughts about them That is we are in need of serious criticism

serious criticism aesthetic social and political which is notably lacking in the contemporary world especially in places readily available to the educated non specialist such as the quality weekend newspapers and especially perhaps in relation to the visual arts The pieces collected in this volume are not presented as amounting to an overall account or theory of our cultural condition They are offered merely as examples of serious criticism of what we need if we are to begin to think more profitably about our condition daring in defiance of contemporary dogmatism to make the necessary judgements of value without which our culture will continue to disintegrate

The Poetry of Clare, Hopkins, Thomas, and Gurney Andrew Hodgson,2019-12-31

This book attends to four poets John Clare Gerard Manley Hopkins Edward Thomas and Ivor Gurney whose poems are remarkable for their personal directness and distinctiveness It shows how their writing conveys a potentially individual quality of feeling perception and experience each poet responds with unusual commitment to the Romantic idea of art as personal expression The book looks closely at the vitality and intricacy of the poets language the personal candour of their subject matter and their sense obdurate but persuasive of their own strangeness As it traces the tact and imagination with which each of the four writers realises the possibilities of individualism in lyric it affirms the vibrancy of their contributions to nineteenth and twentieth century poetry
