Excerpt from *Selected Essays on Language Mythology and Religion* Vol 1 of 2

The two volumes which I am now publishing contain a selection of essays on language mythology and religion three subjects intimately connected with each other There is to my mind no subject more absorbing than the tracing the origin and first growth of human thought not theoretically or in accordance with the Hegelian laws of thought or the Comptian epochs but historically and like an Indian trapper spying for every footprint every layer every broken blade that might tell and testify of the former presence of man in his early wanderings and searchings after light and truth About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      Catalogue of the Books in the Library of the Institute of Jamaica Institute of Jamaica.
