Service To The Services The Story Of Naafi:

Service to the Services Harry Miller, 1971 NAAFI Navy Army and Air Force Institutes s rgede for underholdning og forfriskninger for de engelske tropper Denne bog beskriver deres arbejder i tiden umiddelbart f r under og efter 2 Verdenskrig *International Encyclopedia of Military History* James C. Bradford, 2004-12 With its impressive breadth of coverage both geographically and chronologically the International Encyclopedia of Military History is the most up to date and inclusive A Z resource on military history From uniforms and military insignia worn by combatants to the brilliant military leaders and tacticians who commanded them the campaigns and wars to the weapons and equipment used in them this international and multi cultural two volume set is an accessible resource combining the latest scholarship in the field with a world perspective on military history **Portsmouth's World War Two Heroes** James Daly, 2012-02-01 Based on research into 2 549 servicemen and women from Portsmouth who were killed during World War 2 this book uncovers stories that have never been told before a naval bomb disposal Petty Officer awarded the George Cross a 16 year old Para a Battle of Britain hero men killed in battleships submarines bombers and tanks throughout Europe Africa the Middle East and Asia By using database software the author has been able to analyse all 2 549 casualties and look at statistics such as their age and where in Portsmouth they came from As well as telling the stories of individuals and units it has been possible to build a picture of the effect that World War 2 had on Portsmouth s communities *In Different Times* Ian van der Waag, Albert Grundlingh, 2019-11-15 This is the first attempt to bring together diverse scholars using different lenses to study South Africa s Border War As a book it is critical in approach provides deeper reflection and focuses specifically on the SADF experience of the war The result is a more complex picture of the war s dynamics and its legacies Although South Africa is a vastly different country today the study of the Border War opens a range of questions also relevant to contemporary deployments such as in Lesotho 1998 and the Central African Republic 2013 It includes the debate on participation in foreign conflicts on the deployment design and preparation of appropriate modern armed forces and their use as foreign policy instruments in far off theatres on military planning and as the historical controversies regarding the battles at Cuito Cuanavale and Bangui illustrate on the interface between foreign campaigning and domestic politics **Naval Eyewitnesses** James Goulty, 2022-11-04 Goulty tells the story from the perspective of the ordinary sailor or officer who was there The Northern Mariner Although many books have been written about naval actions during the Second World War histories and memoirs in particular few books have attempted to encompass the extraordinary variety of the experience of the war at sea That is why James Goulty s vivid survey is of such value Sailors in the Royal Navy and the Merchant Navy experienced a war fought on a massive scale on every ocean of the world in a diverse range of vessels from battleships aircraft carriers and submarines to merchant ships and fishing boats Their recollections are as varied as the ships they served in and they take the reader through the entire maritime war as it was perceived at the time by those who had direct personal knowledge of it Throughout

the book the emphasis is on the experience of individuals their recruitment and training their expectations and the reality they encountered on active service in many different offensive and defensive roles including convoy duty and coastal defence amphibious operations hunting U boats and surface raiders mine sweeping and manning landing and rescue craft A particularly graphic section describes in the words of the sailors themselves what action against the enemy felt like and the impact of casualties seamen who were wounded or killed on board or were lost when their ships sank A fascinating inside view of the maritime warfare emerges which may be less heroic than the image created by some post war accounts but it gives readers today a much more realistic impression of the whole gamut of wartime life at sea

The Long Patrol Roy Bainton, 2011-10-14 When the Allies occupied Germany at the end of the Second World War there were two million men present to witness the devastating end of the Third Reich Few of them could have imagined just how long this occupation was going to last right up to the fall of the Berlin Wall in 1989 and well into its aftermath Today some 17 000 British troops remain in Germany But over the past four and a half decades tens of thousands of British men and women have lived and worked in British Zone as members of the British Army of the Rhine BAOR some for relatively short periods many for much longer Long enough though for the experience to have a profound effect on their lives and on their attitudes THE LONG PATROL reveals what life has been like in the British Zone for those men and women and their families As the post war worlds of Britain and Germany had little in common they had to find their own identity often suspended between the two And what did the Germans make of the British How did they react when whole streets sometimes whole districts were requisitioned and occupied What were the psychological effects of a foreign army taking over the barracks of what had been until so recently the homes of the warriors of the 1 000 Year Reich Eventually the British became more and more insulated against the culture around them building their own camps their own cinemas In major centres like Berlin they lived a separate life whilst all around them Germany got on with the massive task of reconstruction In the background there lurked the ever present spectre of a possible Third World War Based largely on interviews and information culled from personal diaries and letters THE LONG PATROL is primarily an oral history of the British in Germany It also analyses and interprets experiences in an attempt to begin to make sense of an unusual and still significant part of British history in the twentieth century Funny tragic bizarre and poignant in equal parts THE LONG PATROL is an important contribution to the social history of post war Britain and Germany

