Selected Essays Viacheslav Ivanovich Ivanov, 2001 A poet critic and theoretician at the turn of the 20th century Viacheslav Ivanov was dubbed Viacheslav the Magnificent by his contemporaries This volume of essays covers a broad range of Ivanov's interests including the aesthetics of Symbolism theatre and culturological concerns *Reading Faithfully* Lindsay Ceballos, 2025-07-15 *Reading Faithfully* reveals how Russian critics of the Silver Age the late nineteenth and early twentieth centuries reread and remade Fyodor Dostoevsky for their era of religious renewal amid a broader political embrace of liberal reform and radical politics Lindsay Ceballos argues that most Silver Age critics engaged in a mode of critique approaching religious faith critical faith in the moral and artistic value of Dostoevsky that was needed to overcome their doubts about his nationalist rhetoric and politics Surveying leading critics on and theatrical adapters of Dostoevsky's fiction since his death in 1881 Ceballos advocates for new kinds of critical engagement with his work that draw on the example of Silver Age faithful reading but embrace more complexity and dissonance than critics were able to achieve in that period of fracture and upheaval *Reading Faithfully* provides a historical account of Russian culture in a pivotal period bringing together literary intellectual and theater history into one narrative Ceballos challenges Dostoevsky scholars asking What is the future of reading Dostoevsky in the wake of Russia's invasion of Ukraine *Music, Art and Performance from Liszt to Riot Grrrl* Diane V. Silverthorne, 2018-10-18 Opening with an account of print portraiture facilitating Franz Liszt's celebrity status and concluding with Riot Grrrl's noisy politics of feminism and performance this interdisciplinary anthology charts the relationship between music and the visual arts from late Romanticism and the birth of modernism to postmodernism while crossing from Western art to the Middle East Focused on music as a central experience of art and life these essays scrutinize the musicalisation of art focusing on the visual and performing arts and detailing significant instances of intra art relations between c 1840 and the present day Essays reflect on the aesthetic relationships of music to painting performance and installation sound and silence time and space The insistent influence of Wagner is considered as well as the work and ideas of Manet Satie and Cage Thomas Wilfred La Monte Young and Eliasson What distinguishes these studies are the convictions that music is never alone and that a full understanding of the isms of the last two hundred years is best achieved when music's influential presence in the visual arts is acknowledged and interrogated **Russian Archaism** Irina Shevelenko, 2024-08-15 *Russian Archaism* considers the aesthetic quest of Russian modernism in relation to the nation building ideas that spread in the late imperial period Irina Shevelenko argues that the cultural milieu in Russia where the modernist movement began as an extension of Western trends at the end of the nineteenth century soon became captivated by nationalist indoctrination Members of artistic groups critics and theorists advanced new interpretations of the goals of aesthetic experimentation that would allow them to embed the nation building agenda within the aesthetic one Shevelenko's book focuses on the period from the formation of the World of Art group 1898 through the Great War and encompasses visual

arts literature music and performance As Shevelenko shows it was the rejection of the Russian westernized tradition informed by the revival of populist sensibilities across the educated class that played a formative role in the development of Russian modernist agendas particularly after the 1905 revolution Russian Archaism reveals the modernist artistic enterprise as a crucial source of insight into Russia's political and cultural transformation in the early twentieth century and beyond

Reframing Russian Modernism Irina Shevelenko, 2018-12-11 Presenting a multifaceted portrait of modernist culture in Russia an array of distinguished scholars shows how artists and writers in the early twentieth century engaged with politics science and religion At a time when many Russian social institutions looked to the past modernist arts powerfully amplified a gamut of new ideas about individual and collective transformation Expanding upon prior studies that focus more specifically on literary manifestations of the movement Reframing Russian Modernism features original research that ranges broadly from political aesthetics to Darwinism to yoga These unique complementary perspectives counter reductionism of any kind integrating the study of Russian modernism into the larger body of humanistic scholarship devoted to modernity

contribution to our understanding of Russian modernism in its broader European context In this undertaking he has not only succeeded admirably but will undoubtedly inspire others to follow him Pamela Davidson *The Russian Review* The most comprehensive overall treatment of Ivanov's work to date David N Wells *The Slavic and East European Journal*

The Notebooks of Alexander Skryabin Aleksandr Nikolayevich Scriabin, 2018 Russian composer Alexander Skryabin's life spanned the late romantic era and the momentous early years of the twentieth century but was cut short before the end of the first world war In a predominantly conservative era in the Russian musical scene he drew inspiration from poets philosophers and dramatists of the Silver Age a period of radical artistic renewal in Russia Possessed by an apocalyptic vision of transformation aspects of which he shared with other Russian thinkers and artists of the period Skryabin transformed his musical language from a ripe Romantic style into a far reaching radical instrument for the expression of his ideas This newly translated collection of the composer's writings and letters allows readers to experience and understand Skryabin's worldview personality and life as never before *The Notebooks of Alexander Skryabin* features commentary based on original materials and accounts by the composer's friends and associates dispelling popular misconceptions about his life and revealing the dazzling constellation of philosophies that comprised his world of ideas from Ancient Greek and German Idealist philosophy to the writings of Nietzsche and Indian culture to the Theosophical writings of H P Blavatsky Close textual readings and new biographical insights converge to present a vivid impression of Skryabin's thought and its impact on his musical compositions

and Modernism in European and Russian Literature and Culture Jonathan Stone, 2019-12-12 Decadence and Modernism in European and Russian Literature and Culture Aesthetics and Anxiety in the 1890s rewrites the story of early modernist literature and culture by drawing out the tensions underlying its simultaneous engagement with Decadence and Symbolism the unsustainable combination of this world and the other With a broadly framed literary and cultural approach Jonathan Stone examines a shift in perspective that explodes the notion of reality and showcases the uneasy relationship between the tangible and intangible aspects of the surrounding world Modernism quenches a growing fascination with the ephemeral and that which cannot be seen while also doubling down on the significance of the material world and finding profound meaning in the physical and the corporeal Decadence and Symbolism complement the broader historical trajectory of the fin de siècle by affirming the novelty of a modernist mindset and offering an alternative to the empirical and positivistic atmosphere of the nineteenth century Stone seeks to recreate a significant historical and cultural moment in the

development of modernity a moment that embraces the concept of Decadence while repurposing its aesthetic and social import to help navigate the fundamental changes that accompanied the dawn of the twentieth century **Flint on a Bright Stone** Kirsten Blythe Painter, 2006 Flint on a Bright Stone closes a significant gap in the history of Modernist poetry by identifying the existence of Tempered Modernism an international phenomenon exemplified by Akhmatova Rilke H D and Williams and characterized by small poems written with precision restraint simplicity equilibrium and hardness

generally considered to be among the four or five greatest Russian poets of the twentieth century The essays in this volume presented in an exceptionally scrupulous and true translation were selected because they represent Mandelstam's major poetic themes and his thought on literature language and culture and the work and place of the poet Mandelstam's views on literature are profound and original and they are expressed in striking and dramatic if sometimes difficult prose These essays deal with such topics as the poetic process and the relationship of poetry to politics culture the traditions of the past and the demands of the present Sidney Monas's lively introduction to the work and life of Mandelstam combines the virtues of both the critical essay and detached scholarship Keeping biographical detail to a minimum Monas concentrates on the pattern that runs through the essays and lends them that coherence often noted in Mandelstam's poetry