Logistics Matters and the U.S. Army in Occupied Germany, 1945-1949 Lee Kruger, 2016-11-23 This book examines the U S Army's presence in Germany after the Nazi regime's capitulation in May 1945 This presence required the pursuit of two stated missions to secure German borders and to establish an occupation government within the assigned U S zone and sector of Berlin Both missions required logistics support a critical aspect often understated in existing scholarship The security mission covered by the combat troops declined between 1945 and 1948 but grew again with the Berlin Blockade Airlift in 1948 and then again with the Korean crisis in 1950 The logistics mission grew

exponentially to support this security mission as the U S Army was the only U S Government agency possessing the ability and resources to initially support the occupation mission in Germany The build up of Little Americas during the occupation years stood forward deployed U S military forces in Europe in good stead over the ensuing decades

Veterans of the First World War David Swift, Oliver Wilkinson, 2019-02-14 This volume synthesises the latest scholarship on First World War veterans in post war Britain and Ireland investigating the topic through its political social and cultural dynamics It examines the post war experiences of those men and women who served and illuminates the nature of the post war society for which service had been given Complicating the homogenising tendency in existing scholarship it offers comparison of the experiences of veterans in different regions of Britain including perspectives drawn from Ireland Further nuance is offered by the assessment of the experiences of ex servicewomen alongside those of ex servicemen such focus deepening understanding into the gendered specificities of post war veteran activities and experiences Moreover case studies of specific cohorts of veterans are offered including focus on disabled veterans and ex prisoners of war In these regards the collection offers vital updates to existing scholarship while bringing important new departures and challenges to the current interpretive frameworks of veteran experiences in post war Britain and Ireland

God and the British Soldier Michael Snape, 2007-05-07 Drawing on a wealth of new material from military ecclesiastical and secular civilian archives Michael Snape presents a study of the experience of the officers and men of Britain s vast citizen armies and also of the numerous religious agencies which ministered to them Historians of the First and Second World Wars have consistently underestimated the importance of religion in Britain during the war years but this book shows that religion had much greater currency and influence in twentieth century British society than has previously been realised Snape argues that religion provided a key component of military morale and national identity in both the First and Second World Wars and demonstrates that contrary to accepted wisdom Britain s popular religious culture emerged intact and even strengthened as a result of the army s experiences of war The book covers such a range of disciplines that students and scholars of military history British history and Religion will all benefit from its purchase

Give Me Shelter Andrew Paul Burtch, 2012 How could you and your family survive a nuclear war From 1945 onwards the Canadian government developed civil defence plans and encouraged citizens to join local survival corps By the time of the Cuban Missile Crisis the civil defence program was widely mocked and the public was still vastly unprepared for nuclear war An expos of the challenges of educating the public on the threat of nuclear annihilation Give Me Shelter provides a well grounded explanation of why Canada s civil defence strategy ultimately failed It is essential reading for anyone interested in Canada s Cold War home front

The British Army and the People's War, 1939-1945 Jeremy A. Crang, 2000-11-18 During the Second World War the British army absorbed approximately three million new recruits the majority of whom were conscripts Drawn from all occupational groups and social classes the military authorities were confronted with the task of molding these civilians in uniform into an effective fighting force This book

analyzes the impact of this process of integration on the army as a social institution Exploring such aspects of the army's social organization as other rank selection officer selection officer promotion officer man relations the soldier's working life army welfare and army education it assesses the ways in which the army changed in relation to its new intake what the extent of any change that took place actually was and how different the army of 1945 was to that of 1939 **Darts in England, 1900-39** Patrick Chaplin, 2018-09-30 Drawing on an eclectic range of primary and secondary sources Chaplin examines the development of darts in the context of English society in the early twentieth century He reveals how darts was transformed during the interwar years to become one of the most popular recreations in England not just amongst working class men and to a lesser extent working class women but even to some extent among the middle and upper classes This book assesses the social economic and cultural forces behind this transformation This work also considers the growth of the darts manufacturing industry and assesses the overall effect the growing popularity of darts had on interwar society and popular culture with particular reference to the changing culture and form of the English public house This original study will be of interest to sports historians social historians business historians sociologists and sports scientists **The Army Quarterly and Defence Journal**, 1995 Corsets To Camouflage Kate Adie, (In Assoc. With Imperial, Imperial War Museums, 2004-08-02 The paciest and most entertaining history book to come my way Ian McIntyre The Times Riveting and beautifully illustrated The Lady Engrossing far more than a sartorial survey The Oldie A vivid history of ordinary women and their extraordinary deeds through two world wars and beyond by From Our Own Correspondent presenter Kate Adie Uniform is universally seen as both a stamp of authority and of official acceptance But the sight of a woman in military uniform still provokes controversy Although more women are now taking prominent roles in combat the status implied by uniform is often regarded as contrary to the general perception of womanhood In association with the Imperial War Museum this is the first book to look at the image of uniformed women both in conflict and in civilian roles throughout the twentieth century Kate Adie examines the extraordinary range of jobs that uniformed women have performed from nursing to the armed services Through contemporary correspondence and many personal stories she brings the enormous and often unsung achievements of women in uniform vividly to life and looks at how far women have come in a century which for them began restricted in corsets and has ended on the battlefield in camouflage **A Young Palestinian's Diary, 1941-1945**, 2009-12-03 Covering four crucial years of social and political change this diary offers an intimate view of life in Palestine and sheds new light on its history Writing in his late teens and early twenties Sami Amr gave his diary an apt subtitle The Battle of Life encapsulating both the political climate of Palestine in the waning years of the British Mandate as well as the contrasting joys and troubles of family life Now translated from the Arabic Sami's diary represents a rare artifact of turbulent change in the Middle East Written over four years these ruminations of a young man from Hebron brim with revelations about daily life against a backdrop of tremendous transition Describing the public and the private the modern and the traditional Sami

muses on relationships his station in life and other personal experiences while sharing numerous details about a pivotal moment in Palestine's modern history Making these never before published reflections available in translation Kimberly Katz also provides illuminating context and biographical details One of a limited number of Palestinian diaries available to English language readers the diary of Sami Amr bridges significant chasms in our understanding of Palestinian and Middle Eastern history

The Soldiers Henry Stanhope, 1979 **Nights Out** Judith Walkowitz, 2012-05-15 London's Soho district underwent a spectacular transformation between the late Victorian era and the end of the Second World War its fin de siècle buildings and dark streets infamous for sex crime political disloyalty and ethnic diversity became a center of culinary and cultural tourism servicing patrons of nearby shops and theaters Indulgences for the privileged and the upwardly mobile edged a dangerous transgressive space imagined to be outside the nation Treating Soho as exceptional but also representative of London's urban transformation Judith Walkowitz shows how the area's foreignness liminality and porousness were key to the explosion of culture and development of modernity in the first half of the twentieth century She draws on a vast and unusual range of sources to stitch together a rich patchwork quilt of vivid stories and unforgettable characters revealing how Soho became a showcase for a new cosmopolitan identity Anglo-Saxons in the Mediterranean Carmel Vassallo, Michela D'Angelo, 2007 Business Archives, 1972 **Vergnügen in Besatzungszeiten** Lena Rudeck, 2023-05-09 In den westalliierten Offiziers und Soldatenclubs nach 1945 in Deutschland trafen sich Frauen und Männer der Siegnationen Aber auch Deutsche arbeiteten in den Clubs oder besuchten sie als Gäste Zwischen Arbeitsalltag und Freizeitvergnügen wirft Lena Rudeck einen Blick auf die sozialen Interaktionen des Clubgeschehens Dabei folgt sie der vorliegenden Forschung zur alliierten Besatzung nach 1945 sowohl eine akteurszentrierte als auch eine geschlechterspezifische Facette hinzu Ihre Analyse der Begegnungen unterstreicht das Verständnis von Besatzung als einen Prozess auf den sowohl die Sieger innen als auch die Besiegten Einfluss nehmen
